GÉNERAL INVESTIGA DIVISION

Attached is the Daily Summary furnished by the San Francisco Office (SFO) for Saturday, 3/9/74.

In addition, the SFO advised separately of the receipt of a tape on 3/9/74, from the SLA. The tape was furnished to the SFO by a representative of the "San Francisco Examiner," who had received it from San Francisco Radio Station KSAN. This radio station had received a call from an unidentified female advising the tape was in a restroom of a San Francisco restaurant.

The first unidentified female voice on the tape indicates the SLA had suspended communications because the press had distorted previous communications and had not as previously demanded published the complete text of the SLA's principles. This individual was critical of the food program and indicated continued FBI investigation will result in the victim's execution. She demanded that Russell Little and Joseph Remiro be allowed to make public statements regarding their physical condition and the conditions surrounding their confinement. The SFO believes tape made either on or after 3/6/74, when Little and Remiro's comments first aired re plot by FBI to have them killed.

The second voice is the victim's and in essence she too is critical of the food distribution program, her parents response to SLA demands, remarks of state and government officials regarding the kidnaping, and the FBI investigation. The victim appeared to be reading her statement. The third and fourth voices were the voices of 2 unidentified females, and contained the usual SLA retoric. The last voice is that of Cinque who urges all the oppressed people to come together, arm themselves, and "point the sites of their guns at the enemy."

The FBI was not to receive the tape and we are denying possession to the press. The tape is of extremely poor quality and some parts are almost unintelligible. A complete transcript of the tape is being submitted as well as the tape itself and a credit card belonging to the victim which are being sent to the Laboratory. Copies of the tape are being sent to Indianapolis, Chicago and Los Angeles where

Michelle Soltwick reside, in an effort to determine if the female voices on the tape are identical with these individuals. Investigation re recovery of tape pressed.

INVESTIGATIVE SUMMARY

Set forth for the information of the Director is a summary of what we have done and what we are doing to locate Patricia Hearst. The entire thrust of this investigation to date has been, of course, limited to activities which would not jeopardize her safety. It is recognized and anticipated that a direct head-on and no-holds-barred approach will be immediately adopted (1) if the victim is released (2) her body is found or (3) to effect her rescue. This summary is divided into two parts consisting of normal investigative activity as well as unique techniques being utilized.

NORMAL INVESTIGATION ACTIVITY

Immediately upon receipt of information of victim's abduction the San Francisco Office proceeded to the victim's apartment, interviewed witnesses, conducted an extensive crime scene search and a broad neighboorhood inquiry. As a result the automobile in which the victim was first transported was located and the owner was identified, located and interviewed. A glove was found in that vehicle's glove compartment which has been identified as belonging to Emily Harris, a prime suspect in the kidnaping. Witnesses assisted in the preparation of artist's conceptions of the three kidnapers as well as two individuals seen in a Volkswagen in the immediate vicinity of the victim's apartment.

All physical evidence located in the victim's apartment and the automobile has been examined by the FBI Laboratory and Identification Divisions.

Bates to Gebhardt Memo RE: HEARNAP

On 2/7/74, the first "Communique" was received from the group identifying itself as the Symbionese Liberation Army (SLA) claiming credit for the kidnaping and enclosing the Mobil credit card of the victim's father. Immediate investigation was instituted regarding the SLA in connection with this kidnaping in an effort to identify all members, associates and locations of sites which might be utilized by them. It is noted that the SLA had come to the Bureau's attention in November, 1973, in regards to the killing of Dr. Marcus Foster, Superintendent of Schools, Oakland, California.

On the initial tape recording received from the SLA a male individual identified himself as Field Marshal "Cinque" and it was immediately noted that Donald David De Freeze wanted as an escapee in California, utilized the names Cinque and/or Cin as an alias. Subsequently, various individuals familiar with his voice have identified De Freeze as being one of the individuals whose voice is on the tapes. A UFAC warrant is presently outstanding for De Freeze as well as for another thich investigation has identified as a suspected SLA member.

In connection with the murder investigation the Oakland-Police Department seized a quantity of material from various SLA residences. Laboratory examination of handwriting contained in the material seized is identifiable with purported known handwriting of Nancy Ling Perry and Mizmoon Soltysik who have also been identified as suspects in this case and as SLA associates. The purported known handwriting of Nancy Ling Perry has also been identified with the writing on the envelope containing the tape recordings received. It is also noted that a review of the material seized disclosed considerable verbiage of a revolutionary nature indicating kidnaping plans and assassinations similar to this case and the killing of Dr. Foster.

UNIQUE INVESTIGATIVE ACTIVITY

In an effort to locate a 1963-64 light colored Chevrolet Station Wagon believed utilized by the subjects during the evening of the kidnaping the San Francisco Office obtained a list of approximately 2,000 such vehicles. It was determined that approximately 500 of these vehicles were registered in the Berkeley-Oakland, California area.

Bates to Gebhardt Memo RE: HEARNAP

Investigation has eliminated the majority of these vehicles and those not yet eliminated are still being actively checked. In addition, a list of these vehicles which have been reported as stolen in the State of California has been obtained from the Computer Systems Division. When such a vehicle is located by a law enforcement agency this agency is immediately contacted and the auto is physically checked and processed in an effort to determine if connected with the kidnaping.

In an effort to locate the dark colored Volkswagen "Bug" observed in the immediate vicinity of the victim's residence on the evening of the kidnaping the following has been instituted. All Volkswagen dealers and foreign car repair outlets in the 5-county area surrounding San Francisco are being checked under the subterfuge of searching for a 1972 yellow Volkswagen as well as instant car in connection with a bank robbery. Also local sheriff's office and police departments have been requested to keep a broadcast out for the Volkswagen and if sighted to immediately advise command personnel and take no further action.

A computer analysis of SLA members and suspects has been obtained on more than 90 subscribers in frequent contact with these individuals. Elimination of major businesses, government offices, schools and prisons leave some 50 private individuals in frequent contact with SLA members and associates. These individuals are being contacted concerning their possible knowledge in Hearnap.

The San Francisco Office (SFO) is maintaining on a

Bates to Gebhardt Memo

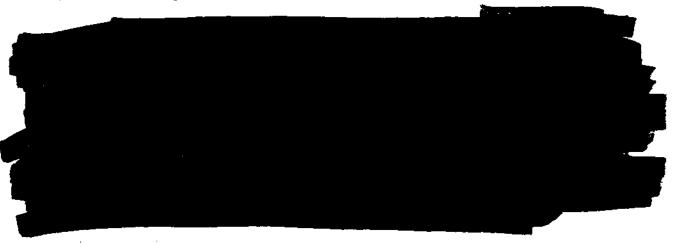

RE: HEARNAP

Descriptive data concerning De Freeze and was fed into the California Driver's License Bureau's computer and based upon this descriptive data a list of approximately 130 individuals obtained. The photographs on these licenses are being compared with photographs of De Freeze and

Coverage of radical radio station KPFA-Berkeley, California, where SLA "Communiques" have been received and their personnel are unconversive presented a unique problem

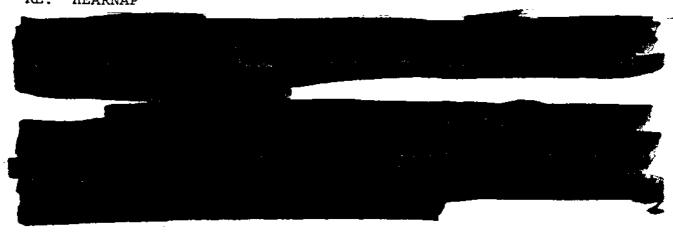

In an effort to cover sparsely covered areas containing communes in the mountainous areas of Santa Cruz approximately 600 names and addresses of subscribers of Pacific Gas and Electric Service were obtained. These names were compared with known and suspected SLA members and with the list of names believed to have been planned for use to obtain false identification All meter readers in the above area were interviewed and displayed photographs of suspects.

Bates to Gebhardt Memo RE: HEARNAP

Examination of the cassettes received in this case has been made and it was noted that bird and insect sounds were audible in the background. Scientific experts knowledgeable in such fields have been contacted in an effort to isolate the location from which such sounds could emanate. Tentatively identified were the sounds of tree frog which would not be located above a 2,000 foot altitude; sounds of a bird whose habitat is near fresh water and another indigenous to the California coast.

Likewise noted in the background on one of the cassettes was the song entitled "Till" as well as some spoken material. Efforts are being made to identify the radio station which had broadcast that material to pinpoint the geographical area in which the broadcast could be heard.

It is recognized that this is the first political kidnaping to occur in the U.S. The major investigative thrust in this case is to as rapidly as possible locate the victim and arrest her abductors. The intelligence interest while certainly important is a secondary consideration by necessity,

PATRICIA HEARST KPFA BROADCAST, 3/10/74 (Metro II Theater

FIRST FEMALE VOICE:

"To those who would bear the hopes and future of our people, let the voice and their guns express the words of freedom.

Greetings to the people and comrades, sisters and brothers. My name is DALINA and I am a General in the Symbionese Liberation Army. I am speaking to you on behalf of the Symbionese War Council, the Court of the People, and on behalf of the Symbionese Federation of the Our weapons echo the deepest expression whole. of freedom and cry out for revolutionary unity. With profound love, we greet the Black Liberation Army, the Weather Underground, the BGF and WO and those brave women and men who by force of arms have shown that there is no compromise for freedom and that the meaning of the Federation's Codes of Unity holds true. That to die a race and to be born a nation is to become free. There has been many on the left who without a clear understanding have condemned the actions of the SLA and the people forces who have chosen to fight rather than talk. These speakers condemn without clearly recognizing that their actions are a direct response to the

vicious and murderous actions of enemy corporate state against the people. It has been claimed that we are destroying the left but in truth, an unarmed and nonfighting left is doomed as the people of Chile can proudly testify. The analysis of these leaders who presume to speak for the people can be traced to one of two qualities. Either they are cowards afraid of revolutionary violence because it is a direct threat to their personal security and comfort, or they are opportunists who have personal gains in allowing the enemy to enslave oppressed and tranquilize the people. The dream and indeed it is a dream of this reactionary leadership, is that the enemy corporate state will willingly give the stolen riches of the earth back to the people and that this will be accomplished through compromising talk and empty words. In reality, the enemy state forces the people to buy back the goods that the people themselves have produced at the price of blood. To this our bullets scream loudly. The enemy's bloodthirsty greed will be destroyed by the growing spirit of the people and their thirst for freedom. The actions of the SLA are based on a clear understanding and analysis of the enemy and its actions against the lives and freedom of the people. We call upon the people to judge for themselves whether our tactics of waging struggle are correct or incorrect

in fighting the enemy by any means necessary. The SLA and the Court of the People wish to state to the people the reasons behind the present suspension of communication and negotiations. The people have been experiencing the true meaning of the HEARST empire's sincerity, that true meaning being deception and lies. Throughout the previous period of communication between the SLA and the HEARST empire, the SLA and the Court of the People have dealt truthfully with all concerned. We have at all times, followed our revolutionary principles of utilizing our three weapons of war, our guns, our determination and the truth and this means that we will never say anything that we do not totally mean to do. We wish to place before the people a comparison of the sincere actions of the SLA and the counter. actions of the HEARST empire: 1. The Court of the People requested that all documents of the Court be printed in full omitting nothing. The HEARST empire omitted communiques one and two concerning the Foster operations from court documents that were to be published. Also, the meaning of the seven headed cobra on the reverse side of the document showing the emblem of the SLA was purposely omitted.

2. The Court of the People requested that \$70 worth of top quality food including an equal balance of dry stuffs

can goods and fresh meats, poultry, produce, and dairy products be given to the poor families in various Bay Area communities as a gesture of good faith so that negotiations for PATRICIA HEARST might begin. HEARSTs and the HEARST empire contributed two million dollars to People in Need, a program set up by HEARST in reaction to the requests of the SLA. Instead, of issuing the type and quality stipulated, PIN showed contempt for the people through disorganization and distribution of surplus commodities instead of top quality fresh meats, vegetables and produce. PIN also attempted to sham the people by trying to distribute hog feed instead of top quality dry stuff. The people had to stand in long lines for hours only to be treated as dogs when the PIN food was thrown at them. Many people were injured by police in East Oakland. 3. The SLA showed severe displeasure with the meager HEARST contribution and with the HEARST PIN Program. The SLA reissued its guidelines for an adequate and equitable food distribution and requested that the HEARST empire add an additional four million dollars to the measley two million dollars. In a communique the SLA proved the HEARST trickery by stating just how rich and powerful the HEARSTs and the HEARST empire really are.

RANDOLPH HEARST responded deceitfully that he could not meet financially the SLA request and stated in typical Capitalist fashion that the situation was out of his As if HEARST had no connection with the HEARST Corporation, the Corporation supposedly out of the kindness of its corporate heart, responded that it would provide the additional four million dollars but only after PATRICIA HEARST is released. HEARST and the HEARST Corporation assumed that the SLA and the people were inexperienced in the area of corporate trickery and so they said that they would give two million dollars upon PATRICIA HEARST's release and the rest in January, 1975. the people have experienced such trickery too many times in the past to ever be fooled by it again. SLA elements were at Wounded Knee and we too want to be under decision to cease the occupation, but we will not forget the lesson that we learned from our brother and sisters there, one thing above all, never trust the words of the enemy. HEARST's PIN Program stated that it would follow the SLA distrbution guidelines, however, instead of \$70 worth of top quality food, the people have gotten \$8 worth of mediocre food. Instead of fresh meat, half the people received one chicken. Many stood in long, cold lines for only a bag full of cabbages while other stood in line and got nothing at all. said it distributed 30,000 bags of food but this lie was revealed by WAPAC and the coalition, which said only 15,000 walked away with food. After the second day of food distribution, WAPAC and the coalition issued their reports on HEARST's PIN Program. The SLA and the Court of the People, and the people themselves want to see this report printed in full in all forms of the media. There has never been any uncensored uncut media reporting of any statement made by the coalition speakers. LUDLOW KRAMER has boasted the well-known lies that HEARST's president has carried out the terms of the SLA prescribed good faith gesture, but people know his words don't make no bag of cabbages into meat. The Court of the People have a clear understanding of the actions of the HEARSTs and the HEARST empire as a whole in regards to its deceit and silence concerning its interest and crimes against the It is no surprise that Mrs. HEARST has never once said anything about her activities on the University of California Board of Regents, and its policy of financing corporations who operate internationally and exempt the hungry and pressed peoples of the earth. It is no coincindence that Mr. HEARST has Mr. HEARST has remained

silent about his vast interest in the Safeway Stores, Incorporated, and Exxon because it is very important that the people of this country not ask questions about these interests. It is very import to the enemy that people do not begin to question why it is that the same man who is so concerned for bilingual education for Chicano people is also the same man who owns vast stock interests in Safeway Stores, Incorporated, and thousands of acres of land robbed from Chicano peoples in California, and a silvermine and thousands of acres of land in Mexico, that the HEARST empire has exploited from the peoples in Mexico. Mr. and Mrs. HEARST, by constantly maintaining a secure position where they are not forced to reveal their interests in crime, and without really conceiving anything to the people, hoped to gain the release of the prisoner. In our analysis of enemy strategy we find multiple reasons for why the HEARST empire has not complied with our request. First, by frustrating the people, forcing them to continually return to food distribution centers, to stand in long lines and to receive \$8 worth of food. The HEARST empire attempted to discredit the political point of the action. Secondly, by handing out surplus and low-grade donated food, some of which was not even meant for human consumption, in an undignified manner, the HEARST empire attempted to discredit and disprove the example we intended to display. Thirdly, by prolonging the program, soliciting donations and giving no where near the required amount, the HEARST empire could retain control under the facade of humanitarianism with no loss to their bankbooks. The tactics of misplaced supplies of food, delayed and missing trucks, supposed hijackings of mysterious trucks claimed to be loaded with top quality meat are all designed to mislead the people into believing that these things were normal mishaps, and that the HEARST empire was not responsible for them and was really attempting to meet some of the needs of the people. The HEARST empire has attempted to encourage division among the people by giving them crumbs to fight over. Our strategy was to show by example what can be done. That this goodwill gesture was intended to give some food to the people while at the same time point out our understanding that the people can never expect the enemy to feed them. That in fact, the people do not want the enemy to feed them but rather the people must have back the land and control over their own labor. We did this to point out how the enemy can easily afford to feed the people if it were forced to, but what the enemy cannot afford is to reveal to the people the total extent of the sum of the wealth that it has robbed from the people. The SLA stated that PATRICIA CAMPBELL HEARST will be kept

in accordance with international codes of war regarding prisoners of war and that she would be maintained in protective custody. It was further stated that the captive SLA elements in San Quentin would also have to be kept in accordance with such codes because of their legal POW The SLA requested that RNADOLPH and CATHERINE HEARST and the HEARST empire see to it that our comrades! conditions follow those guidelines. It was stated at that time that PATRICIA HEARST's condition would correspond, at all times, with that of the captured brothers. The SLA has waited with disciplined patience for the agents of the facist state, including the HEARST media empire, to deal with the conditions of our comrades' confinement. The Symbionese War Council, the Court of the People, have considered transferring PATRICIA CAMPBELL HEARST to a security area, which would physically correspond to a stripped cell on death row in San Quentin Concentration Camp. This would be an obvious response to barbaric conditions in which our comrades are forced to endure. However, after extensive nationwide intelligence and analysis by the Symbionese War Council, it became clear that the facist corporate state and its chief domestic police agency, the FBI, and other police state agencies and institutions

intended to set up PATRICIA HEARST for execution in order to discredit and isolate the peoples forces. This is shown by the deliberate disregard for the health, life and safety of JOSEPH REMIRO and RUSSELL LITTLE, and the plans of police state agencies to see to it that PATRICIA HEARST is killed. To spite FBI claims that they would not do anything to endanger PATRICIA HEARST's life, they have raided homes throughout the country, knowing full well that do do so would endanger the life of PATRICIA HEARST. The plans of the police state agencies are to see to it that PATRICIA HEARST is killed and then use her death to further rally middle America in support of the Nixon represented corporate dictatorship and against all revolutionary forces. The facist state and the FBI have attempted to manipulate public opinion in support of PATRICIA HEARST's safety and eventual return, while at the same time create conditions that it knows would force her execution, saving them the embarrassment of doing it themselves. But we have repeatedly stated that PATRICIA HEARST's safety, execution or freedom, is totally her family's and its classes responsibility. is in the direct interest of the facist corporate state to eliminate all popular revolutionary forces, even if that would mean sending the FBI to execute PATRICIA HEARST. U.S.

Attorney General WILLIAM SAXBE's statement that the FBI should bust in to rescue the prisoner was no slip of the tongue but was in reality a prematurely exposed Government policy decision; just at NELSON ROCKEFELLER and the prison authorities in New York State could easily sacrafice the lives of hostage correctional officers at Attica in order to kill incarcerated freedom fighters inside, just as RONALD REAGAN and prison authorities in California could sacrafice the life of Judge HALEY at the Marin County Courthouse in order to kill man-child JONATHAN JACKSON, an incarcerated freedom fighter from San Quentin. So, too, can the U.S. Government and the FBI, with the sick permission of her father, willingly and without regret, sacrafice the life of PATRICIA HEARST in order to attempt to kill members of the Symbionese Liberation Army. We know from our own experiences in prisons and from our comrades who have been killed in prisons, and from all those comrades still locked down, that RUSSELL LITTLE and JOSEPH REMIRO have already been issued tickets to ride the facist corporate state's railroad to the gas chamber, and that the appointment by RANDOLPH HEARST of a member of the facist UC Board of Regents to insure so-called due process of law, is merely a ploy to hide the already predetermined destination of that train, not to stop it. In response to RANDOLPH HEARST's public request that PATRICIA

HEARST be allowed to communicate periodically with her family in conjunction with international codes of war regarding prisoners of war, the SLA asks RANDOLPH HEARST, on what basis should the peoples' forces allow such communication? First, the Symbionese War Council has determined that communication between POW PATRICIA HEARST and her family will come only after the immediately creation of the necessary mechanisms whereby RUSSELL LITTLE and JOSEPH REMIRO can communicate via live national TV with the people and the SLA concerning the full scope of their physical health and all the conditions of their confinement. Second, that this tape and a transcript of it be published in full, omitting nothing, in all forms of the media.

VOICE OF PATRICIA HEARST:

Mom, Dad, I've received the message you broadcast last Sunday. It was good to hear from you after so much silence but what you had to say sounded like you don't care if I ever get out of here. All you want is to hear from me sometimes. Your silence has defintely jeopardized my safety because it allows the FBI to continue to attempt to find me and Governor REAGAN to make antagonistic statements with no response from you. I'm beginning to feel that the FBI would rather that I get killed than safely released. I'm telling you this now because I don't believe the FDI will let any more word from me get through to the media. I hear that people all around the country keep calling on the SLA to release me unharmed but the SLA are not the ones who are harming me. Its the FBI along with your indifference to the poor and your failure to deal with people and the SLA in a really sincere manner. I don't believe that you are doing everything that you can, everything in your power. I don't believe that you are doing anything at all. You said that it was out of your hands. What you should have said was that you wash your hands of it. I guess that you don't understand that it is not

just the crimes of you and Mom personally that I am being held for but the crimes of the University of California Board of Regents and your voting record, Mom, while you were on that board and also for the crimes of the HFARST Corporation. Dad, you say you put responsibity for my status on the corporation but you seem to be ignoring the fact that you are the Chairman of the Board and Uncle BILL is President of the HEARST Corporation. I know that if anything happens to me it will be because your corporation advisors and the FBI decided to protect their interests instead of my life. I don't know you influenced you to not comply with the good faith gesture. I know you could have done it the way the SLA asked. I mean I know that we have enough money but it seems to me that you told the FBI to do whatever they decide is necessary to destroy the Is this really true Dad? I've heard reports concerning the FBI investigations and interrogations; Governor REAGAN's carcless and antagonistic remarks and the attempts of Federal agencies through the use of the news media to mentally prepare the public for my death by calling for mass prayers and petitions to the SLA for my release. From this I am forced to draw only one conclusion, that the FBI and other Federal agencies want me to die. I no longer seem to have any importance as a human being rather I have become all important as a political pivot point for certain right wing elements and I can only be used successfully by these people

if I am killed As for the constant reagaurances by the FBI that my safety is their primary concern, I can only way that the FBI has never been famous for its concern for the safety of hostages and from what I've seen so far, this case is no different. Whether consciously or not the news media has been assisting the FBI in its overt attempts to set me up for execution. It has done this primarily in two ways. First, by promoting a public image of my father as a bereaved parent who has done all he can to meet the demands of his daughter's kidnapers and who now awaits her supposedly long overdue release. fact, the SLA demands have not even been approximated and they have made it very clear that until the good faith gesture is completed, negotiations for my release will not begin. Second, the media with complete cooperation from my parents has created a public image of me as a helpless innocent girl who was supposedly abducted by two terrible black escaped convicts. I'm a strong woman and I resent being used in this way. I have been hearing reports about the food program. So far it sounds like you and your advisors have managed to turn it into a real disaster. I've heard that only 15,000 people received food in the first two weeks, and that each of them received only about \$8 It sounds like most of the food is of low quality and no one received any beef or lamb. Any way it certainly

didn't sound like the kind of food our family is used to eating. The SLA wanted this program to be over in one month. They wanted each person to get \$70 worth of good food all at If you had just done what the SLA wanted with the food once. program, the month would be almost over and I would be ready to get out of here. What you have done is tell people in need to set up this program where people get just an \$8 bag of food. so it's being stretched out into a really discouraging thing for the people who need food. Dad, I know that you got most of the food donated to people in need and that you have put very little money at all into the program. Mom, I can't believe that you agree with the out-of-my-hands stand that Dad has taken. I just wish that you could be stronger and pull yourself together from all these emotional outbursts and see if you can persuade Dad to listen to you and the rest of the family. Mom, you've got to stand up and speak for yourself. You seem to be allowing other people to make your decisions. Your statements, if I can call them that, have given the FBI the go ahead to kill I wish God would touch your heart and get you to do something concrete to help me. I wish I knew what the rest of the family was thinking and saying. It's hard to believe that my sisters and cousins aren't saying anything. If it had been you, Mom, or you, Dad, who had been kidnaped instead of me, I know that I and the rest of the family and your friends would do anything

to get you hat. It could have been one of you and how would you feel if you had been written off the way I seem to have I'm starting to think that no one is concerned about me any more. I wish that I could hear from the rest of the I would like to hear what my sisters have to say about Dad's decision to not comply with the terms of the good-faith gesture. Steven, what do you have to say? Willie, I know you really care about what happens to me. Make Dad let you talk. You can't be silent. Everyone who hears this tape, I hope you will believe me and not think that I've been brainwashed or tortured into saying this. Please listen to me because I'm speaking honestly and from the heart. In the last week it has become obvious to the SLA and to all hungry people and to me that my father had not even attempted to show a gesture of good faith. And I guess everyone knows by now that that is why there's been no further word from the SLA about negotiating for my release. In the last few days, members of the Federation have spoken with me. They have given me some newspaper reports to read about the current practices of psychosurgery and the use of daily doses of drugs and tranquilizers in prisons throughout the country. I have also been given some journal commentaries about the kinds of conditions that exist in prisons in general and in the adjustment center at San Quentin in particular. Members of the Federation have also given me a choice of books - to read. I have been reading a book by George Jackson called

"Mud in My Eye I'm starting to underst what he means when he talks about fascism in America. Joseph Remiro and Russell Little, the two men in San Quentin, haven't even come to trial yet and already they're being held in stripped cells on death row. It's really hard to believe that such an obvious violation of the Constitution is taking place, but it's true. How can people think that these men can get a fair trial? Can there be any doubt in people's minds as to what the verdict will be? Members of the Federation have shown me intelligence reports gathered by the SLA on the activities of the FBI. These, combined with discussions the members of the Federation have had with me and my own observations of the way my father is conducting himself, have made me afraid because I realize that plans are coming from the FBI and the Attorney General's Office in Washington to execute the two men in San Quentin or, if that cannot be swiftly accomplished, to execute me by seeing to it . that even if I am released I will not get home alive, or by attempting to raid the place where I'm being held and then discredit the SLA by saying that they were the ones who killed Because of these dangers, I have been transferred to a special security unit of the SLA combat forces where I'm being held in protective custody. I have been issued a 12-gauge riot shotgun, and I've been receiving instructions on how to use it. While I have no access to ammunition, in the event of an attack by the FBI, I have been told that I will be given an issue of

cyanide buckshow in order to protect mysel Because it is the Federation's opinion and my own from observation that if the FBI does rush in, they will obviously be doing this against the wishes of my family and in total disregard for my safety. In fact, they would be doing it to murder me. Under International Codes of War, I'm allowed to communicate with members of my family and because of the scope of this incident, the public as well. However, I should tell you that the practice of allowing me to communicate with you will not continue until the SLA hears from the two men at San Quentin. They want to hear what the two men have to say in a live nation-wide broadcast so they can hear all the conditions of their confinement. really want to get out of here. And I really want to get home alive. I'm appealing to the public and asking them not to assist the FBI in their investigation. Doing so is simply helping to dig my grave. I ask those people who say they pray for me and those who signed petitions to the SLA for my safe release to redirect their energies into opposing the FBI's brutal attempts to murder me and the two men at San Quentin. I no longer fear the SLA because they are not the ones who want me to die. The SLA wants to feed the people and assure safety and justice for the two men in San Quentin. I realize now it is the FBI who wants to murder me. Only the FBI and certain people in the Government stand to gain anyhing by my death.

SECOND FEMALE COICE:

A warning to the Fascist Corporat Military State:

We have declared revolutionary war upon you, the enemy of the people and our seriousness and determination will not be swayed by any number of your U. S. Government inspected super pigs, for those that you have hunted are now hunting you. Death to the fascist insect that preys upon the life of the people.

THIRD FEMALE (SICE:

Comrad sisters, resistance fight s, we greet you and call you to arms in the struggle to free all people. Today our daughters and our sons, our mothers and our fathers stand with the people and fight for the true freedom of all people. No people are free until we are all free. We women know the truth as it has been revealed in our own lives. We turn our rage toward the enemy in a direct line down the sights of our guns. We must turn our anger toward those who profit off our suffering, and have our anger be reflected in military tactics that utilize people's violence against the men and women who are the monsters of capitalist violence. Until we meet in the

street, may we have a strong back like that of the gravedigger.

FIRST MALE VOICE:

This is General Field Marshall Cinque (inaudible).

I would like to take this opportunity to speak to my people and to all the people and to those that I fight beside against the enemy that preys upon the life of our children. The time has come when we as black people must come together and start robbing and oppressing each other and other oppressed people. It is time that black people understand that the enemy is not white, brown or black people. The oppressor is not a particular color. The oppressor is the system and the corporate ruling class that it represents that preys upon the life of all the people. I call upon oppressed people of all colors to arm themselves in defense of their own freedom while they still have the chance. I call upon the robber, the pimp, the drug addict, the prostitute and all those who have been used as pawhs against the people to turn their rage and violence toward the true enemy of the people, the corporate ruling class. call upon the people to shed no more blood of the innocent but rather bring death to the makers of fear, those that would deceive us into fighting amongst ourselves because of our different colors. I call upon our mothers and fathers to hear the voice that rings in our hearts for freedom. I call upon them to hear the cries of our children being murdered in the streets - and to understand that there is no compromise for freedom. call upon the people that joined the Federation by the only means one can, that is by answering this call to arms with the sound of your guns and your committment to save the children.

FOURTH FEMALE VALCE:

This is Information Intelligence Unit Four.

On March 9th, 1974, this unit was directed to deliver : a taped communique to the news media. Due to intelligence reports received by the Federation in regards to FBI attempts to intercept and suppress any communications between the SLA and the people, a double decoy system was set up. One tape, with a gasoline credit card, was sent to Padio Station KDIA and another tape, enclosed with an automobile credit card, was sent to KSAN. We of Unit Four notified KDIA first as to the location of this tape which allowed one of two things to happen. Either KDIA, without telling the public or the Hearst family, turned it over to FBI who in turn suppressed it keeping it from the Hearst family and public, or the FBI intercepted it before IDIA got it and suppressed it from getting to the Hearst family and the public. In any event, this allowed the second tape to get through to KSAN because the FBI thought that the tape they had already intercepted was the only one sent out. We of Unit Four are sending our copy of the tape because it is more audible. Please pass it along.

"To they who would bear the hopes and future of our people, let the voice of their guns express the words of freedom. Freedom to the people and comrades, sisters and brothers, my name is DALINA and I am a General in the Symbionese Liberation Army. I am speaking to you on behalf of the Symbionese War Council, the Court of the People, and on behalf of the Symbionese Federation as a whole. I was (inaudible) of the deepest expression of freedom and call out for revolutionary unity with profound love we greet the Black Liberation Army, the Weather Underground, the BGS and WO and the brave women and men who, by force of arms, have shown that there is no compromise for freedom and that the meaning of the Federation's Codes of Unity holds true. That to die a race and be born a nation is to become free. There have been many on the left who without a true understanding, have condemned the actions of the SLA and the peoples forces who have chosen to fight rather than talk. These speakers condemn without truely recognizing that our actions are a direct response to the vicious and murderous actions of the enemy corporate state against the people. It has been claimed that we are destroying the rest, but in truth an unarmed and nonfighting rest is doomed as the people of Chile can proudly testify. Denounces of these so-called leaders who

ENGLOSURE - 1 - 15200 922

presume to speak for the people can be chose to one of two qualities. Either they are cowards, afraid of revolutionay violence because it is a direct threat to their personal security and comfort, or they are opportunists who have personal gains in allowing the enemy to enslave, oppress and tranquilize the people. The dream, and indeed it is a dream, of this reactionary leadership is that the enemy corporate state will willingly give the stolen riches of the earth back to the people, and that this will be accomplished through compromising talk and empty words. In reality the enemy state forces the people to buy back the goods that the people themselves have produced at the price of blood. To this our bullets scream loudly. enemy's blood thirsty greed will be destroyed by the growing spirit of the people and their thirst for freedom. The actions of the SLA are based on a clear understanding and analysis of the enemy and its actions against the lives and freedom of the people. We call upon the people to judge for themselves whether our tactics of weight and struggle are correct or incorrect in fighting the enemy by any means necessary. The SLA and the Court of the People wish to state to the people the reasons behind the present suspension in communication: and negotiations. The people have been experiencing the true meaning of the Hearst empire's sincerity, that true meaning being deception and lies. Throughout the previous

period of communication between the SLA and the Hearst empire, the SLA and the Court of the People have dealt truthfully with all concerned. We have at all times followed our revolutionary principles of utilizing our three weapons of war, our guns, our determination and the truth, and this means that we will never say anything that we do not totally mean to do. We wish to place before the people a comparison of the sincere actions of the SLA and the counter actions of the Hearst empire; 1. Court of the People requested that all documents of the Court be printed in full, omiting nothing. The Hearst empire omited communiques one and two concerning the Foster operation from court documents that were to be published. Also, the meaning of the seven-headed cobra on the reverse side of the documents, showing the emblem of the SLA, was purposely omitted. 2. The Court of the People requested that \$70 worth of top quality food, including an equal balance of dry stuffs and canned goods and fresh meats and poultry, produce and dairy products be given to poor families in various Bay Area communities as a gesture of good faith so that negotiations for Patricia Hearst might begin. The Hearst and the Hearst empire contributed two million dollars to People in Need, a program set up by Hearst in reaction to the request of the SLA. Instead of

issuing the type and quality of food stipulated, PIN showed contempt for the people through this organization and distribution of surplus commodities instead of top quality fresh meats, vegetables and produce. PIN also attempted to Sham the people by trying to distribute hog feed . instead of top quality dry stuffs. The people had to stand in long lines for hours, only to be treated as dogs when the PIN food was thrown at them. Many people were injured by police in East Oakland. 3. The SLA showed severe displeasure with the meager Hearst contribution and with the Hearst PIN program. The SLA reissued its quidelines for and adequate an equitable food distribution and requested that the Hearst empire add an additional four million dollars to the measly two million dollars. In a communique the SLA proved the Hearst trickery by stating just how rich and powerful the Hearst and the Hearst empire really are. Randolph Hearst responded deceitfully that he could not meet financially the SLA request and stated in typical Capitalist fashion that the situation was out of his hands. As if Hearst had no connection with the Hearst Corporation, the Corporation, supposedly out of the kindness of its corporate heart, responded that it would provide the additional four million dollars, but only after Patricia Hearst is released. Hearst and the Hearst Corporation assumed that the SLA and the people were

inexperienced inthe area of corporate trickery, and so they said that they would give two million dollars upon Patricia Hearst's release and the rest in January, 1975. However, the people have experienced such trickery too many times in the past to ever be fooled by it again. SLA elements were at Wounded Knee and we too want to be under decision to cease the occupation, but we will not forget the lesson that we learned from our brothers and sisters there, one thing above all, never trust the words of the enemy. Hearst's PIN program stated that it would follow the SLA distribution guidelines, however instead of \$70 worth of top quality food, the people have gotten \$8 worth of mediocre food. Instead of fresh meat, half the people received one chicken. Many stood in long, cold lines for only a bag full of cabbages, while others stood in line and got nothing at all. PIN stated they distributed \$30,000 in food, but this lie was revealed by WAPAC and the coalition, which said only 15,000 walked away with food. After the second day of food distribution, WAPAC and the coalition issued their reports on Hearst's PIN program. The SLA and the Court of the People, and the people themselves want to see this report printed in full in all forms of the media. There has never been any uncensored uncut media reporting of any statement made by the coalition speakers. Ludlow Kramer has boasted the

well-known lies that Hearst's president has carried out the terms of the SLA prescribed good faith gesture, but people know his words don't make no bag of cabbages into The Court of the People have a clear understanding of the actions of the Hearsts and the Hearst empire as a whole in regards to its deceit and silence concerning its interest and crimes against the people. It is not surprise that Mrs. Hearst has never once said anything about her activities on the University of California Board of Regents, and its policy of financing corporations who the hungry and operate internationally and exempt pressed peoples of the earth. It is no coincidence that Mr. Hearst has remained silent about his vast interest in Safeway Stores, Incorporated, and Exxon because it is very important that the people of this country not ask questions about these interests. It is very important to the enemy that people do not begin to question why it is that the same man who is so concerned for bilingual education for Chicano people is also the same man who owns vast stock interests in Safeway Stores, Incorporated, and thousands of acres of land robbed from Chicano peoples in California, and a silvermine of thousands of acres of land in Mexico, that the Hearst empire has exploited from the peoples in Mexico. Mr. and Mrs. Hearst, by constantly maintaining a secure position where they are not forced to reveal their interests in crime, and without really conceiving anything to the people,

hoped to gain the release of the prisoner. In our analysis of enemy strategy we find multiple reasons for why the Hearst empire has not complied with our request. First, by frustrating the people, forcing them to continually to food distribution centers, to stand in long lines and to receive \$8 worth of food. The Hearst empire attempted to discredit the political point of the action. Secondly, by handing out surplus and low-grade donated food, some of which was not even meant for human consumption, in an undignified manner, the Hearst empire attempted to discredit and disprove the example we intended to display. Thirdly, by prolonging the program, soliciting donations and giving no where near the required amount, the Hearst empire could retain control under the (inaudible) of humanitarianism with no loss to their bank books. The tactics of misplaced supplies of food, delayed and missing trucks, supposed hijackings of mysterious trucks claimed to be loaded with top quality meat are all designed to mislead the people into believing that these things were normal mishaps, and that the Hearst empire was not responsible for them and was really attempting to meet some of the needs of the people. The Hearst empire has attempted to encourage division among the people by giving them crumbs to fight over. Our strategy was to show by example what can be done. That this good will gesture was intended to give some food to the people while at the same time.

point out our understanding that the people can never expect the enemy to feed them. That in fact the people do not want the enemy to feed them but rather the people must have back the land and control over their own destiny and must themselves realize the fruits of their own labor. this to point out how the enemy can easily afford to feed the people if it were forced to, but what the enemy cannot afford is to reveal to the people the total extent of the sum of the wealth that it has robbed from the people. The SLA stated that Patricia Campbell Hearst will be kept in accordance with international codes of war regarding prisoners of war and that she would be maintained in protective custody. It was further stated that the captive SLA elements in San Quentin would also have to be kept in accordance with such codes because of their legal POW status. The SIA requested that Randolph and Catherine Hearst and the Hearst empire see to it that our comrades' conditions follow those guidelines. It was stated at that time that Patricia Hearst's condition would correspond, at all times, with that of the captured brothers. The SLA has waited with disciplined patience for the agents of the facist state, including the Hearst media empire, to view the conditions of our comrades' confinement. The Symbionese War Council, the Court of the People, have considered transferring Patricia Campbell Hearst to a security area,

which would physically correspond to a stripped cell on death row in San Quentin Concentration Camp. This would be an obvious response to barbaric conditions in which our comrades are forced to endure. However, after extensive nationwide intelligence and analysis by the Symbionese War Council, it became clear that the facist corporate state and its chief domestic police agency, the FBI, and other police state agencies or institutions intended to set up Patricia Hearst for execution in order to discredit and isolate the peoples forces. This is shown by the deliberate disregard for the health, life and safety of Joseph Remiro and Russell Little, and the plans of police state agencies to see to it that Patricia Hearst is killed. To spite FBI claims that they would not do anything to endanger Patricia Hearst's life, they have raided homes throughout the country, knowing full well that to do so would endanger the life of Patricia Hearst. The plans of the police state agencies are to see to it that Patricia Hearst is killed and then use her death to further rally middle America in support of the Nixon represented corporate dictatorship and against all revolutionary forces. The facist state and the FBI have attempted to manipulate public opinion in support of Patricia Hearst's safety

eventual return, while at the same time create conditions that it knows would force her execution, saving then the embarrassment of doing it themselves. But we have repeatedly stated that Patricia Hearst's safety, execution or freedom, is totally her family's and its classes responsibility. It is in the direct interest of the facist corporate state to eliminate all popular revolutionary forces, even if that would mean sending the FBI to execute Patricia Hearst. U.S. Attorney General William Saxbe's statement that the FBI should bust in to rescue the prisoner was no slip of the tongue but was in reality a prematurely exposed Government policy decision; just as Nelson Rockefeller and the prison authorities in New York State could easily sacrafice the lives of hostage correctional officers at Attica in order to kill incarcerated freedom fighters inside; just as Ronald Reagan and prison authorities in California could sacrafice the life of Judge Haley at the Marin County Courthouse in order to kill man-child Jonathan Jackson, an incarcerated freedom fighter from San Quentin. So, too, can the U.S. Government and the FBI, with the sick permission of her father, willingly and without regret, sacrafice the life of Patricia Hearst in order to attempt to kill members of the Symbionese Liberation Army. We know from our experiences in prisons and from our comrades who have been killed in prisons, and from all those comrades still locked down, that Russell Little and Joseph Remiro have

already been issued tickets to ride the facist corporate state's railroad to the gas chamber, and that the appointment by Randolph Hearst of a member of the facist UC Board of Regents to insure so-called due process of law, is merely a ploy to hide the already pre-determined destination of that train, not to stop it. In response to Randolph Hearst's public request that Patricia Hearst be allowed to communicate periodically with her family in conjunction with international codes of war regarding prisoners of war, the SLA asks Randolph Hearst, on what basis should the peoples' forces allow such communication? First, the Symbionese War Council has determined that communication between POW Patricia Hearst and her family will come only after the immediate creation of the necessary mechanisms whereby Russell Little and Joseph Remiro can communicate via live national TV with the people and the SLA concerning the full scope of their physical health and all the conditions of their confinement. Second, that this tape and a transcript of it be published in full, omitting nothing, in all forms of the media.

VOICE OF PATRICIA HEARST:

Mom, Dad, I received the message you broadcast last It was good to hear from you after so much silence. The words you had to say sounded like you don't care if I ever get out of here. I only wanted to hear from you sometime. Your silence has definitely jeopardized my safety, because of the lousy FBI continue to attempt to find me and Governor REAGAN's most antagonistic statement with no response for I'm becoming to feel that the FBI would rather that I get killed than safely released. I'm telling you this now because I don't believe the FBI will let any more words from me get through the media. I hear that people all around the country keep calling on the SLA to release me unharmed, but the SLA are not the ones who are harming me. It's the FBI along with your indifference to the poor and what they have concealed from the people and the SLA that are really concerning us now. I don't believe that you are doing everything you can, everything in your power, I don't believe that you are doing anything at all. You have said that it is out of your hands. What you should have said was that you washed your hands of it. I don't think you don't understand that its not just the crimes of you and Mom personally that I am being held for but the crimes of the University of California Board of Regents and the voting record, Mom, and you're on that board and also the crimes of the Hearst Corporation. Dad, you say you put the responsibility for my status

on the corporation, but you seem to be ignoring that you are the Chairman of the Board and Uncle Bill is President of the Hearst .. Corporation. I know that if anything happens to me it would be because of the corporation (inaudible word) and the FBI decided to protect their interest instead of my life. I don't know the instruments by which you do not comply with the good faith gesture. I know you could have done it, what the SLA asked. I mean I know that we don't have enough money, but it proves to me that you have told the FBI (inaudible word) necessary toward the SLA. It's really true, Dad. I have heard reports concerning the FBI investigation and interrogations. Governor Reagan's careless and antagonistic remarks in an attempt for federal agencies through the use of the news media to make public my death by calling the (inaudible word) SLA for my release and thus I am forced to draw only one conclusion that the FBI and other federal agencies want me to die. I no longer think that as a human being honor has become all important as the political pivot point and I could be certain (unintelligible word) right wing elements. I could only be used successfully by these people if I am killed. I've had constant reassurances by the FBI that my safety is their primary concern. I can only say that the FBI has never shown concern for the safety of hostages and from what I've seen so far this case is no different. Whether consciously or not, the news media has been assisting the FBI and there is now a great attempt to set me up for execution.

It is done primarily in two ways. First, promoting a public image of my father as a confused parent who has done all he can to meet the demands for his daughter's kichappers and now waits the time for his daughter's release. In fact, the SLA demands have not even been approximated and they made it very clear that until the good faith gesture is completed, negotiations for my release will not begin. Second, immediate and complete cooperation with my parents have created a public image of me as a helpless, innocent girl, who was supposed to have been abducted by two terrible blacks, escaped convicts. I am a strong woman resent being used in this way. I've been hearing reports about the food program and so far it sounds like you and your advisor have managed to turn it into a real disaster. I hear that only 16,000 people received food in the first two weeks and that most of them, only about \$8 worth. It sounds like most of the food is of low quality, no one has received anything of value. Anyway, it certainly didn't (unintelligible word). The SLA wanted this program to be over in one month. They wanted each person to get \$70 worth of good food all at once. If you had just done what the SLA wanted for the food program, the month is almost over and I would be ready to get out of here. What you have done is tell people in need to start off this program (unintelligible ...word) it's really discouraging thing to the people who need it. Dad, I know that you get most of the food donated for People in Need and you have put very little money at all into the program. Mom, I can't believe that you agreed to the "out of my hands" part of the program. I just wish that you could be stronger and

pull yourself to ther from all these emotional outbrusts and see if you can pursuade Dad and the rest of the family. you have got to stand up and speak for yourself. You seem to be relying on other people to make your decisions. This program, if I can call it that, has given the FBI the go ahead to kill me. I wish Dad would think real hard and do something concrete to help me. I wish only that the rest of the family was thinking same. It's hard to believe that my father and cousins aren't doing anything. If it had been you, Mcm, or you, Dad, who had been kidnapped instead of me, I know that I and the rest of the family would do anything to get you back. If could have been one of you and how would you feel if you had been written off the way I've been in this thing. I'm sorry to think that no one is concerned about me anymore. I wish I could converse with the rest of the family. I would like to know what my sisters have to say about Dad's decisions in complying with the terms of the good faith gesture. Steven, what do you have to say? (unintelligible name) doesn't care about what happens to me. You can't be silent. Everyone has proved his point. I hope you will not think that I have been brainwashed or tortured into saying this. Please listen to me because I am speaking honestly and from my heart. (Unintelligible phrase) the last statement has become obvious to ... the SLA and all the hungry people that my father has not even attempted to show a gesture of good faith. I guess everyone knows - by know that Dad has had no further word from the SLA about negotiating for my release. In the last two days, members of the

federation have spoken with me. They have given me some newspaper reports to read about the current (unintelligible word) comprising the prisoners throughout the country. I have also been given some journal commentaries about the kind of prisons in general and the adjustment center at San Quentin. Members of the federation have also given me a choice of books to read. have been reading a book by George Jackson called "Blood in My Eye." I am starting to understanding what he means when he talks about fascism in America. Joseph Remiro and Russell Little, the two men in San Quentin, haven't even come to trial yet and already they are being held in stripped cells on death row. It is really hard to believe that all of this obvious violation of the Constitution is taking place, but it is true. How can people think that these men can get a fair trial. There isn't any doubt in people's minds as to what they are going to do. Members of the federation have shown me intelligence reports gathered on the activities of the FBI. These combined with discussions the members of the federation have had with me and my own observation of the way that my father has conducted himself has made me afraid because I realize that problems are coming from the FBI and the Attorney General's Office in Washington. Execution of the two men in San Quentin or if that's not (unintelligible phrase) accomplished (unintelligible word) I'll not get home alive or by attempting to (unintelligible word) the SLA (unintelligible phrase) they are the ones who killed me. Because of these things, I have been transferred to a specific security unit of the

SLA combat forces. I am being held in protective custody. have been issued a 12 gauge riot shotgun and I have been receiving instructions on how to use it. While I have no access to ammunition, in the event of an attack by the FBI, I have been told that I will be given an issue of cyanide buckshot in order to protect myself. Because it's the federation's opinion and my own from observation that if the FBI does rush in, it will be obviously with the best wishes of my family and in total disregard for my safety. In fact, they would be doing it to murder Under international codes of war, I am allowed to communicate with members of my family and because of the scope of this incident, the public as well. However, I have been told the privilege allowing me to communicate with you will not be (inaudible) until the SLA hears from the two men in San Quentin. They want to hear what the two men have to say in a live nationwide broadcast so that they can hear all the conditions of their confinement. I really want to get out of here. And I really want to get home alive. I am appealing to the public and asking them not to assist the FBI in their investigation. They are simply helping them to dig my grave. I ask those people who say they've prayed for me and those who have signed petitions to the SLA for my safe release to redirect their energies into proving that the FBI is really attempting to murder me and the two men at San Quentin. I am no longer afraid of the SLA as they are not the ones that want

me to die. The SLA wants to free the people and (inaudible) justice for the two men in San Quentin. I realize now that it is the FBI that wants to murder me. Only the FBI and certain people in the government stand to gain anything by my death.

NEXT FEMALE VOICE COMES ON TAPE:

(Inaudible) to the fascist corporate military pig, we have declared a revolutionary world on you, enemy of the people and our seriousness and determination will not be swayed by any number of your U. S. Government inspected prison pigs. For those that you have hunted are now hunting you. Death to the fascist insect that preys upon the life of the people.

Hearst and the Hearst Corporation assumed that the SLA and the people were

inexperienced inthe area of corporate trickery, and so they said that they would give two million dollars upon Patricia Hearst's release and the rest in January, 1975. However, the people have experienced such trickery too many times in the past to ever be fooled by it again. SLA elements were at Wounded Knee and we too want to be under decision to cease the occupation, but we will not forget the lesson that we learned from our brothers and sisters there, one thing above all, never trust the words of the enemy. Hearst's PIN program stated that it would follow the SLA distribution guidelines, however instead of \$70 worth of top quality food, the people have gotten \$8 worth of mediocre food. Instead of fresh meat, half the people received one chicken. Many stood in long, cold lines for only a bag full of cabbages, while others stood in line and got nothing at all. PIN stated they distributed \$30,000 in food, but this lie was revealed by WAPAC and the coalition, which said only 15,000 walked away with food. After the second day of food distribution, WAPAC and the coalition issued their reports on Hearst's PIN The SLA and the Court of the People, and the program. people themselves want to see this report printed in full in all forms of the media. There has never been any uncensored uncut media reporting of any statement made by the coalition speakers. Ludlow Kramer has boasted the

well-known lies that Hearst's president has carried out the terms of the SLA orescribed good faith gesture, but people know his words don't make no bag of cabbages into meat. The Court of the People have a clear understanding of the actions of the Hearsts and the Hearst empire as a whole in regards to its deceit and silence concerning its interest and crimes against the people. It is not surprise that Mrs. Hearst has never once said anything about her activities on the University of California Board of Regents, and its policy of financing corporations who operate internationally and the hungry and exempt pressed peoples of the earth. It is no coincidence that Mr. Hearst has remained silent about his vast interest in Safeway Stores, Incorporated, and Exxon because it is very important that the people of this country not ask questions about these interests. It is very important to the enemy that people do not begin to question why it is that the same man who is so concerned for bilingual education for Chicano people is also the same man who owns vast stock interests in Safeway Stores, Incorporated, and thousands of acres of land robbed from Chicano peoples in California, and a silvermine of thousands of acres of land in Mexico, that the Hearst empire has exploited from the peoples in Mexico. Mr. and Mrs. Hearst, by constantly maintaining a secure position where they are not forced to reveal their interests in crime, and without really conceiving anything to the people,

hoped to gain the release of the prisoner. In our analysis of enemy strategy we find multiple reasons for why the Hearst empire has not complied with our request. First, by frustrating the people, forcing them to continually to food distribution centers, to stand in long lines and to receive \$8 worth of food. The Hearst empire attempted to discredit the political point of the action. Secondly, by handing out surplus and low-grade donated food, some of which was not even meant for human consumption, in an undignified manner, the Hearst empire attempted to discredit and disprove the example we intended to display. Thirdly, by prolonging the program, soliciting donations and giving no where near the required amount, the Hearst empire could retain control under the (inaudible) of humanitarianism with no loss to their bank books. The tactics of misplaced supplies of food, delayed and missing trucks, supposed hijackings of mysterious trucks claimed to be loaded with top quality meat are all designed to mislead the people into believing that these things were normal mishaps, and that the Hearst empire was not responsible for them and was really attempting to meet some of the needs of the people. The Hearst empire has attempted to encourage division among the people by giving them crumbs to fight over. Our strategy was to show by example what can be done. That this good will gesture was intended to give some food to the people while at the same time.

point out our understanding that the people can never expect the enemy to feed them. That in fact the people do not want the enemy to feed them but rather the people must have back the land and control over their own destiny and must themselves realize the fruits of their own labor. We did this to point out how the enemy can easily afford to feed the people if it were forced to, but what the enemy cannot afford is to reveal to the people the total extent of the sum of the wealth that it has robbed from the people. The SLA stated that Patricia Campbell Hearst will be kept in accordance with international codes of war regarding prisoners of war and that she would be maintained in protective custody. It was further stated that the captive SLA elements in San Quentin would also have to be kept in accordance with such codes because of their legal POW status. The SIA requested that Randolph and Catherine Hearst and the Hearst empire see to it that our comrades' conditions follow those guidelines. It was stated at that time that Patricia Hearst's condition would correspond, at all times, with that of the captured brothers. The SLA has waited with disciplined patience for the agents of the facist state, including the Hearst media empire, to view the conditions of our comrades' confinement. The Symbionese War Council, the Court of the People, have considered transferring Patricia Campbell Hearst to a security area.

which would physically correspond to a stripped cell on death row in San Quentin Concentration Camp. This would be an obvious response to barbaric conditions in which our comrades are forced to endure. However, after extensive nationwide intelligence and analysis by the Symbionese War Council, it became clear that the facist corporate state and its chief domestic police agency, the FBI, and other police state agencies or institutions intended to set up Patricia Hearst for execution in order to discredit and isolate the peoples forces. This is shown by the deliberate disregard for the health, life and safety of Joseph Remiro and Russell Little, and the plans of police state agencies to see to it that Patricia Hearst is killed. To spite FBI claims that they would not do anything to endanger Patricia Hearst's life, they have raided homes throughout the country, knowing full well that to do so would endanger the life of Patricia Hearst. The plans of the police state agencies are to see to it that Patricia Hearst is killed and then use her death to further rally middle America in support of the Nixon represented corporate dictatorship and against all revolutionary forces. The facist state and the FBI have attempted to manipulate public opinion in support of Patricia Hearst's safety and

return, while at the same time create conditions eventual that it knows would force her execution, saving then the embarrassment of doing it themselves. But we have repeatedly stated that Patricia Hearst's safety, execution or freedom, is totally her family's and its classes responsibility. It is in the direct interest of the facist corporate state to eliminate all popular revolutionary forces, even if that would mean sending the FBI to execute Patricia Hearst. U.S. Attorney General William Saxbe's statement that the FBI should bust in to rescue the prisoner was no slip of the tonque but was in reality a prematurely exposed Government policy decision; just as Nelson Rockefeller and the prison authorities in New York State could easily sacrafice the lives of hostage correctional officers at Attica in order to kill incarcerated freedom fighters inside; just as Ronald Reagan and prison authorities in California could sacrafice the life of Judge Haley at the Marin County Courthouse in order to kill man-child Jonathan Jackson, an incarcerated freedom fighter from San Quentin. So, too, can the U.S. Government and the FBI, with the sick permission of her father, willingly and without regret, sacrafice the life of Patricia Hearst in order to attempt to kill members of the Symbionese Liberation Army. We know from our experiences in prisons and from our comrades who have been killed in prisons, and from all those comrades still locked down, that Russell Little and Joseph Remiro have

already been issued tickets to ride the facist corporate state's railroad to the gas chamber, and that the appointment by Randolph Hearst of a member of the facist UC Board of Regents to insure so-called due process of law, is merely a ploy to hide the already pre-determined destination of that train, not to stop it. In response to Randolph Hearst's public request that Patricia Hearst be allowed to communicate periodically with her family in conjunction with international crdes of war regarding prisoners of war, the SLA asks Randolph Hearst, on what basis should the peoples' forces allow such communication? First, the Symbionese War Council has determined that communication between POW Patricia Hearst and her family will come only after the immediate creation of the necessary mechanisms whereby Russell Little and Joseph Remiro can communicate via live national TV with the people and the SLA concerning the full scope of their physical health and all the conditions of their confinement. Second, that this tape and a transcript of it be published in full, omitting nothing, in all forms of the media.

VOICE OF PATRICIA HEARST:

Mom, Dad, I received the message you broadcast last Sunday. It was good to hear from you after so much silence. The words you had to say sounded like you don't care if I ever get out of here. I only wanted to hear from you sometime. Your silence has definitely jeopardized my safety, because of the lousy FBI continue to attempt to find me and Governor REAGAN's most antagonistic statement with no response for I'm becoming to feel that the FBI would rather that I get killed than safely released. I'm telling you this now because I don't believe the PBI will let any more words from me get through the media. I hear that people all around the country keep calling on the SLA to release me unharmed, but the SLA are not the ones who are harming me. It's the FBI along with your indifference to the poor and what they have concealed from the people and the SLA that are really concerning us now. I don't believe that you are doing everything you can, everything in your power, I don't believe that you are doing anything at all. You have said that it is out of your hands. What you should have said was that you washed your hands of it. I don't think you don't understand that its not just the crimes of you and Mom personally that I am being held for but the crimes of the University of California Board of Regents and the voting record, Mom, and you're on that board and also the crimes of the Hearst Corporation. Dad, you say you put the responsibility for my status

on the corporation, but you seem to be ignoring that you are the Chairman of the Board and Uncle Bill is President of the Hearst ... Corporation. I know that if anything happens to me it would be because of the corporation (inaudible word) and the FBI decided to protect their interest instead of my life. I don't know the instruments by which you do not comply with the good faith I know you could have done it, what the SLA asked. I mean I know that we don't have enough money, but it proves to me that you have told the FBI (inaudible word) necessary toward the SLA. It's really true, Dad. I have heard reports concerning the FBI investigation and interrogations. Governor Reagan's careless and antagonistic remarks in an attempt for federal agencies through the use of the news media to make public my death by calling the (inaudible word) SLA for my release and thus-I am forced to draw only one conclusion that the FBI and other federal agencies want me to die. I no longer think that as a human being honor has become all important as the political pivot point and I could be certain (unintelligible word) right wing elements. I could only be used successfully by these people if I am killed. I've had constant reassurances by the FBI that my safety is their primary concern. I can only say that the FBI has never shown concern for the safety of hostages and from what I've seen so far this case is no different. Whether consciously or not, the news media has been assisting the FBI and there is now a great attempt to set me up for execution.

It is done primarily in two.ways. First, by promoting a public image of my father as a confused parent who has done all he can to meet the demands for his daughter's kithappers and now waits the time for his daughter's release. In fact, the SLA demands have not even been approximated and they made it very clear that until the good faith gesture is completed, negotiations for my release will not begin. Second, immediate and complete cooperation with my parents have created a public image of me as a helpless, innocent girl, who was supposed to have been abducted by two terrible blacks, escaped convicts. I am a strong woman and I resent being used in this way. I've been hearing reports about the food program and so far it sounds like you and your advisor have managed to turn it into a real disaster. I hear that only 16,000 people received food in the first two weeks and that most of them, only about \$8 worth. It sounds like most of the food is of low quality, no one has received anything of value. Anyway, it certainly didn't (unintelligible word). The SLA wanted this program to be over in one month. They wanted each person to get \$70 worth of good food all at once. If you had just done what the SLA wanted for the food program, the month is almost over and I would be ready to get out of here. What you have done is tell people in need to start off this program (unintelligible word) it's really discouraging thing to the people who need it. Dad, I know that you get most of the food donated for People in Need and you have put very little money at all into the program. Mom, I can't believe that you agreed to the "out of my hands" part of the program. I just wish that you could be stronger and

pull yourself to ther from all these emotional outbrusts and see if you can pursuade Dad and the rest of the family. Mom, you have got to stand up and speak for yourself. You seem to be relying on other people to make your decisions. This program, if I can call it that, has given the FBI the go ahead to kill me. I wish Dad would think real hard and do something concrete to help me. I wish only that the rest of the family was thinking sane. It's hard to believe that my father and cousins aren't doing anything. If it had been you, Mom, or you, Dad, who had been kidnapped instead of me, I know that I and the rest of the family would do anything to get you back. If could have been one of you and how would you feel if you had been written off the way I've been in this thing. I'm sorry to think that no one is concerned about me anymore. I wish I could converse with the rest of the family. I would like to know what my sisters have to say about Dad's decisions in complying with the terms of the good faith gesture. Steven, what do you have to say? (unintelligible name) doesn't care about what happens to me. You can't be silent. Everyone has proved his point. I hope you will not think that I have been brainwashed or tortured into saying this. Please listen to me because I am speaking honestly and from my heart. (Unintelligible phrase) the last statement has become obvious to the SLA and all the hungry people that my father has not even attempted to show a gesture of good faith. I guess everyone knows - by know that Dad has had no further word from the SLA about negotiating for my release. In the last two days, members of the

federation have spoken with me. They have given me some newspaper reports to read about the current (unintelligible word) comprising the prisoners throughout the country. I have also been given some journal commentaries about the kind of prisons in general and the adjustment center at San Quentin. Members of the federation have also given me a choice of books to read. I have been reading a book by George Jackson called "Blood in My Eye." I am starting to understanding what he means when he talks about fascism in America. Joseph Remiro and Russell Little, the two men in San Quentin, haven't even come to trial yet and already they are being held in stripped cells on death row. It is really hard to believe that all of this obvious violation of the Constitution is taking place, but it is true. How can people think that these men can get a fair trial. There isn't any doubt in people's minds as to what they are going to do. Members of the federation have shown me intelligence reports gathered on the activities of the FBI. These combined with discussions the members of the federation have had with me and my own observation of the way that my father has conducted himself has made me afraid because I realize that problems are coming from the FBI and the Attorney General's Office in Washington. Execution of the two men in San Quentin or if that's not (unintelligible phrase) accomplished (unintelligible word) I'll not get home alive or by attempting to (unintelligible word) the SLA (unintelligible phrase) they are the ones who killed me. Because of these things, I have been transferred to a specific security unit of the

SLA combat forces. I am being held in protective custody. have been issued a 12 gauge riot shotgun and I have been receiving instructions on how to use it. While I have no access to ammunition, in the event of an attack by the FBI, I have been told that I will be given an issue of cyanide buckshot in order to protect myself. Because it's the federation's opinion and my own from observation that if the FBI does rush in, it will be obviously with the best wishes of my family and in total disregard for my safety. In fact, they would be doing it to murder Under international codes of war, I am allowed to communicate with members of my family and because of the scope of this incident, the public as well. However, I have been told the privilege allowing me to communicate with you will not be (inaudible) until the SLA hears from the two men in San Quentin. They want to hear what the two men have to say in a live nationwide broadcast so that they can hear all the conditions of their confinement. I really want to get-out of here. And I really want to get home alive. I am appealing to the public and asking them not to assist the FBI in their investigation. They are simply helping them to dig my grave. I ask those people who say they've prayed for me and those who have signed petitions to the SLA for my safe release to redirect their energies into proving that the FBI is really attempting to murder me and the two men at San Quentin. I am no longer afraid of the SLA as they are not the ones that want

me to die. The SLA wants to free the people and (inaudible) justice for the two men in San Quentin. I realize now that it is the FBI that wants to murder me. Only the FBI and certain people in the government stand to gain anything by my death.

NEXT FEMALE VOICE COMES ON TAPE:

(Inaudible) to the fascist corporate military pig, we have declared a revolutionary world on you, enemy of the people and our seriousness and determination will not be swayed by any number of your U. S. Government inspected prison pigs. For those that you have hunted are now humting you. Death to the fascist insect that preys upon the life of the people.

NEXT FEMALE VOICE COMES ON TAPE:

and call you to arms in the struggle to free our people.

Today our daughters and our sons, our mothers and our fathers stand with the people and fight for the true freedom of our people. No people are free until we are all free. We women know the truth as it has been revealed in our own lives. We turn our roles toward the enemy in a direct line down the sights of our guns. We must turn our angle towards those who profit as our assassins and have our angle be effected in military tactics that utilize people violence against the men and women who are the monsters of populace violence.

Until we meet in the streets we will have a strong back like that of the grave digger.

MALE VOICE COMES ON THE TAPE:

This is General Field Marshal CINQUE (inaudible). would like to take the opportunity to speak to my people and to all the people and to those that I fight beside against the enemy that preys upon the life of our children. The time has come when we of black people must come together and stop robbing and oppressing each other and other oppressed people. It is time that black people understand that the enemy is not white, brown or black people. The oppressor is not a particular color. The (inaudible) with this system and the corporate ruling class that it represents that preys upon the life of our people. I call upon oppressed people of all colors to arm themselves and be sent to their own freedom while they still have the chance. I call upon the robber, the pimps, the drag outs, the prostitutes and all those who have been used as pawns against the people to turn their rage and bodies towards the true enemy of the people, the corporate ruling class. I call upon the people to shed no more blood over innocence than rather bring death to the natives of fear and to cease fighting amongst ourselves because of our different colors. I call upon our mothers and fathers to hear the voice that rings in our hearts of freedom. I call upon that you hear the cries of our

children being murdered in the streets and to understand that there is no compromise for freedom. I call upon the people to join the federation by the only means we understand by answering this call to arms by the sounds of your guns and your committment to save the children.

Buring my recent appearance before members of the

a Consul General in the Los Angeles, California, area. I
thought you might be interested in receiving a brief review of
these cases.

in a remote area near Ansted, West Virginia. Mrs. Van Balen was released unharmed. Our investigation has identified the kidnapers as Larry Gene Colé and his wife, Bonnie Ann. Both of these individuals have been charged with violation of the Federal Kidnaping Statute and their apprehension as well as the recovery of the ransom is being vigorously pursued.

On March 6, 1974, John Calzadilla, eight years old, was abducted on his way home from school in Dix Hills, New York. His father paid the \$50,000 ransom on the evening of March 7, 1974, and the victim was released during the early morning hours of March 8, 1974. Later the same day, two individuals were arrested for their participation in the kidnaping and subsequently three others have been identified and arrested. Currently three other subjects have been identified and intensive efforts are continuing to apprehend them and recover the ransom loot.

During the late evening hours of March 9, 1974, four unidentified individuals forced their way into the home of William Bisell Daniel, Manager of a K-Mart discount store in Stone Mountain, Georgia. Mrs. Daniel was taken as a hostage and it was demanded that Mr. Daniel obtain money from the store safes. Mr. Daniel following the instructions of the abductors paid \$20,000 to \$30,000 ransom and Mrs. Daniel was released unharmed during the early morning hours of March 10, 1974. Extensive FBI investigation is being conducted under the Bobbs Act Statute to identify and apprehend the unknown subjects.

On February 27, 1974, the PBI learned that convicted aircraft hijacker, Garrett Brock Trapnell, currently confined at the Los Angeles County Jail, had conceived a plan to kidnap a Consul General residing in the Los Angeles, California, area. Trapnell planned to demand his release and that of his co-conspirator from jail, political asylum for the two in Sweden and \$250,000 for the return of the Consul General. Maria Alonzo, who was instrumental in putting the unsuccessful plan in operation was arrested by the FBI on March 9, 1974. At the time of her arrest, a tape recorder, wig, a loaded .22 caliber revolver and notes relating to the plan were seized. Trapnell, Robert Bernard Bedberg and Alonzo have been charged with conspiracy to violate the Federal Kidnaping and the Escape and Rescue Statutes.

As you are aware swift detection and apprehension, prompt prosecution, and proper and certain punishment are tested crime

Sincerely yours,

Q113 Scotch C-120 cassette tape and having written notation "SLA March 74"

ALSO SUBMITTED: California State Automobile Association card in the name "Patricia C. Hearst"; one clear plastic cassette tape cover; and four lifts from inside Foster Restaurant ladies restroom

Result of examination:

A definite conclusion was not reached whether the questioned writing on Q112 and Q113 was prepared by the writers of the unidentified questioned writing in this case, the case captioned "Symbionese Liberation Army (SLA) EM" or case captioned "August Seventh Guerrilla Movement (ASGM) EM" or by any of the suspects whose known or purported known writing is available in the Laboratory, due to the limited amount of questioned writing and the presence of unexplained variations.

Specimen Q112 includes one piece of brown plastic tape 1 1/2 inch wide and 5 1/4 inches long and two pieces of 1 1/2 inch wide white plastic tape. The two pieces of white tape fit together to form a continuous strip 6 1/2 inches long. The ends of this strip and the ends of the brown tape are torn and are suitable for comparison. The brown tape has adhesive on one side while the white tape has adhesive on both sides. The brand or source of the tape is not known.

DAILY SUMMARY RE SLA TAPE RECEIVED AT METRO I THEATER, . UNION STREET, SAN FRANCISCO, MARCH 10, 1974: AT 6:15 P.M., PROGRAM DIRECTOR, SAN FRANCISCO RADIO STATION KSAN, ON INSTRUCTIONS OF HIS MANAGER WHO RELAYED A REQUEST OF BERKELEY RADIO STATION KPFA, OBTAINED A MORE CLEAR VERSION OF SLA TAPE MARCH 9, 1974 THAT WAS TAPED TO A SEAT AT METRO I THEATER, SAN FRANCISCO. KSAN MADE A COPY OF THIS TAPE AND IMMEDIATELY TRANSPORTED BERKELEY, AND THE ORIGINAL WAS LATER TURNED OVER TO THE "SAN FRANCISCO EXAMINER", A HEARST NEWSPAPER, AND WAS OBTAINED BY 15 MAR 14 1974 SAN FRANCISCO OFFICE FROM THEM. MARCH 9 TAPE WAS THAT OF CINQUE. THE LAST VOICE ON THIS TAPE IS THAT OF AN UNIDENTIFIED FEMALE WHO SPEAKS WITH AN ACCENT. THIS FEMALE IDENTIFIED HERSELF AS BEING FROM INTELLIGENCE UNIT FOUR AND MADE REFERENCE TO INTELLIGENCE REPORTS RECEIVED BY THE FEDERATION IN REGARD TO FBI ATTEMPTS TO INTERCEPT AND SUPPRESS ANY COMMUNICATIONS BETWEEN THE SLA AND THE PEOPLE. AND INDICATED TO PRECLUDE THIS. A DOUBLE DECOY SYSTEM WAS SET UP. SHE SPECIFICALLY REFERRED TO A TAPE WITH A GASOLINE CREDIT CARD (IN THE NAME OF RANDOLPH A. HEARST) WHICH RADIO STATION MDIA, SAN FRANCISCO WAS NOTIFIED OF THE LOCATION OF THIS TAPE. SHE STATED KDIA. WITHOUT TELLING THE PUBLIC OR THE HEARST FAMILY TURNED IT OVER TO THE FBI WHO IN TURN SUPPRESSED IT. KEEPING IT FROM THE HEARST FAMILY AND THE PUBLIC OR THE FBI INTERCEPTED IT BEFORE KDIA GOT IT AND SUPPRESSED IT FROM GETTING TO THE HEARST FAMILY AND THE PUBLIC. FURTHER, THAT 🦯 IN ANY EVENT, THIS ALLOWED THE SECOND TAPE TO GET THROUGH TO KSAN BECAUSE THE FBI THOUGHT THE TAPE THEY HAD ALREADY INTER-CEPTED WAS THE ONLY ONE SENT. WE OF UNIT FOUR ARE SENDING ALONG DUR COPY OF THE TAPE BECAUSE IT IS MORE AUDIBLE. PLEASE END OF PAGE TWO

PASS IT ALONG. THE TAPE CONTAINING THE VOICE OF THIS FEMALE WAS THE ONE RECOVERED AT METRO 1.

THIS TAPE WITH THE UNIDENTIFIED FEMALE'S VOICE WITH THE ACCENT WAS PLAYED FOR THE PERSONNEL AT BERLITZ SCHOOL OF LANGUAGES AND PRELIMINARILY THEY BELIEVE THAT THE WOMAN'S VOICE THEY HEARD IS OF EITHER SWISS-GERMAN BACKGROUND OR DUTCH BACKGROUND AND LEARNED HER ENGLISH IN THE U.S. AS OPPOSED TO HAVING LEARNED IT ON THE CONTINENT. A DUTCH EXPERT WAS NOT READILY AVAILABLE AND THE TAPE WILL BE PLAYED FOR THIS PERSON ON MARCH 12. 1974.

THIS TAPE, WHICH RADIO STATION KDIA HAD RECEIVED CALLS

THE WOMAN'S RESTROOM AT FOSTERS RESTAURANT, POLK AND SUTTER STREETS, SAN FRANCISCO. A PRELIMINARY EXAMINATION OF THIS TAPE AT THE SAN FRANCISCO OFFICE DISCLOSED THAT IT APPEARED TO BE THE ORIGINAL TAPE, THAT IT HAD SUSTAINED SOME DAMAGE, AND THEREFORE NO EFFORTS WERE MADE BY THE SAN FRANCISCO OFFICE TO MAKE A COPY OF THIS TAPE SINCE WE ALREADY HAD COPIES IN OUR POSSESSION.

ALL TAPES MENTIONED ABOVE HAVE BEEN FORWARDED TO THE FBI LAB FOR COMPLETE ANALYSES. CLEAR COPIES OF THE KPFA TAPE OF MARCH 10, 1974 EITHER TELEPHONICALLY AND/OR FURNISHED BY COURIER TO SANTA BARBARA, INDIANAPOLIS, CHICAGO, AND NEWARK FOR THE PURPOSE OF HAVING RELATIVES AND CLOSE ASSOCIATES OF HEARNAP SUSPECTS LISTEN TO THE TAPES FOR VOICE IDENTIFICATIONS.

FRIEND OF HALL, WHO WAS RECOMMENDED TO REPLACE HER AT THE RESIDENCE OF AS GARDENER. INVESTIGATION SHOWS MOVED ONE WEEK AGO, MARCH 4, 1974, FROM HER ADDRESS IN BERKELEY. ATTEMPTS ARE BEING MADE THIS DATE TO LOCATE AT A POSSIBLE NEW ADDRESS IN OAKLAND. IT IS BELIEVED WILL HAVE CURRENT INFORMATION RE HALL'S WHEREABOUTS.

NURSERIES, BERKELEY AND OAKLAND, AREAS, WHERE IT WOULD BE LOGICAL FOR HALL TO PURCHASE PLANTS AND OTHER GARDEN ACCESSORIES WERE CHECKED THIS DATE WITH NEGATIVE RESULTS.

TWO FORMER FELLOW EMPLOYEES OF MIZMOON AT THE BERKELEY LIBRARY WERE INTERVIEWED THIS DATE BUT WERE UNABLE TO FURNISH INFORMATION CONCERNING THE WHEREABOUTS OF MIZMOON, STATING THAY HAD NOT SEEN HER FOR MANY MONTHS.

AS PREVIOUSLY REPORTED, INFORMATION DEVELOPED THAT HALL EMPLOYED AS A CARETAKER ON AN ESTATE AND RESIDING IN A SMALLER HOUSE AT THIS LOCATION, POSSIBLY IN THE MENLO PARK AND/OR PENINSULA AREA OF SAN FRANCISCO.

ON THIS DATE, 30 NURSERIES LOCATED IN CITIES OF PALO ALTO, MENLO PARK, ATHERTON, LOS ALTOS, LOS ALTOS HILLS, AND MOUNTAIN VIEW, WERE CANVASSED IN AN EFFORT TO LOCATE HALL WITH NEGATIVE RESULTS.

IN ADDITION, ON MARCH 11, 1974, A GRID SEARCH WAS CONDUCTED OF THE CITIES OF PALO ALTO, MENLO PARK, AND ATHERTON
AND APPROXIMATELY 23 SPECIAL AGENTS WERE UTILIZED IN THIS
SEARCH, THE PURPOSE OF WHICH WAS TO LOCATE A RESIDENCE PREVTOUSLY DESCRIBED BY HALL AS HER PLACE OF EMPLOYMENT AND HALL'S
1967 DARK BLUE VOLKSWAGEN BUG. PHOTOGRAPHS OF HALL WERE
CIRCULATED TO LOGICAL INDIVIDUALS DURING THIS SEARCH.

AS A RESULT OF THIS SEARCH, 15 RESIDENCES WERE LOCATED WHICH REQUIRED ADDITIONAL INVESTIGATION SINCE SOME WERE SIMILAR IN APPEARANCE TO THE RESIDENCE DESCRIBED BY HALL AND/OR SOME DUE TO THEIR LOCATION, DID NOT LEND THEMSELVES TO PHYSICAL OBSERVATION. DURING A.M., MARCH 12, 1974, THESE LOCATIONS WILL BE CHECKED OUT.

DURING THIS CONFERENCE, HEARST TOUCHED ON THE FOLLOWING POINTS:

HE INDICATED THAT THERE WOULD BE A REORGANIZATION OF THE PEOPLE IN NEED FOOD GIVE-AWAY PROGRAM IN AN EFFORT TO MEET THE LATEST DEMANDS OF THE SLA. WITH RESPECT TO THE MOST RECENT SLA COMMUNIQUE, HE INDICATED THAT HE HAD NOT HAD AN OPPORTUNITY TO STUDY IT IN GREAT DETAIL AND WOULD PROBABLY MAKE A STATEMENT IN RESPONSE TO IT IN APPROXIMATELY 48 HOURS. THE "OAKLAND TRIBUNE", OAKLAND, CALIFORNIA DAILY NEWSPAPER, EARLIER THIS DATE, INDICATED IN AN EDITORIAL THAT IN THE FUTURE, IT WOULD NOT PUBLICIZE ANY SUBSEQUENT SLA COMMUNICATIONS. WHEN QUESTIONED REGARDING THIS MATTER, HEARST INDICATED THAT HE WISHED THAT THE "OAKLAND TRIBUNE" WOULD CONTINUE TO PUBLISH SLA COMMUNICATIONS, HOWEVER, HE HAD NO CONTROL OVER THAT PUBLI-CATION AND WITH RESPECT TO THE CAKLAND TRIBUNE'S SUGGESTION THAT OTHER PUBLICATIONS FOLLOW THEIR LEAD, HE INDICATED THAT AS FAR AS HE WAS CONCERNED, HE WOULD NOT PAY ANY ATTENTION TO THEIR POSITION. IN RESPONSE TO A QUESTION REGARDING PATRICIA HEARST'S COMMENT THAT THE FBI WAS TRYING TO KILL HER, HE INDI-CATED ME WAS NOT AWARE OF WHAT PRESSURE HIS DAUGHTER WAS UNDER, AND UNDER THE PRESENT CIRCUMSTANCES UNDER WHICH HIS DAUGHTER IS BEING HELD, IT IS PERFECTLY CONCEIVABLE THAT SHE MIGHT REALLY BELIEVE THE FBI WAS TRYING TO KILL HER. HE STATED THAT HE DID NOT BELIEVE THIS AND IT IS INCONCEIVABLE TO HIM THAT THE FBI HAD A BIG PLOT TO GO IN AND KILL HIS DAUGHTER. ALIVE. IN RESPONSE TO ANOTHER INQUIRY RELATIVE TO REMIRO AND LITTLE APPEARING BEFORE THE NATIONALLY TELEVISED PRESS CONFERENCE AS DEMANDED BY THE SLA, HE STATED HE WOULD DO ANYTHING HE COULD TO GET THEM ON THE AIR. HE STATED THAT REMIRO AND LITTLE'S ATTORNEYS WOULD HAVE TO MAKE A DECISION IN THIS REGARD. HE AGAIN MADE REFERENCE TO HIS FINANCIAL STATUS AND INDICATED THE MONETARY DEMANDS OF THE SLA WERE NOT WITHIN HIS MEANS AND INDICATED THAT HE DID NOT CONTROL EITHER THE HEARST CORPORATION OR THE HEARST FOUNDATION, AND THAT THE BOARD OF DIRECTORS OF THESE ORGANIZATIONS WOULD MAKE THE ULTIMATE DECISIONS REGARDING THE SLA DEMAND FOR AN ADDITIONAL FOUR MILLION DOLLARS.

AT FOUR P.M. THIS DATE, HEARST WAS SCHEDULED TO MEET WITH "DEATH ROW JEFF", SELF PROCLAIMED LEADER OF THE SLA, WHO IS PRESENTLY INCARCERATED AT CMF, VACAVILLE, CALIFORNIA.

HEARST WAS ACCOMPANIED BY RADICAL LEFT WING SAN FRANCISCO ATTORNEY VINCENT HALLINAN AND THE PURPOSE OF THIS MEETING WAS TO DETERMINE IF "DEATH ROW JEFF" WAS IN FAVOR OF REPLACING PIN PROGRAM DIRECTOR LUDLOW KRAMER WITH END OF PAGE TWELVE

JENSEN ADVISED LEGAL CONSEL FOR REMIRO AND LITTLE THAT HE, JENSEN, WAS OPPOSED TO THEIR MAKING ANY STATEMENT BEFORE A LIVE NATIONAL PRESS CONFERENCE AND POINTED OUT THAT THE PRESIDING JUDGE IN THIS MATTER HAD ORDERED A "GAG" AND THEREFORE NO ONE COULD MAKE ANY STATEMENT WHO WAS INVOLVED IN THE TRIAL. dentified DE FREEZE's companions as the -NANCY LING PERRY identified in newspapers with the SLA and a second female named ZOYA (phonetic), a white female, 25 years,

5' 5" to 5' 6" tall, 130 pounds, medium build, light complexion, medium brown hair, eves unknown. From ZOYA's statements

ZOYA was originally from Santa Barbara, California, and was possibly a student at the University of California in Berkeley.

himself as "CIN" on the HEARST kidnap tape was DONALD DE FREEZE. Her identification was based on her contacts with DE FREEZE, and having heard the tape. Delieved that possibly there was a second Negro male on the first HEARST kidnap tape but did not have sufficient opportunity to hear the complete tape so that she could make a positive determination on this belief.

answer as to what drew DE FREEZE together

She explained that it was possibly because both were ex-convicts and revolutionaries. She denies initially that they were members of any formal organization after their escape.

stimated that between August and October, 1973, had approximately 20 meetings with DE FREEZE and other members of his group, which included NANCY LING, ZOYA and RUSSELL LITTLE. These meetings were held in either a house or an apartment in Oakland, California, the addresses of which she is unable to furnish because she claims she was taken there either blindfolded or with her eyes closed. During these meetings, as early as August, the SLA or the Symbionese Federation was mentioned. saw elaborate organizational charts of the federation or army setting forth such things as communication units, combat units and medical units. However, to her knowledge, she is aware of no other members of the organization which was completely dominated by CINQUE. CINQUE will bide no criticism and she admits that perhaps the members of the

organization may have presumed that we will be were also members because of their associations at these meetings.

She stated that the organizations of these meetings were irregular in that there would sometimes be a series of meetings and then none for a period of time. She stated that to her knowledge DE FREEZE and never lived together but that it was possible that they visited each other overnight.

Concerning the MARCUS FOSTER shooting, she had no information concerning the actual participation of the SLA in this matter but that CINQUE often discussed the turmoil in the Oakland Public Schools and was critical of MARCUS FOSTER.

He was highly critical of the establishment and his papers included research work that he had done on corporations with heavy investments abroad.

that she was against the violence of the SLA and was interested in doing away with the organization and is particularly interested in seeing that PATRICIA HEARST is released unharmed. She had no idea as to where the kidnapers might be holding PATRICIA HEARST but believed that it possibly would be in a house similar to the type uncovered in Concord, California, in connection with the SLA.

She repeated that the SLA is under the complete domination and control of CINQUE, that both NANCY LING PERRY and ZOYA relate to him physically, and philosophically, and that CINQUE is the person who has prepared the statement of principles and aims of the federation and army and that NANCY LING PERRY has polished his rhetoric.

The SLA has no concern for any other organization and will not stand criticism

that the reason why WAPAC (Western Addition Project Area Committee) was designated to distribute food in connection with the demands of the SLA was that the Black Liberation Army was the only organization which publicly came out and supported the SLA demands.

DE FREEZE and his group indicated that they had contacts in East Palo Alto and in Southern California but and some reservations as to whether this was fact or just rhetoric.

She also stated that although their organizational chart showed a medical unit, she knew of no contact they might have with a physician. She also stated that she did not know of any criminal activities that the SLA was engaged in for financing purposes other than the "rip off" in which she was the victim. She noted that LING and ZOYA worked and that it was her impression that ZOYA had some money of her own or came from wealth.

SLA were using false identification which she believed was stolen. However, she had no further details as to the source.

william HARRIS by name and was not acquainted with ANGELA ATWOOD.

JEAN WAH CHAN only as a resident of 5939 Chabot. She pointed out that ROBYN STEINER had been close to RUSSELL LITTLE but was of the opinion that STEINER drew apart from LITTLE because LITTLE was into something that STEINER was not aware of and that TEINER finally departed the Oakland Area because she was afraid.

had no knowledge that any present California Prison System inmates were actual members of the SLA. It was necessary to terminate the interview at this point in that requested that it be wound up as he had clients waiting to see him.

that she knows WILLIAM WOLFE and that he resides at 5939 Chabot but she has no information he was connected with the SLA. On the contrary, RUSSELL LITTLE thought he was a rather weak individual. When questioned concerning the August Seventh Guerrilla Movement, that she has no information that this group is identical to the SLA or was a name utilized by them. On the contrary, the SLA has been critical of the August Seventh Guerrilla Movement.

PATRICIA MICHELLE SOLTYSIK (Photograph in a hat)

EMILY HARRIS

NANCY GAIL LING

made the following comments:

She immediately picked out the photographs of SOLTYSIK as being identical with ZOYA. She identified photographs of NANCY GAIL LING and NANCY CECILE DEVOTO as being identical and the person who was formerly known to her as FAHEEZUH. She stated these are the two persons she has previously identified as being members of the Symbionese Liberation Army (SLA). ROBYN SUE STEINER was a former resident of 5939 Chabot and girlfriend of RUSSELL LITTLE, but she knows of no SLA activities on the part of STEINER.

She knows of no

She picked out the photograph of EMILY HARRIS as a young lady she had maybe known under the name of EMILY and had met only briefly at a banquet which was not well lighted. She stated she may have known BILL HARRIS but is not positive, but in any event has no information concerning any SLA activity on his part.

MILLIAM LAWTON WOLFE was also known to but mainly as a resident of the Chabot address and she knows of no SLA activities on his part.

The remainder of the photographs were not known to her.

The HEARST tape of February 12, 1974, was played to her. She is positive that the male speaking at the first and last part of the tape is DAVID DE FREEZE who is known to her as "SIN". She stated that what may be a difference in speech from the first and last part of the tapes is due to the fact she believes SIN was probably reading a prepared statement at the opening of the tape while he appeared to be speaking extemporaneously at the latter portion.

A portion of the HEARST tape of February 20, 1974, was played to her and she stated she was positive the speaker was SIN.

In connection with information that she had furnished on February 25, 1974. That she had no information indicating that the Black Liberation Army was connected with WAPAC, but what she was saying was that only two groups that came out favorably or neutrally concerning the actions of the SLA and they were the Black Liberation Army and WAPAC and that since the SLA will stand no criticism, it followed that the SLA would back WAPAC as the monitoring organization in their food distribution program.

training the SLA might have engaged in, but she thought it was possible that they had engaged in firearms at an unknown range in the Berkeley - Oakland, California, area. She had no knowledge of any further physical training activities.

that she had no tapes or photographs or their associates.

knew of only one SLA pad which was at an unknown location in Oakland, California. She advised that it was an efficiency or bachelor type apartment consisting of a living room, bath, and kitchen that you walked up some outside steps to reach, it was possibly in a residence that had been converted, it had a high ceiling, and she felt cold when visiting there. It had a mantle with a stove or a heater in the fireplace, no beds, and two mattresses. It was located near a high school and at all times the shades or drapes were drawn.

the residence and that she did not think in any of his activities that DE FREEZE would actually become involved but that he would have his associates do the activities for him.

She characterized DE FREEZE as an alcoholic to the extent of an apparent continuing dependence on alcoholic beverages. She stated that a trademark of him was his like for plum wine although he would drink beer and other alcoholic beverages. A typical DE FREEZE day to her knowledge would consist of reading, writing, listening to the radio, and exercising. that the SLA members to her knowledge afforded themselves no pleasures or luxuries of any type and that their expenses, therefore, were minimal. She stated that PERRY and ZOYA turned their pay checks over to DE FREEZE. The group proposed that she should turn her wealth over to the group and come live with them which she declined to do. She had no knowledge of any boyfriends or acquaintances that might assist in locating PERRY or ZOYA.

She learned in a conversation with ZOYA that both ZOYA and PERRY were physically attracted to DE FREEZE, however, when one or the other were intimate with DE FREEZE, this would generally cause friction on the following day and the friction was becoming such a problem that intimacies between DE FREEZE, ZOYA, and PERRY were ruled out in favor of revolutionary activities.

full beard, close cropped. She stated that in conversation DE FREEZE had mentioned having a record of a group of right wing persons who had collections of weapons at it was a plan of the SLA to rip these persons off in order to obtain their weapons. DE FREEZE also had a complaint against the General Rubber Company because of their extensive holdings in Africa

which involved a plan to bomb a General Rubber installation which plan never occurred.

had no information as to where DE FREEZE and his associates might be drawing their current membership in the SLA. The only reference each made to possible other associates occurred when DE FREEZE on one occasion mentioned seeing or talking to other persons in the East Palo Alto.

DE FREEZE was familiar with weapons, had books concerning weapons, the source of which were not known to the also had a hang-up on cyanide, however that no recollection of ever observing bullets which had been drilled out nor did she ever personally observe any cyanide, but he mentioned the possibility of utilizing cyanide on several occasions.

difficult group to penetrate because of their lack of any activities or outside contacts and also the fact that they are extremely security conscious taking a circuitous route in going from one location to another in order to avoid disclosing their pads.

that if she knew where DE FREEZE or other SLA members were located, she would furnish this information and that since the prior interview she has thought of nothing that could be of assistance in locating PATRICIA HEARST nor does she recall any conversations which might contain any information relating to kidnap plans by the group.

She stated that if she knew where located, she would not furnish this information to the reducal Bureau of Investigation. She added, however, that if she knew, which she does not, she would advise of this fact and state that she would not make the information available.

She advised that during the period that she was associating with the used several different names in addition to the one that she had previously furnished and that at least one of these assumed names was that of an unidentified friend of the in San Francisco. She advised that was residing in Oakland, California, that and not spend all his time in the house like DE FREEZE, that he was engaged in visiting with persons on

the outside, but that as far as she knows he never made any friends. She stated that the way was a very self-sufficient person and that he would have no difficulty in maintaining himself in a fugitive status.

believed that the splinter group which has been also sending out communications in connectionwwith the HEARST kidnaping is a legitimate organization. She based her conclusion in part on their material but particularly on the fact that she understood this organization used the Cleo Book Store in Berkeley to xerox their communications. She stated that the Clec Book store was used by ZOYA in connection with SLA activities and communications in that there was an excellent copy machine at Cleo's and further your documents were afforded security in that you were allowed to do the duplicating yourself. She advised that she did not recognize the voice on the tape that she heard from the SLA splinter group. identity of the interviewing Agents and has agreed to be alert and if she makes any sightings on SLA members, she will immediately contact the San Francisco office of the Federal Bureau of Investigation. She also agreed to make herself available for future interviews in this matter.

ROBYN SUE STEINER, nee BIERENBAUM

Investigation concerning the Symbionese Liberation Army (SLA) has indicated that among the SLA members in the San Francisco area is one, ROBYN SUE STEINER, nee BIERENBAUM.

Vacaville State Prison, escapee from that prison, was a member of the Black Culture Association (BCA) which he described as a "self-help" organization, formed within the prison to assist black inmates in rehabilitating themselves. He described the aims of the BCA as appearing to be bonafide and most members seem sincere in seeking help. He further stated that there is evidence that attempts have been made to infiltrate the BCA on the part of some militant individuals, and also on the part of some outside visitors who came to the prison to attend BCA meetings.

who attended BCA meetings, listed the same residence address in common, namely 5939 Chabot Road, Oakland, California, which included RUSSELL JACK LITTLE, who has been identified in the news media as a member of the SLA, and also included were

Others attending the BCA meetings listing the 5939 Chabot Road, Oakland, California, address were JEAN WAH CHAN, ROBYN SUE STEINER, DAVID W. GUNNELL, and WILLIAM LAWTON WOLFE.

ROBYN SUE STEINER traveled to California with RUSSELL JACK LITTLE and lived with him for some time. On January 10, 1974, RUSSELL LITTLE and JOSEPH REMIRO were arrested near Concord, California, and subsequently charged with the slaying of Oakland, California, Superintendent of Schools, MARCUS FOSTER, on November 6, 1973. In November, 1973, STEINER apparently abruptly changed her appearance and

dress from being a "street person", cut her long hair, discarded her granny glasses, and dressed in normal attire. Associates have stated that she was scared and afraid and that she departed California in late November or early December, 1973, to return to Miami, Florida.

The records of the Recorder's Office, County of Alameda, California, have on file an application from ROBYN STEINER with Florida Driver's License Number 235673752770277 for permission to examine records which are believed to be birth and death records. The Recorder's Office also list a birth certificate for a JOANNE RENEE MOSER, born May 30, 1949, with a subsequent death certificate. There is a California Driver's License issued in the name of JOANNE RENEE MOSER, 1621 Seventh Avenue, Oakland, California. The picture on that driver's license appears to be identical to STEINER and the writing appears to be similar to her signature.

STEINER, while in Oakland, lived at 5939 Chabot Road with RUSSELL LITTLE and later moved to 434 - 41st Street, Oakland, where she apparently lived with WILLIAM and EMILY HARRIS and possibly ANGELA ATWOOD, all associated with the SLA. The address on MOSER's driver's license is believed to have been a hideout used by the SLA immediately after the murder of MARCUS FOSTER on November 6, 1973.

on January 16 and 18, 1974, a representative of the Oakland, California, Police Department interviewed TEINER in the presence of her attorney, PHILLIP COLTON, Ir VERTILLE INFORMATION was obtained from STEINER

further stated that it is ROBYN's request that her attorney, Mr. PHILLIP COLTON, Jr., be present during the interview as was the case when she was interviewed by a representative of the Oakland, California, Police Department during January, 1974.

EXTREMIST MATTER - URBAN GUERRILLA WARFARE

Purpose is to advise concerning review of book "Black Abductor" to include observations regarding similarities in kidnapping treated therein and that of Patricia Campbell Hearst, for which captioned organization has claimed credit.

Hearst kidnapping. A footnote to the article states the "New York Post" had noted the previous week the "plot of the 'Black Abductor,' a novel of politics and pornography published in 1972, closely resembles the Hearst kidnapping." A probation officer in California furnished data in 2/74 indicating Donald DeFreeze, Bureau fugitive and prime suspect in the Hearst kidnap case, may have read "Black Abductor" while in prison and conceived the Hearst kidnapping. DeFreeze has been identified as the individual referring to himself. as General Field Marshal "Cinque" of the SLA in tape-recorded mes-

BACKGROUND: The 2/25/74 issue of "Time" contained article on the

sages received by the Hearst family. OBSERVATIONS: Victim in the "Black Abductor" is named Patricia Prescott. She is a co-ed attending Cordell University. Her father is a wealthy U. S. Senator known for his vigorous stand on law and order. Victim in the book is abducted by chloroforming while involved in sexual activities in a lovers' lane with her sweetheart.

The abductors are subsequently identified as a black nale leader of the revolutionary group on the campus of Cordell University, and three white associates, two males and one female, the latter being hisexual.

Objective of kidnapping of the victim in the book is to obtain the release of a black prisoner charged with the murder of a National Guardsman involved in qualling a riot.

Memorandum G. C. Moore to Mr. W. R. Wannall Re: SYMBIONESE LIBERATION ARMY (SLA)

The book's victim is subjected to and ultimately willingly engages in numerous sexual acts with her kidnappers, and photographs of certain of these acts, together with notes demanding the release of the black prisoner in exchange for the victim's release, are directed to her father, the trial judge, and to the U.S. Attorney General.

The victim is subsequently released by her abductors when their demand of freedom for the black prisoner is met and he is provided with a plane for travel to Algeria. In addition to falling in love with the black kidnap leader, the book's victim is converted to a revolutionary stance by her abductors and on release pledges to work for the revolution. She aids in the escape of two of her abductors (two were killed prior to victim's release) and discovers her own brother, with whom she enters into an incestuous relationship, is a member of the revolutionary movement.

PBlack Abductor," by one Harrison James, is hard-core pornography. The only similarities noted between the plot in the book and the abduction of Hearst are the identical first names of the victims, their wealthy status, the multiracial and revolutionary makeup of the kidnap gangs, the gangs' apparent inclusion of female bisexuals, and the political nature of the kidnappings. The book does not offer any real lead potential insofar as the Hearst kidnap matter is concerned. Bureau files contain no information identifiable with the book's author.

ON THIS DATE, THROUGH THE COOPERATION OF THE SAN MATEO COUNTY SHERIFF'S OFFICE, AN AERIAL SURVEY WAS CONDUCTED OF WOODSILE AND POR OLA VALLEY IN AN EFFORT TO LOCATE HALL'S 1967 VOLKSJAGEN BUG AND/OR THE 1929 SPANISH RESIDENCE PREVIOUSLY HAFFERRED TO BY HER. THIS SEARCH UNCOVERED FIFTEEN RESIDENCES WHICH REQUIRED ADDITONAL INVESTIGATION, SINCE SOME WERE SIMILAR IN APPEARANCE TO THE RESIDENCE DESCRIBED BY HALL AND/OR DUE TO THEIR LOCATION, DID NOT LEND THEMSELVES TO PHYSICAL OBSERVATION. SF 7-855

LIBYA. JEFFERSON INDICATED COMMUNICATIONS WITH SLA GROUP HOLDING VICTIM HAVE BROKEN DOWN, AND THAT NEITHER HE NOR RUSSELL LITTLE OR JOSEPH REMIRO CAN GET THROUGH TO THEM. HE FELT THIS BREAK DOWN IN COMMUNICATION WAS DUE TO SURVEILLANCE ACTIVITIES OF LAW ENFORCEMENT MAKING IT IMPOSSIBLE FOR INDIVIDUALS HOLDING VICTIM TO MOVE IN AND OUT OF THEIR LOCATION SAFELY. HE INDICATED IT WAS VERY IMPORTANT THAT REMIRO AND LITTLE BE ALLOWED TO APPEAR ON NATIONAL TELEVISION AS THEY HAVE REQUESTED IN ORDER TO SIGNAL TO THE HOLDING GROUP THAT THE ESCAPE PLAN IS BEING INSTIGATED. JEFFERSON INDICATED HIS ONLY INTEREST IN THIS MATTER WAS SECURING THE RETURN OF THE VICTIM.

AFTER THIS MEETING, HALLINAN INFORMED HEARST THAT HE WOULD CONTACT REMIRO AND LITTLE AND OTHERS TO OFFER HIS SERVICES AS A NEGOTIATOR TO FACILITATE THE RELEASE OF THE VICTIM. HALLINAN INDICATED THAT HEARST SHOULD NOT ALLOW HIS HOPES TO RISE TOO HIGH, INASMUCH AS HIS, HALLINAN'S, PRIOR EXPERIENCE WITH PRISONERS INDICATES THAT THEY MAY NOT BE ABLE TO EXERT ANY INFLUENCE OVER THE GROUP HOLDING THE VICTIM.

CONTEMPLATE TAKING ANY FURTHER ACTION AND WILL AWAIT THE RESULTS.

TO THAT INANCE CONTACT WITH REMIRO AND LITTLE.

RE: SLA DEMANDS FOR NATIONAL TELEVISION COVERAGE FOR JOSEPH REMIRO AND RUSSELL LITTLE:

LEGAL COUNSEL FOR REMIRO AND LITTLE STATED TODAY THAT
THEIR CLIENTS WOULD MAKE A STATEMENT BEFORE ONE REPRESENTATIVE OF
THE TELEVISION MEDIA AND ANOTHER REPRESENTATIVE OF THE PRESS.

DURING THIS APPEARANCE, THEY WOULD READ A PREPARED STATEMENT, CONTENTS OF WHICH WERE NOT INDICATED, AND UNDER NO CIRCUMSTANCES
WOULD THEY RESPOND TO ANY QUESTIONS. THEY INDICATED THAT ON
MARCH 13, 1974, THEY WOULD CONTACT SUPERIOR COURT JUDGE SAM
HALL IN AN EFFORT TO OBTAIN HIS PERMISSION FOR THEIR APPEARANCE.

IT SHOULD BE NOTED THAT THE PRESIDING JUDGE IN THIS MATTER
HAS ORDERED A "GAG" AND AS PREVIOUSLY INDICATED, THERE WAS SERIOUS
DOUBT THAT THE JUDGE WOULD REMOVE SUCH A "GAG", THUS ENABLING
REMIRO AND LITTLE TO MAKE THEIR STATEMENT.

Memorandum

Mr. Jenkins 70

R. R. Franck

HEARNAP SUBJECT: INFORMATION CONCERNING

Bob Horner, Staff Director, House Internal Security Committee, advised SA on 3-11-74 that he and Committee Chairman Richard H. Ichord (D-Mo.) had met Friday, 3-8-74, with Sandy Alexander and Paul Casey who claim to be members of the motorcycle group, Hell's Angels.

3-12-74

DATE:

orner stated that after a lengthy discussion, they finally determined that Alexander and Casey were hopeful of arranging some kind of "a deal" to swap information for assistance from the Chairman in connection with a case in which Casey, who was presently out on bond, had been charged with possessing dynamite. Horner said the two individuals were emphatically told that the Committee was not interested in such a proposal.

Horner then stated that yesterday, 3-11-74, the Committee received a call from one Kevin B. Shaughnessy, who identified himself as a security officer with the PRC Information Sciences Company, 7600 Old Springhouse Road, McLean, Virginia, telephone 893-1800, extension 716. Horner said Shaughnessy was calling in behalf of Alexander and Casey. Shaughnessy claimed that Alexander was in a position to lead authorities to the hideout where Patricia Hearst was being held. Shaughnessy added, however, before Alexander would agree to do this he would have to be assured that some help and assistance would be granted by authorities in the case involving Sunny Barger, a Hell's Angel member who is presently incarcerated on the West Coast.

At the time Horner spoke with Fulton, Shaughnessy had not been recontacted by the Committee concerning this offer; however, Horner said Shaughnessy would be told that the Committee wanted nothing to do with this proposal, that the information had been furnished to the FBI, and that if Shaughnessy wanted to contact the FBI then he should do so. Horner commented that, based on his meeting with Alexander and Casey, he placed little, if any, credence in Alexander's claim. He said Shaughnessy is unknown to his office, 1-12-60-

GENERAL AVESTIGATIVE DIVISION

Attached teletypes eveal U. S. Attorney (USA)
James Browning, San Francisco, has been pressuring.
Special Agent in Charge (SAC) Bates, San Francisco
to furnish results of our Hearnap investigation to
California State Attorney General Evelle Younger.
SAC Bates has refused to do this inasmuch as
Younger, an elected official, appears to have no
justifiable need for this information. Younger's
Office is not involved in any prosecutive action
in this case and to furnish him such information
could result in leaks which would be prejudicial
to the investigation and possibly endanger the
victim's safety.

We have furnished letterhead memoranda pertaining to the investigation to the District Attorneys of Alameda and Contra Costa counties and the Chiefs of Police in Oakland, Berkeley, and San Francisco. These individuals are all vitally involved in the investigation and prosecution of this case. The District Attorney for Alameda County advised SAC Bates he could see no reason for information being furnished to Younger.

On 3/12/74, USA Browning commented to SAC
Bates that in view of Bates' refusal to furnish
information to Younger, that probably the final
decision would have to be made by Attorney General
Saxbe. Subsequently, Browning contacted SAC Bates
and advised, "You have been overruled by Attorney
General Saxbe after checking with Director Kelley."
SAC Bates thereupon informed Browning that no report
would be furnished to Younger in the absence of
instructions from FBI Headquarters. SAC Bates
notes that if leaks occurred from any such
dissemination, the FBI would be held accountable,
even though the information was leaked by some
other source.

SAC Bates feels that the actions of USA
Browning are improper and it would be more
appropriate for Younger to submit a request for
such information, setting forth the reasons for
his need, at which time consideration could be
given to such a request. SAC Bates recommends
this matter be discussed with Attorney General
Saxbe to determine the facts and that if approval
was given by Saxbe, that the matter be discussed
with him in detail for his reconsideration.
General Investigative Division concurs with
recommendation of SAC Bates.

JAMES BROWNING, U.S. ATTORNEY, SAN FRANCISCO, CONTACTED ME LAST WEEK AND SAID HE FELT THAT CALIFORNIA ATTORNEY GENERAL EVELLE YOUNGER SHOULD HAVE COPIES OF THE RESULTS OF ALL OUR INVESTIGATION. I TOLD BROWNING THAT I COULD SEE NO REASON FOR SUCH INFORMATION BEING FURNISHED TO THE STATE ATTORNEY GENERAL IN THE ABSENCE OF INFORMATION INDICATING AN EXTREME NEED TO KNOW. BROWNING SAID THIS WAS A PROTOCOL MATTER AS FAR AS HE WAS CONCERNED, AND I REPLIED THAT PROTOCOL IS NO BASIS FOR THE DISSEMINATION OF FBI INFORMATION TO THE ATTORNEY GENERAL OF CALIFORNIA, WHO IS AN ELECTED OFFICIAL. RESULTS OF OUR INVESTIGATION HAVE BEEN FURNISHED TO THE DISTRICT ATTORNEYS OF ALAMEDA AND CONTRA COSTA COUNTIES, WHO ARE VITALLY INVOLVED IN THE PROSECUTION OF THIS CASE, AS WELL AS THE CHIEFS OF POLICE IN OAKLAND, BERKELEY, AND SAN FRANCISCO, ON A STRICTLY NEED-TO-KNOW BASIS. THESE AGENCIES ARE WORKING CLOSELY WITH THIS OFFICE IN THIS INVESTIGATION. 10 TAR 18 1974 END PAGE ONE

MY 6-MM

BROWNING CONTACTED ME AGAIN ON MARCH 12, 1974, AND ASKED IF
I HAD CHANGED MY MIND ABOUT FURNISHING INFORMATION TO THE STATE
ATTORNEY GENERAL. I TOLD HIM I HAD NOT, THAT THERE WERE MANY
PROBLEMS INVOLVED, THAT WE HAD TO INSURE AGAINST POSSIBLE LEAKS
AND I COULD STILL SEE NO BASIS. I INFORMED HIM THAT I HAD SPOKEN
WITH LOWELL JENSEN, DISTRICT ATTORNEY, ALAMEDA COUNTY, ABOUT
THIS MATTER. JENSEN STATED THAT HE COULD SEE NO REASON FOR
INFORMATION BEING GIVEN TO THE STATE ATTORNEY GENERAL. THAT OFFICE
IS NOT INVOLVED IN ANY PROSECUTIVE ACTION AS THIS IS BEING HANDLED
BY JENSEN. JENSEN ALSO TOLD ME THAT NO COPIES OF THE BERKELEY OR
OAKLAND POLICE REPORTS OR REPORTS FROM JENSEN'S OFFICE HAVE BEEN

I TOLD BROWNING THAT BASED ON THIS I COULD SEE NO REASON FOR THIS INFORMATION TO BE FURNISHED. HE THEN COMMENTED THAT PROBABLY THE FINAL DECISION WOULD HAVE TO BE MADE BY ATTORNEY GENERAL SAXBE.

I AM SURE THE BUREAU WILL AGREE THAT WIDE DISSEMINATION OF OUR INFORMATION IS UNDESIRABLE AND THAT THERE IS NO BASIS AT THIS TIME FOR THE STATE ATTORNEY GENERAL'S REQUEST. I STRONGLY FEEL THAT IN THE ABSENCE OF FURTHER INFORMATION UNDER NO CIRCUMSTANCES SHOULD RESULTS OF OUR INVESTIGATION BE FURNISHD TO YOUNGER'S OFFICE.

WITH REGARD TO VISIT BY HEARST AND LEFT WING ATTORNEY. VINCENT HALLINAN, WITH CLIFFORD JEFFERSON, AKA "DEATH ROW JEFF", SELF-PROCLAIMED SLA LEADER AT CMF. VACAVILLE ON MARCH II, 1974, THE FOLLOWING ADDITIONAL DATA CONCERNING THIS MATTER IS SET FORTH: ON THE EVENING OF MARCH 12. 1974. IN CONVERSATION WITH SAC. MR. HEARST RELATED THE FOLLOWING: HE SAID HE HAD GONE TO VACA-VILLE WITH VINCENT HALLINAN AND HAD TALKED TO "DEATH ROW. JEFF". IN SUMMARY. JEFF FELT THAT THE CHANNEL BETWEEN HIMSELF, REMIRO, AND LITTLE TO THE SLA HAD BEEN CUT OFF, THAT THE ONLY WAY TO RE-ESTABLISH THE CHANNEL WOULD BE FOR REMIRO AND LITTLE TO GO ON NATIONAL TELEVISION. THEY WOULD INDICATE. ACCORDING TO HEARST. THAT THE SLA SHOULD RELEASE PATTY AND THEN GIVE SOME KIND OF SIGNAL TO THE SLA TO TELL THEM THAT ARRANGEMENTS WOULD BE WORKED OUT FOR THOSE HOLDING PATTY TO BE ALLOWED TO LEAVE THE COUNTRY. HEARST SAID THAT HALLINAN WAS PROCEEDING TO SET UP THE TELEVISING OF: A STATEMENT BY REMIRO AND LITTLE. SAC TOLD HEARST THAT ANY DECISION TO GRANT APPROVAL FOR THESE PEOPLE TO LEAVE THE COUNTRY FREELY WOULD HAVE TO BE MADE ON THE HIGHEST LEVEL. HEARST OBVIOUSLY FEELS THAT AN ASSURANCE FROM THE KIDNAPERS THAT THEY WILL RELEASE PATTY ONCE THEY LEAVE THE COUNTRY IS SOUND AND IS CERTAINLY NOT END OF PAGE TEN ___

RE SLA DEMANDS FOR NATIONAL TELEVISION COVERAGE FOR JOSEPH REMIRO AND RUSSELL LITTLE:

AS PREVIOUSLY REPORTED, SLA HAS DEMANDED THAT LITTLE AND REMIRO BE ALLOWED TO APPEAR BEFORE NATIONAL TELEVISION. THEIR LEGAL COUNSEL HAVE INDICATED THAT THEY FAVORED SUCH AN APPEARANCE AND WOULD CONTACT SUPERIOR COURT JUDGE ON MARCH 13, 1974 IN ORDER TO OBTAIN LATTER'S PERMISSION FOR THEIR APPEARANCE. IT SHOULD BE NOTED THAT "GAG" RULE PREVIOUSLY IMPOSED BY COURT.

CONCERNING THIS MATTER, SUPERIOR COURT JUDGE SAM HALL INDICATED THIS DATE THAT HE WOULD TAKE THIS PLEA FOR TELEVISION APPEARANCE BY SLA PAIR UNDER ADVISEMENT AND WOULD RETURN HIS DECISION ON MONDAY, MARCH 18, 1974.

IT SHOULD BE NOTED THAT HALL HAS PUBLICLY INDICATED HE WAS RELUCTANT TO ACT ON SO UNPRECEDENTED A REQUEST AND INDICATES HIS DUTY LAY IN THE HANDLING OF THE CONTRA COSTA CASE AND NOTHING ELSE.

Memorandum

i i z o i i o i co i co i

DATE: 3-14-74

7 FROM E. S. MILLER/

MR. CALLAHAN

SUBJECT: HEARNAP

VAMM

SAC, San Francisco, has advised by teletypes, both dated Talephone Res 3-13-74, in captioned matter that USA James Browning of San Francisco has been putting the pressure on SAC to furnish California Attorney General Younger copies of reports of San Francisco's investigation in HEARNAP. Director instructed this matter be discussed again with Attorney General Saxbe.

On 3-14-74 I did discuss the situation with the Attorney General in his office, at which time Mr. Saxbe indicated that Browning had been in contact with them. Attorney General stated that he understood "Charlie's" problem and point of view, but that Attorney General felt it would be best if SAC could in some way placate Younger since at some point in the future Younger, being a politician, may criticize the FBI for not allowing Younger to assist in solution of this case. Attorney General stated you never know when something is going to happen in an investigative situation and he didn't want to give Younger the opportunity to come back and beat us over the head with it for the above reasons.

Attorney General stated that it was his desire that SAC advise USA Browning that SAC is establishing liaison with Younger regarding this request to determine exactly what and why Younger feels he needs the investigative information and that thereafter SAC would work out necessary details to provide Younger with some data.

Attorney General stated that he did not feel that SAC should furnish data to Younger which would be detrimental to the investigation but he did feel that FBI, San Francisco, could give him something which would make him feel part of the effort out there.

RECOMMENDATION: That the above information and desires of the Attorney General be furnished to SAC, San Francisco with request that SAC advise results of contact with Younger which should be furnished to Attorney General for his information.

ADDENDUM: ESM:pmd 3-14-74:

At your request I discussed this matter with Charlie Bates who stated that he feels that USA Browning may not be portraying the accurate facts in this case. Bates said he knows that one of Younger's assistants in the state system has complained recently that he, the assistant, had not been advised of the investigative results of HEARNAP. SAC stated that he doubts whether this request is coming from Younger but that he knows Younger very well and can discuss the matter with him. He said that he would determine as requested by the Attorney General exactly why and what Younger is alleged to want and that SAC will thereafter advise Bureau prior to taking any further action. I asked SAC not to contact Younger until this action was approved by the Director and told SAC that we would get appropriate instructions out to him so that he can handle the matter first thing in the morning on 3-15-74.

Morrow On 3/14/74, Inspector Richard J. Gallagher and Director Sec's met with the Director and discussed the Hearst case. As a result of this discussion, the Director suggested that the FBI may take a more aggressive stand following the proposed press conference of Remiro and Little. This aggressive action would first require that the victim's father in a public statement flatly advise that he will go no further in cooperating with the Symbionese Liberation Army demands and that the FBI knows who the kidnapers are and perhaps even name those individuals whom we are definitely certain are involved.

The Director indicated that this proposal should be discussed first with Assistant Director Gebhardt and then forwarded to SAC Bates in San Francisco for his comments. A discussion was held regarding the proposal by Messrs. Gebhardt, Gallagher and Morrow. SAC Bates was advised of the proposal in detail on 3/15/74, at 10:30 a.m. SAC Bates indicated he would closely evaluate the proposal and telephonically advise the Director with his comments.

Also on 3/15/74, at 9:50 a.m. the Director spoke with Mr. Gebhardt regarding this proposal. Mr. Gebhardt commented that the proposal indeed had merit but he was reluctant to endorse it fully at this time because of the recent developments in this willingness to cooperate with us, the case, i.e., activities or and the informant Mr. Gebhardt also advised that the san francisco Office's investigation was proceeding well and it was anticipated that a break in this case would soon be forthcoming.

For the information of SF, referenced communication, dated 2/21/74 states that DE FREEZE indicated a three year attendance at a New York Vocational Institute for painting and decorating which allegedly qualified him for supervision of all forms of residential and individual remodeling and decorating. In 1960, DE FREEZE was incarcerated at the Coxsackie Correctional Facility, formerly known as the New York State Vocational Institute, and it appears that this facility is identical to the allegation made by DE FREEZE which sets forth his qualifications in the decorating field. FOLLOWING IS RESULTS OF FURTHER LAB EXAMINATION OF SECOND CASSETTE TAPE RECEIVED IN CAPTIONED CASE. THIS IS FIRST CASSETTE RECEIVED AT GLIDE MEMORIAL UNITED METHODIST CHURCH.

NOISE ON SECOND TAPE CONTAINS WHAT IS MOST PROBABLY A RADIO PLAYING IN EACKGROUND. BEGINNING WITH START OF VICTIM'S MESSAGE A BACKGROUND VOICE, PROBABLY FROM RADIO. IS AUDIPLE. THE FOLLOWING SEQUENCE OF EVENTS WAS NOTE D.

AT SEVENTEEN SECONDS INTO THE RECORDING A SONG BE GINS. NOT YET IDENTIFIED, AND PLAYS FOR APPROXIMATELY 43 SECONDS. SONG ENDS FOLLOWED AGAIN BY BACKGROUND VOICE.

BACKGROUND VOICE CONTINUES FOR A PERIOD OF TIME MEASURED AT FIVE MINUTES. AT THE END OF THE FIVE MINUTE

CONVERSATION, A PORTION OF A SECOND SONG IS AUDIELE. SONG
IS IDENTIFIED A S "TIL," AND POSSIELY IS AN INSTRUMENTAL
VERSION. A FEW SECONDS LATER RECORDER IS TURNED OFF,
TURNED ON AGAIN AND BACKGROUND VOICE FROM RADIO CONTINUES.

THE ABOVE SEQUENCE OF EVENTS SUGGESTS THAT THE SONG "TIL" COULD HAVE BEEN IMMEDIATELY PRECEDED BY A NEWS BROADCAST OR OTHER SIMILAR COMMENTARY WHICH IN TURN WAS PRECEDED BY A COMMERCIAL OR THE INTRODUCTORY SONG FOR THE COMMENTARY. IT IS NOT POSSIBLE TO DETERMINE HOW LONG THE RECORDER HAD BEEN TURNED OFF FOLLOWING THE SECOND SONG.

IN VICTIM'S CONVERSATION, FOLLOWING THE PHRASE "I
MEAN I HOPF YOU CAN DO SOMETHING ABOUT THAT AND IF YOU
CAN'T WELL" VICTIM PAUSES. AT THAT MOMENT A FAINT MALE
VOICE SAYS "WF'LL DO SOMETHING ABOUT IT." VOICE IS NOT

REVIEW OF ALL THREE CASSETTES RECEIVED TO DATE
REVEALS THAT IN EACH TAPE VICTIM INCLUDES A STATEMENT
REGARDING CURRENT EVENTS POSSIELY READ FROM A NEWS_
PAPER. THIS APPEARS TO BE A TECHNIQUE BEING USED TO
INDICATE THE DATE MESSAGE WAS RECORDED, AND THEREFORE
A MEANS OF ESTABLISHING THAT VICTIM WAS ALIVE ON THAT
DATE. STATEMENT INCLUDED IN EACH TAPE ARE THE
FOLLOWING:

IN TAPE NUMBER ONE, RECEIVED AT STATION KPFA, VICTIM SAYS "AND TODAY'S FRIDAY THE EIGHTH AND IN KUWAIT THE COMMANDOS NEGOTIATED THE PELFASE OF THEIR HOSTAGES AND THEY LEFT THE COUNTRY." THIS STATEMENT OCCURS AT END OF VICTIM'S MESSAGE.

TELETYPE TO SAN FRANCISCO RE: HEARNAP 7-15200

IN TAPE NUMBER TWO, RECEIVED AT GLIDE MEMORIAL UNITED METHODIST CHURCH VICTIM SAYS "ON WEDNESDAY SOLZHENITSYN WAS EXILED TO WEST GERMANY." STATEMENT AGAIN OCCURS AT END OF HER MESSAGE.

IN TAPE NUMBER THREE IVICTIM SAYS "TODAY IS THE NINETEENTH AND YESTERDAY THE SHAH OF IRAN HAD TWO PEOPLE EXECUTED." ABOVE STATEMENT OCCURS AFTER MESSAGE BY MALE VOICE:. HOWEVER, RECORDER WAS STOPPED AND STARTED PRIOR TO VICTIMS STATEMENT AND THERE FORE TIME ELAPSED BUTWEEN MALES MESSAGE AND VICTIM'S STATE.

letters, the SLA has claimed credit for the kidnaping and these claims are undoubtedly true.

The first Communique in the HEARST matter was a letter from the SLA, received at Berkeley Radio Station KPFA, on 2/7/74, enclosing the victim's Mobil Oil Credit Card. The second HEARST Communique was a cassette received at KPFA on 2/12/74, containing the voice of SLA Field Marshal "CINQUE", the victim, and what appeared to be another Negro male. The third Communique was a cassette recovered by Payerend CECIL WILLIAMS from the San Francisco Airport Bus Terminal on 2/16/74. The majority of this cassette was speaking by the victim with a short part at the end by "CINQUE". The fourth HEARST Communique was a cassette in which "CINQUE" did most of the speaking with a short ending by the victim. No Communiques have been received since 2/20/74, and the whereabouts of the victim is unknown.

"CINQUE" has been identified as DONALD DAVID.

DE FREEZE, a Negro male who escaped from Soledad Prison on 3/5/73. DE FREEZE is apparently the head of the SLA and directs it with an iron hand (UFAC Fugitive).

In addition to DE FREEZE, the SLA members listed below are prime suspects in HEARNAP and their whereabouts are unknown. All are believed to have been recent residents of the Berkeley-Oakland, California, area:

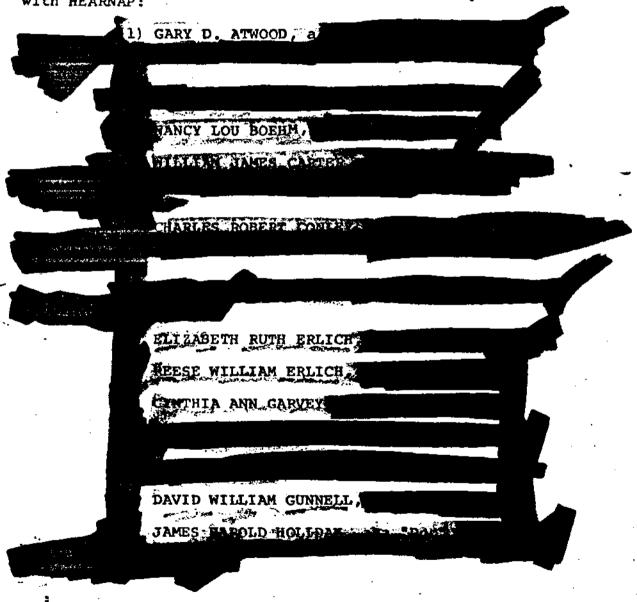

(1) SHERO WHEELERS

- (2) EMILY HARRIS, a female Caucasian;
- (3) WILLIAM THE HARRIS, a male Caucasian;
- (4) PATRICIA MICHELLE SOLTYSIK, aka Mizmoon Monique Soltysik, "Zoya", a Caucasian female;

A definite conclusion was not reached whether the questioned writing on items submitted in this case, case captioned "SYMBIONESE LIBERATION ARMY (SLA)," or case captioned "AUGUST SEVENTH GUERRILLA MOVEMENT (ASGM)" was prepared by EMILY HARRIS, based upon the additional available purported writing on K20, due to the presence of unexplained variations and the lack of sufficiently comparable writing.

For the information of the Bureau, Cincinnati, and San Francisco, initially appeared intelligent and coherent during the interview, although he continually manifested an attitude of fear for his personal safety. He further claimed possession of a gift of "prophetic vision" and related several dreams including one such dream in which PATRICIA HEARST, crying and beaten, was visualized as a captive in a rural communal setting, surrounded by blacks and whites. In further requested he be allowed to contact other gifted prophets such as JEAN DIXON, and to be released to travel to San Francisco, California in an attempt to locate PATRICIA HEARST through prayer and visions. HEARST 3-13 DAY LD

BY ART MCGINN

SAN FRANCISCO (UPI) -- THE FIANCE OF PATRICIA HEARST ADMITTED TUESDAY THAT THERE HAVE BEEN FAMILY DISAGREEMENTS ON HOW TO MEET THE RANSOM DEMANDS OF THE SYMBIONESE LIBERATION ARMY (SLA), WHICH KIDNAPED THE 20-YEAR-OLD HEIRESS FEB. 4.

THERE HAVE BEEN JUST "TOO MANY OPINIONS," ON WHAT TO DO, HE SAID, ADDING THAT THE VARIOUS PROPOSITIONS CAME BOTH FROM INSIDE AND OUTSIDE THE FAMILY AND THAT THIS WAS "STULTIFYING THE SITUATION."

ASKED WHETHER HE WOULD BE A SUBSTITUTE HOSTAGE, HE SAID: "IT ALL DEPENDS ON THE CIRCUMSTANCES. I WOULDN'T RULE IT OUT."

STEVEN WEED'S AFPEARANCE ON EDUCATIONAL TELEVISION STATION KOED AND AT A NEWS CONFERENCE CAME AFTER MISS HEARST COMPLAINED IN A TAPE-RECORDED MESSAGE THAT HE HAD NOT BEEN HEARD FROM SINCE JUST AFTER THE ABDUCTION. THE TWO MEN AND A WOMAN WHO BROKE INTO MISS HEARST'S APARTMENT THAT NIGHT BEAT HIM BUT LEFT HIM BEHIND.

"I DON'T HAVE A PARTICLE OF DISAGREEMENT WITH THE WAY SHE IS HANDLING HERSELF ... I'M VERY IMPRESSED, " WEED, 26, A UNIVERSITY OF CALIFORNIA GRADUATE STUDENT, TOLD KQED.

HE ADDED, "I WANT TO SAY TO HER (PATTY) WE CERTAINLY HAVEN'T

HE ADDED, "I WANT TO SAY TO HER (PATTY) WE CERTAINLY HAVEN'T FORGOTTEN ABOUT HER AND I CAN SEE WHY SHE MIGHT BE SOMEWHAT IRRITATED. BUT I THINK SHE AND EVERYPODY SHOULD REALIZE THAT WE'RE BEEN UNDER A LOT OF TENSION."

IN ANOTHER DEVELOPMENT, ATTORNEYS FOR TWO ACCUSED SLA ASSASSINS WERE TO GO INTO COURT TODAY TO TRY TO GET PERMISSION FOR THE SUSPECTS TO DELIVER A MESSAGE TO THE KIDNAPERS ON NATIONWIDE TELEVISION.

JOSEPH REMIRO, 27, AND RUSSELL LITTLE, 26, WERE ACCUSED OF KILLING OAKLAND SCHOOL SUPERINTENDENT MARCUS A. FOSTER NOV. 6. THEY WERE ALSO CHARGED WITH ASSAULTING POLICE IN CONCORD, A COMMUNITY NORTH OF OAKLAND.

THEY SAID THEY HAD A PROPOSAL WHICH COULD LEAD TO MISS HEARST'S RELEASE, BUT THEY WOULD NOT REVEAL THE DETAILS UNLESS GIVEN TELEVISION TIME.

WASHINGTON CAPITAL NEWS VERVICE 7-15200 - 1008

WILLIAM GAGIN, A DEFENSE LAWYER, SAID THE GIST OF THE MESSAGE WOULD BE: "THE SLA SHOULD PROCEED TO RELEASE PATTY HEARST AND NOT BE CONCERNED ABOUT THE DEFENDANTS BECAUSE THEY FEEL, THROUGH THE JUDICIAL PROCESS. THEY WILL BE FAIRLY TREATED."

GAGIN SAID HE HAD MET WITH SOME RESISTANCE ON THE TELEVISION APPEARANCE FROM ALAMEDA COUNTY DISTRICT ATTORNEY LOWELL JENSEN AND

SHERIFF FRANK MADIGAN.

THE ABC AND NBC NETWORKS SAID THEY MIGHT COVER SUCH AN APPEARANCE, BUT A CBS SPOKESMAN SAID ONLY THAT THE NETWORK HAD HEARD NOTHING OFFICIAL ABOUT IT.

IN HIS MEETING WITH REPORTERS OUTSIDE THE HILLSBOROUGH MANSION OF HIS FIANCE'S FATHER, RANDOLPH A. HEARST, EDITOR AND PRESIDENT OF THE SAN FRANCISCO EXAMINER, WEED LABELED AS COMICAL" THE WAY CHARLES BATES, THE FBI AGENT IN CHARGE OF THE KIDNAP INVESTIGATION, WAS HANDLING THE FAMILY.

THE SAID WHEN BATES ENTERS THE FAMILY HOME, HE "SITS DOWN, HAS A DRINK, JUST SITS DOWN AND CHATS." HE ADDED HE WAS AMAZED AT "HOW ADEPT BATES IS AT NOT TELLING US ANYTHING."

HEARST SAID HE WOULD MAKE NO FURTHER STATEMENTS UNTIL THE DECISION ON REMIRO'S AND LITTLE'S TELEVISION APPEARANCE WAS SETTLED IN COURT.

HE DID SAY HE WOULD REVAMP THE \$2 MILLION FOOD GIVEAWAY PROGRAM TO IMPROVE IT AND THE NEXT DISTRIBUTION TO THE POOR WOULD PROBABLY BE FRIDAY. THE SLA HAD COMPLAINED THE FIVE PREVIOUS DISTRIBUTIONS WERE INADEQUATE.

HEARST 3-12

2ND NIGHT LD 278A

BY ART MCGINN

SAN FRANCISCO (UPI) -- THE FIANCE OF KIDNAPED PATRICIA HEARST WENT BEFORE TELEVISION CAMERAS TUESDAY TO ASSURE HER SHE HAS NOT BEEN FORGOTTEN AND TO SUPPORT THE WAY SHE IS "HANDLING HERSELF."

STEVEN WEED, 26, WHO WAS WITH PATRICIA WHEN SHE WAS ABDUCTED BY THE SYMBIONESE LIBERATION ARMY FEB. 4, ALSO SAID THERE HAS BEEN SOME DISAGREEMENT WITHIN THE HEARST FAMILY ON HOW TO MEET THE SLA'S DEMANDS.

WEED TOLD KQED-TELEVISION: "I DON'T HAVE A PARTICLE OF DISAGREEMENT WITH THE WAY SHE IS HANDLING HERSELF ... I'M VERY IMPRESSED."

ON THE FAMILY DISAGREEMENTS, HE SAID THAT THERE HAD BEEN JUST "TOO MANY OPINIONS" ON WHAT TO DO. THE OPINIONS, HE SAID, CAME NOT JUST FROM THE FAMILY BUT MANY OTHERS AND THIS WAS "STULTIFYING THE SITUATION."

ASKED BY KQED'S MARILYN BAKER WHETHER HE WOULD ACT AS A SUBSTITUTE HOSTAGE, WEED SAID: "IT DEPENDS ON THE CIRCUMSTANCES. I WOULDN'T RULE IT OUT."

AND WEED CALLED IT "COMICAL" THE WAY CHARLES BATES, THE FBI AGENT IN CHARGE OF THE KIDNAP INVESTIGATION, WAS HANDLING THE FAMILY. HE SAID WHEN BATES ENTERS THE FAMILY HOME IN HILLSBOROUGH, HE "SITS DOWN, HAS A DRINK, JUST SITS DOWN AND CHATS." HE ADDED HE WAS AMAZED AT "HOW ADEPT BATES IS AT NOT TELLING US ANYTHING."

HE SAID HE FELT PATTY BELIEVED "TO A DEGREE" THE SLA CLAIM THE FBI WANTED HER TO DIE TO DISCREDIT THE UNDERGROUND ORGANIZATION. HE ADDED THAT, IF PATTY DIED IN AN FBI INVASION OF THE SLA HIDEOUT, "IT WOULD COME OUT IN FAVOR OF LAW ENFORCEMENT."

IN A RELATED DEVELOPMENT, LAWYERS FOR TWO JAILED SLA MEMBERS SAID THEY HAD AGREED ON A PLAN FOR THE TWO TO APPEAR ON NATIONWIDE TELEVISION AS DEMANDED BY THE KIDNAPERS AND WOULD SEEK COURT PERMISSION FRIDAY FOR THEM TO DO IT.

ONE LAWYER, WILLIAM GAGIN, TOLD KNBR RADIO OF SAN FRANCISCO THAT THE GIST OF THE SUSPECTS' MESSAGE WOULD BE: "THE SLA SHOULD PROCEED TO RELEASE PATTY HEARST AND NOT BE CONCERNED ABOUT THE DEFENDANTS BECAUSE THEY FEEL, THROUGH THE JUDICIAL PROCESS, THEY WILL BE FAIRLY TREATED."

Fat Hearst's Fiance Denies She Was Involved in Kidnap

By ALTON SLAGLE

San Francisco, March 12—Steven Weed, the fiance of kidnaped newspaper heiress Patricia Hearst, said today that he wanted to "lay to rest" speculation that Patricia was involved with the Symbionese Liberation Army in her own kidnaping.

Weed, 26, appeared briefly outside the home of Patricia's father, Randolin Hearst. It was only his second statement to reporters since he was severely beaten when Patricia was dragged from their Berkeley apartment on Feb. 4.

Weed said he and Patricia had been "together constantly the past two years" and "know what each of us thinks." Until two months ago, he said, Patricia had no particular political point of view, although "by the time this is over" she doubtlessly will.

He said he would not testify in any rourt cases if Patricia is, released unharmed, and I think I can make the same promise for Patty." He said he had "a lot to say" about FBI involvement in the kidnaping, but will do so at a later time.

Weed said there were a number of new points being discussed within the Hearst family as to how the situation involving Patricia should be handled; but that it was decided early to allow one family member to express these feelings. Patricia's father was

In a reference to a statement made by Patricia in a tape-recorded communique delivered by the kidnapers Saturday, in which the 20-year-old coed said she feared that the family was doing nothing to help her, Weed said, "I think she's starting to wonder if we're doing everything we can"

Don't Know What to Do

"It may appear we've not done all we can do," he said. "Everybody's been under a lot of tension. We really didn't know what to do or say."

Weed acknowledged that while he was attending l'rinceton in 1968 and 1969 he had friends in the left-wing Students for a Democratic Society, but he insisted, "I was in no way politically involved."

He also said that his knowledge of the Symbionese Liberation Army came only from "what I have read in the newspaper."

Mcanwhile, plans were worked out in Alameda County today for two soluters" in the army who

are now awaiting trial for the murier of Oakland School Super-intendent Marcus Foster to hold a live nationwide television press conference This is one of the demands contained in the latest communique from the Symbionese Liberation Army.

Murder of a Black

Joseph Remiro, 29, and Russell Little, 26, are being held in Alameda County Jail in Oakland in connection with the murder on Nov. 6 of Foster, that city's first black school superintendent. They also are charged in neighboring Contra Costa County with the attempted murder on Jan. 10 of a Concord policeman who had stopped them for a traffic check.

Attorney William Gagin said tentative approval was reached today in the Alameda County Court for the two men to read a statement in the presence of one pool reporter and cameraman, with no discussion of the cases pending against the men.

man, with no discussion of the cases pending against the men. In Contra Costa County, Superior Court Judge Sam Hall told attorncy James Jenner that he would issue a ruling on the conference tomorrow. Both Remiro and Little have agreed to the new ground rules for the conference, their lawyers said. Last week, in a letter to a Berkeley radio station, the two men said they had some "propositions" that might bring about the release of Patricia.

Heavet le in Favor

The girl's father said yesterday that he favors such a conference, and will "do everything I possibly can" to arrange it. "They might say something that would help us in our future negotiations" with the Symbionese Liberation Army, he said.

Meeting with Hearst at the newspaper executive's Hills-borough mansion today was A. Ludlow Kramer, the volunteer administrator of the People In Need free-food program. Officials of the project worked feverishly to buy \$1 million worth of "high quality" goods for a massive giveaway to satisfy the latest demands of the kidmapels.

New Sites to Be Ready

hramer said he hoped to have the food, and new distribution sites throughout the Bay Area; ready by Friday. He announced yesterday that he was abandoning any attempt to set up an "ongoing" program in favor of a massive givenway that would be staged in one, two or three segments.

The program was originally envisioned as a continuing one designed to supply supplemental food items to poor Californians. But the Symbionese Liberation Army continues to insist on a one-time distribution of "\$70 worth of high-quality" fresh meats, produce and packaged goods to all comers as a prelude to the particular of the patricia's release.

TWO WANT TV TIME ON HEARST RELEASE

SAN FRANCISCO, March 12 (AP)—Attorneys for two imprisoned members of the Symbionese Liberation Army said today that they would seek permission for the men to make a televised statement on their plan to win the release of Patricia Hearst.

James Jenner and William Gagen, the attorneys, said they would submit their requests tomorrow to Superior Court Judge Sam Hall of Contra Costa

County.

The prisoners, Joseph Remiro and Russell Little, last week demanded a nationally televised news conference to discuss their ideas for winning the release of Miss Hearst, who was kidnapped Feb. 4 and is being held as a "prisoner of war" by the Symbionese organization.

Meanwhile, the 20-year-old Miss Hearst's fiance, Steven Weed, said he believed she was sincere in expressing doubts in a taped message last weekend about the efforts of her femily to win her release.

family to win her release.

Mr. Weed, who was beaten severely when Miss Hearst was abducted from her Berkeley apartment, said: "I think she is starting to wonder if we are doing everything we can. The rhetoric isn't hers, but she is very singers about it."

TO : SAC, SAN FRANCISCO (7-855)(P)

DATE: 3-16-74

FROM

SUDJECT: HEARNAP

Re nows release of RANDOLPH A. HEARST, 3/16/74.

On 3/16/74 a printed release was made by RANDOLPH A. HEARST to the press which is as follows:

"Larlier this wask I stated that I would have a detailed response to the latest comminique from the SLA. By reason for not doing this to date is that this last massage is more complicated than previous messages in that it doals with more objectives. As an example, the People In Need program has been temporarily halted so that the next distribution will concur more fully with the SLA demands.

"I am doing all I can to facilitate the appearance of RUHRO and LITTLE for a televised news conference. I believe such an appearance can be very helpful to the release of PATRICIA. Unfortunately, these things take time as the people involved include lawyers, judges, District Attorneys, and sheriffs.

"I have not broken my word to the SIA and I am doing everything I can to carry out their demands. The one thing I want above all is to get PATTY home as quickly as possible, and, I repeat, I am doing all I can to bring this about.

"I would rather not hold a major news conference at this time because there comes a time when open discussion can become detrimental to a situation."

Microscopic Analysis

You are being advised separately concerning results of the latent fingerprint and Radio Engineering examinations and of the disposition of the submitted evidence.

For your assistance, even though the hand printing and handwriting on Q113, Q126 and Q127 is probably too limited for identification with the writing of any known person, some characteristics in common were observed in comparing the written notation on these items.

Q125 Envelope bearing hand printing "KDIA"

Q126 AMPEX consette tape bearing writing "SLA Side 1, March 74"

Q127 AMPEX Cassette tare bearing writing "SLA March 74"

Clear plastic cassette cover; Phillips Petroleum Also Submitted: Commany credit card in the name "Mr R A Hearst"; KPPs FM 94 envelope; and four latent lifts from Women's Restroom at Foster's Restaurant, 99 - 1st. Street, San Francisco, California

Result of examination:

A definite conclusion was not reached whether the questioned writing on 0125, 0126 or 0127 was prepared by the writer or writers of the unidentified questioned writing on items previously submitted in this case, case captioned "SYMBIOMESE LIBERATION ARMY (SLA) EM" or case captioned "AUGUST SEVENTH GUERILLA MOVEMENT (ASOM) EM", due to the limited amount of writing and the presence of unexplained variations.

Q125 contains no watermarks, indented writing of significance or other characteristics to aid in definitely determining its source.

Specimens Q125 includes a piece of brown plastic tape one and one-half inches wide and nine and one-half inches long with adhesive on one side. One end is cut and the other end is torm. The torn end matches an end of the brown plastic

tape in specimen Q112. The brown tape from Q112 and the brown tape from Q125 were originally one piece.

Specimen Q125 also includes a piece of white plastic tape one and one-half inches wide and six and one-half inches long with adhesive on both sides. Both ends are torn. One end matches an end of the white plastic tape on specimen Q112. The white tape from Q112 and the white tape from Q125 were originally one piece.

The unmatched ends of the Q125 pieces of tape are suitable for comparisons. Fibers of various types and colors are adhering to the pieces of tape. No hairs were found on the tape.

The submitted evidence is being returned separately. Appropriate photographs were made.

By airtel, 3/10/74, San Francisco forwarded to Laboratory a cassette received by KSAN on 3/9/74. Enclosed for FEI Laboratory are the following:

- 1. A) Cellophane evidence envelope containing Ameex 120 recording cassette with message from SLA and PATRICIA HEARST.
 - B) Clear plastic case for cassette.
 - C) Phillips 66 credit card in name of R.A. HEARST.
 - D) Envelope addressed to KDIA with tape attached.

This material was recovered from Foster's Restaurant at 99 - 1st Street, San Francisco, and was furnished to this office on 3/11/74. This recording is apparently the criginal of the cassette previously forwarded to the Bureau and is much more clear.

2. A cellophane envelope containing 1 Ampex 350 recording cassette bearing a notation SLA, March, 1974, and the white envelope in which it was delivered. This is a copy of a cassette furnished to KPFA, FM 94, Berkeley, California, and is apparently another copy of the same recording with an addendum of what appears to be the voice of an Oriental female.

3. Evidence cellophane envelope containing latent fingerprints lifted from the sanitary napkin disposal container located in the Women's Restroom at Foster's Restaurant, 99 - 1st Street, San Francisco, California.

There are also included as enclosures xerox copies of the aforementioned evidence envelopes.

The FDI Laboratory is requested to make all comparisons possible of the cassettes forwarded with those previously submitted in this case. The Laboratory is also requested to compare the handwriting on the one cassette with known handwriting previously submitted in this matter: Symbionese Liberation Army and the August Seventh Guerrilla Movement.

The Identification Division is requested to process all material forwarded for possible latents and with the lifts make comparison of the latents and/or fingerprints previously submitted in this matter and the SLA and the August Seventh Guerrilla Movement. At the conclusion of the examination, this material should be returned to the San Francisco Division.

- Q17 Envelope postmarked "U.S. POSTAL SERVICE, NY 114 PM 24 FEB 1974' bearing typewritten label address "Governor William C. Milliken, Lansing, Michigan"
- Q18 Copy of one-page typewritten letter beginning "YOU SHOULD ALSO DEMONSTRATE..."

Result of examination:

Q18 is a copy made from the same original as other letters submitted in this case, utilizing what appears to be a mimeograph type process.

The typewriting on Q17 is on pressure sensitive adhesive backed labels attached to the envelope.

The typewriting on the address label which is pica type, spaced ten characters per horizontal inch, is too limited to classify. However, the typewriting on Q17 corresponds to the style of type on other address labeled envelopes submitted previously in this case. Also, the typewriting on Q18 which is elite type, spaced twelve characters per horizontal inch, is too limited and too indistinct to permit classification as to make.

Indented writing was observed on the front of Q17. This indented writing appears to read as follows:

168 Postal Dept

Insp. Mills 11/114 is for Long Island Terminal

(over)

Q18 contains the watermark "Parsons Edgemont Bond 50% cotton fiber." This watermark is registered to the NVF Company, P.O. Drawer 311, Wilmington, Delaware.

No other watermarks, indented writing of significance or other characteristics were observed to aid in determining the source of the submitted items. An eight-cent U. S. Postal Service stamp, torn from a roll of stamps, is affixed to Q17.

Q17 and Q18, which have been photographed, are being returned separately.

The typewriting on the address labels on envelopes submitted in this case, although too limited to classify, corresponds to the same style of type.

For your essistance, it was noted that the typewriting on the city and state portions of the addresses on the address labels on many of the envelopes submitted in this case is inked heavier and is out of register with the name portions of the address on the envelopes, indicating that the name portion of the addresses was typed on each label by a separate typewriting operation than the city and state portions of the addresses. NOTE:

of

Technology Service Corporation specializes in computer techniques for signal enhancement and processing and does contract work in these areas for the who is personally known to the Laboratory, is military and CIA, or this company and he has offered his services to attempt to determine whether computer processing of the second tape might be employed to enhance the background voice.

The second SLA tape is the only tape received to date which contains substantial background voice information, possibly from a radio or television. The background voice is however low level, considerably muffled, and has thus far defied conventional enhancement techniques. It is felt that retreival of this background would be of investigative value to this case.

Bureau indices reflect no information with respect to Technology Service Corporation.

The questioned writing on Q114 is a block type hand printing, which is a common type disguise and which will likely preclude identification of this writing with the { writing of any known person. A definite conclusion was not reached whether the questioned writing on Q114 was prepared by the writers of the unidentified questioned writing, the known writing or the purported known writing on items submitted in this case, the case captioned "SYMBIONESE LIBERATION ARMY (SLA)," or case captioned "AVGUST SEVENTH GUERRILLA MOVEMENT (ASGM)," due to the probable presence of disguise in the questioned writing on Q114. Q114 contains the watermark "CRAHE'S KID FINISH." This watermark is registered to Crane & Co., Inc. Dalton, Mass. No other watermarks, indented writing of significance or other characteristics to aid in definitely determining the source of the submitted items was found. An eight-cent U. S. HEARNAP SPECIAL SUBJECT: In connection with recent telephone call regarding compensatory leave being earned by clerical employees who have performed duties relating to above case. Attached is a list of the compensatory leave carry-over for pay period ending March second last. It is anticipated that the average overtime performed by clerical employees for the next two weeks will be over six hundred hours with the emphasis on the Dupliation and Communications Unit. Bureau is requested to give consideration to paying employees for overtime performed rather than have a build up of compensatory leave. It would alleviate a problem in some specialized positions such as in the Duplication and Communications Unit, where employees would be hard to replace thus handicapping the office for a long period of time while they utilized their compensatory leave. MAR 20 1974 frative Division, Page 2. See Addendum of A Bureau (encl) San Francisco JTK:MS (4) Sent Approved: AND Special Agent in Charge

ADDENDUM OF ADMINISTRATIVE DIVISION

RJS:bpf 3-13-74

This matter has been discussed with the General Investigative Division which concurs with SAC's recommendation to pay clerical employees, assigned duties relating to the Hearst kidnapping special, overtime for hours worked beyond their normal tour of duty.

Data Processing Section, Computer Systems Division, has computed the dollar cost of the hours of overtime reflected on enclosure to San Francisco airtel of 3-4-74, at \$4,328.20. Overtime performed for compensatory leave involves 52 employees who worked a total of 734 hours, ranging from as little as 1/4 hour by 1 employee, to as high as 83 3/4 hours by another, since this special began on 2-4-74, through 3-2-74. Overtime may be paid in increments as low as 15 minutes. It is not felt, if overtime payments are approved, that we should only pay overtime to those who put in, for example, 8 hours or more, but rather, to all employees who have worked on this special.

ASAC Kelley, San Francisco, advised 3-8-74, that for the period 3/3-7/74, 91 3/4 hours of overtime was performed by 14 clerical employees in grades 3-5, in connection with the Hearnap Special. He also advised that it was expected approximately the same number of hours beyond normal duty hours would be required during ensuing weeks while the Special continues.

Compensatory leave is to be taken by the close of the pay period following the pay period during which it was earned. In extraordinary cases, compensatory leave may be carried for an additional period, but such cases are to be held to a minimum. Since work continues on the Hearnap Special, opportunity to utilize compensatory leave would be minimal, without materially affecting the operations of the Chief Clerk's Office. Continual buildup of compensatory leave will undoubtedly present scheduling problems, particularly with the summer vacation period approaching and thus, handicap the clerical staff in its supportive functions while employees utilized earned compensatory leave.

RECOMMENDATION: That we concur with SAC, San Francisco, and the General Investigative Division in approving overtime payments to clerical employees in the San Francisco Office assigned duties beyond their normal working hours in connection with the Hearnap Special. If you agree, attached is a suggested airtel to SAC.

er of Rewards Disavowed by Hearst

The San Francisco Examiner is advising newspapers that fictitious letters bearing the name of Randolph A. Hearst, father of kidnaped victim Patricia ing of Miss Hearst. The let-Hearst, have been sent out.

The letters are "com-pletely false," the Examin-er said of the messages, which purport to offer rewards for killing the kidnapers.

A photocopied letter with the printed signature, Randolph A. Hearst, reached the Star-News today in an envelope with a Washington postmark and "immediate release" imprinted in the upper left-hand corner. There was no return address.

The letter offers \$20,000 to any person or group "who

kills any member of the Symbionese Liberation Army," the mysterious group that has claimed responsibility for the kidnapter also offers \$100,000 for the killing of "one of the three individuals who carried out the kidnaping."

Miss Hearst, 20, was kidnaped on Feb. 4. A \$2 million food distribution program is being conducted in California in her father's attempt to meet ransom demands.

Hearst, editor of the Examiner, is represented in the disavorred letter as stat-ing that 'the government whose duty it is to defend civilized humanity against such outrages has not don! so," and vowing to avenge, his daughter.

PONTAINS NUMEROUS PHOTOGRAPHS, SOME OF WHICH DEPICT WHAT APPEARS TO BE A FARM AND IN SOME OF THESE PHOTOS AT A DISTANCE ARE TWO AND POSSIBLY THREE LARGE SERVICE STATION SIGNS. ONE OF THESE PHOTOS WAS CONVERTED TO A POSTCARD BEARING THE NOTATION "ASHLAND, OREGON, OCTOBER 1971". TISO, TONE OF THESE PHOTOS SHOWS A TEXACO SIGN. ONE UNION 76 SIGN. AND POSSIBLY A PHILLIPS 66 SIGN. OIL. LOS ANGELES. ADVISED THAT THE ABOVE LOCATION COULD BE ASHLAND. OREGON AT THE INTERSECTION OF INTERSTATE FIVE AND HIGHWAY 66 OR AT PHOENIX. OREGON ON INTERSTATE FIVE. UNION OIL STATES THAT ONLY UNION STATION ON INTERSTATE FIVE IN ASHLAND WAS AT HIGHWAY 66. BECAUSE OF RURAL SURROUNDINGS AND FACT THAT MIZMOON IS OUTDOOR ENTHUSIAST. IT IS FELT THAT WAS A POSSIBLE CAMPING SITE BY MIZMOON. OUR PORTLAND OFFICE HAS ADVISED THAT THEY HAVE CONDUCTED AN INVESTIGATION IN THE VICINITY OF INTERSTATE FIVE AND HIGHWAY 66 IN ASHLAND. OREGON AND BASED ON THE INFORMATION AVAILABLE, THIS DOES NOT APPEAR TO BE THE LOCATION OBSERVED IN THE PHOTOGRAPHS. IN THAT THESE PHOTOGRAPHS SHOW TEXACO. UNION 76. AND POSSIBLY PHILLIPS 66. AND THE ARCO AND THE PHILLIP 66 SERVICE STATIONS ARE DIRECTLY ACROSS THE HIGHWAY FROM THE UNION 76. AND THEY HAVE HIGH ADVERTISING SIGNS AS DOES THE CHEVRON SERVICE STATION WHICH IS DIRECTLY ACROSS FROM THE TEXACO SERVICE STATION ON HIGHWAY 66. INVESTIGATION ON INTERSTATE FIVE, PHOENIX, OREGON, DISCLOSES ONE ARCO STATION AND A CLOSED TEXACO STATION AND THESE ARE NOT IDENTICAL TO THE ONES IN THE PHOTOGRAPH.

AS HAS BEEN PREVIOUSLY REPORTED. MIZMOON WAS REPORTEDLY EMPLOYED AT A RESTAURANT IN DECEMBER. 1973 WHICH CATERED TO FOREIGN SPEAKING INDIVIDUALS IN BERKELEY. THIS SURVEY. TO DATE, LOCATE THIS EMPLOYMENT HAS BEEN NEGATIVE.

REGARDING NANCY LING PERRY POSSIBLY DRIVING A GREEN DATSUN PICK-UP. AS PREVIOUSLY REPORTED, A FORMER ACQUAINTANCE OF NANCY LING PERRY ADVISED THAT HE SAW HER ON FEBRUARY 15, 1974 ON A FREEWAY 35 MILES FROM SAN FRANCISCO DRIVING WHAT HAS BEEN DESCRIBED AS A LATE MODEL GREEN DATSUN PICK-UP. HE DID NOT GET THE LICENSE NUMBER BUT A PASSENGER IN HIS VEHICLE, WHO IS THE BEST WITNESS AS TO THE DESCRIPTION OF THE VEHICLE, OBSERVED DATSUNS AND PICKED ONE WHICH IS DESCRIBED AS A 1972 MODEL 520 PICK-UP. WHOSE COLOR IS NUMBER 940. KELLY GREEN. OUR LOS ANGELES OFFICE ADVISES THAT NISSAN MOTORS, A DISTRIBUTOR OF DATSUNS. ADVISED THAT 62.000 TO 70.000 DATSUN TRUCKS ARE SOLD YEARLY AND APPROXIMATELY 18,000 OF THESE WOULD BE GREEN IN COLOR AND APPROXIMATELY 20 PERCENT OF ALL DATSUN TRUCKS ARE SOLD WITHIN THE STATE OF CALIFORNIA. THEY ADVISED. HOWEVER. THAT MODEL 520 WAS DISCONTINUED IN JUNE OF 1968 AND REPLACED BY ANOTHER MODEL WHICH WAS SOLD FROM JUNE, 1968 TO JUNE, 1972, WHEN THIS MODEL WAS REPLACED BY ANOTHER MODEL CALLED THE 620. KELLY GREEN WAS MADE AVAILABLE IN JUNE. 1972. IT IS NOTED THAT END PAGE SEVEN

WHEN THE WITNESS OBSERVED THE VARIOUS MODELS OF DATSUNS, HE PICKED ONE, WHICH ACCORDING TO THE DEALER WAS 520 BUT WAS PROBABLY ACTUALLY 521, INASMUCH AS THE DEALER MENTIONED THAT THIS STYLE WAS SOLD FROM 1965 TO 1972. WHEN THE WITNESSES VIEWED THE PICK-UP IN WHICH NANCY LING PERRY WAS DRIVING, THEY STATED IT APPEARED TO BE IN EXCELLENT CONDITION, WHICH WOULD INDICATE THAT THE CAR HAD PROBABLY BEEN REPAINTED. IN VIEW OF THE MAGNITUDE OF CONTACTING DEALERS FOR DATSUN TRUCKS, IT DOES NOT APPEAR THAT THIS INVESTIGATION IS FEASIBLE AT THIS TIME, HOWEVER, WE ARE STILL CONSIDERING THIS MATTER AND WE ARE EXPLORING THE POSSIBILITY THAT IF THIS IS NOT A REPAINTED VEHICLE, IT COULD BE A 1972 MODEL WHICH IS PAINTED KELLY GREEN AND WE ARE REQUESTING LOS ANGELES TO DETERMINE THE DISTRIBUTION OF THIS MODEL AND THE NUMBER OF UNITS DISTRIBUTED.

BASED ON THE ABOVE AND PROVIDING ANY ACTION TAKEN IS NOT IN CONFLICT WITH THE ONGOING HEARNAP INVESTIGATION. VERSIVE CREATIZATION, WHO IN THE PAST HAS BEEN ARRESTED FOR BATTERY ON A POLICE OFFICER AND RESISTING ARREST, HE SHOULD BE CONSIDERED DANGEROUS AND NO ACTION SHOULD BE TAKEN WHICH WOULD JEOPARDIZE THE VICTIM IN THE HEARNAP INVESTIGATION.

NOTE:

Whe VO which was dissolved last fall. As of January, 1974, his employment was unknown and San Francisco has a pending investigation in an effort to determine his current affiliations and activities. Based on our knowledge of him, it would seem he would not hesitate to participate in a political kidnaping for revolutionary objectives. San Francisco has notified University of California Police Department and the Berkeley Police Department is knowledgeable of the above. San Francisco Office has been following through normal police liaison. We believe the above suggested investigation is warranted based on the background of the above circumstances.

RE SAN FRANCISCO SUMMARY MARCH 18, 1974, PAGE 14, POINTING OUT THAT RANDOLPH HEARST HAD ADVISED SAC THAT BY THE END OF THIS WEEK ALL MONEY FOR FOOD PROGRAM WOULD HAVE BEEN SPENT AND HE BELIEVED HE WOULD HAVE TO MAKE A STATEMENT AT THAT TIME SAYING HE HAD DONE ALL HE COULD AND COULD DO NO MORE AND ASK FOR HIS DAUGHTER'S RELEASE.

SAC HAS IN THE PAST ON NUMEROUS OCCASIONS DISCUSSED WITH HEARST THE PROBABILITY THAT HE WILL AT SOME POINT HAVE TO MAKE A STATEMENT THAT HER COULD MEET NO FURTHER DEMANDS. AT WHICH TIME HE WOULD MAKE A PLEA FOR HIS DAUGHTER'S RELEASE. AGAIN ON THE EXEMING OF MARCH 19. 1974, SAC DISCUSSED THIS WITH HEARST. THE FINAL FOOD DISTRIBUTION WILL BE EITHER FRIDAY, MARCH 22, 1974, OR MONDAY

/ MM

END PAGE ONE

7-855

MARCH 25, 1974. WHILE HEARST DOES NOT AGREE WITH THE JUDGE'S RULING,
HE ACCEPTS THE FACT THAT REMIRO AND LITTLE WILL NOT BE PERMITTED
TO GO ON NATIONAL TELEVISION. THEREFORE, THAT SPECIFIC DEMAND OF
THE SLA CANNOT BE MET. HIS DEALINGS WITH RADICAL AND LEFT WING
GROUPS HAS PRODUCED NOTHING SPECIFIC. HE COMMENTED THAT OBVIOUSLY
THESE PEOPLE HAD NO CONTROL OVER KIDNAPPERS OR NO DIRECT CHANNEL
TO KIDNAPPERS, THAT THEY WERE MERELY USING HIM FOR THEIR OWN PURPOSES.

HEARST SEEMS CONVINCED THAT HIS ONLY ALTERNATIVE IS TO MAKE
SUCH A STATEMENT AND APPEAL FOR HIS DAUGHTER'S RELEASE BUT SO FAR
HE HAS NOT DECIDED WHEN SUCH STATEMENT WILL BE MADE. SAC WILL
CONTINUE TO DISCUSS THIS MATTER WITH HEARST SO THAT HE WILL MAKE
THE DECISION AND STATEMENT SO THAT THERE WILL BE NO QUESTION BUT WHAT
IT IS HIS AND HIS ALONE.

SAC WILL FOLLOW THIS MATTER VERY CLOSELY WITH HEARST AND THE BUREAU WILL BE KEPT ADVISED.

The following results and recommendations were sent to the big four auto manufacturers; General Motors, Ford, Chrysler, and American Motors which was dated

Upon conducting a survey of ten thousand motorist in Morthern and Southern California, we found that forty per cont of the motorist who participated are already carrying gaseline containers in their automobiles. Twenty per cent stated that they carried these centainers as a precontion, against running out of gaseline, in which case these containers would be used to transport gas to their vehicles. This percautionary measure is fine, and we ercourage it, but the twenty per cent of the motorist who carry their centainers filled with gasoline are the ones we are worried about. We know you realize this was mostly brought about by the energy crisin, but as gassline becomes more scarce, and if the government puts a reliening progress into effect those figures could double, even triple. Inagine what a fire hazzard one spark could cause in case of an accident, or if a container was not securely closed, it could literally send millions of automobiles into raging flames. Millions of sutomobiles will become moving fire bombs. For these reasons, we ungo you to take sters as soon as possible to equipt all your new models (autos and pickups especially) with reserve gasoline tanks, We feel this is a cheap price to pay to save lives.

THE SOLUTION TO POLITICAL AND ECONOMIC CRISIS IN AMORICA

THE SOLUTION TO POLITICAL AND ECCHEMIC CRISES IN APPLICA

We are presently organizing a praceful row violent drive to ungo our federal officials to immediately pass legislation that will prohibit filibustering, in the United States Congress. We feel that filibustering is an ancient weapon that it used only to handleap social freedom and bankrupt justice. We are also urging our federal state and local officials to introduce legistation with the following effect.

We earnestly urgo our lammakers at the state and national level to introduce legislature that will put a reasonable, yet adequate limit on the amount of reverse a conditate may spend to run for a particular office. For chample, if a condidate is run. , ming for the presidency, the limit could be uniformed. If a candidate is running for state or local effice, the limit could vary from state to state and city to city. The limited amount each candidate may spend to run for a particular effice could be based on the average amount the successful candidate spent in the two previous elections. Candidates should continue to be. required to keep accurate records of their expenditures and a candidate the spends over the limit should be sutconfically disqualified. There also should be a modification close so the limit could be modified as needed to keep pace with the rising cost of living. Most important, if we the ten payers can pay . our cleated officials salary while they are in office, thy centt

the funds should be drawn from the federal treasury. The funds for state and local officials campaigning, should be drawn from the state and local treasury. This could be on a vinner take all basis, where only the successful candidate would be reinbursed for his or her campaign expenses. This method alone would automatically bring better commitments and more sincerity to politics by both incumbents and newcommers. We believe this method would be just as fair as the present one, where the loser of an election is not reimbursed for his campaign expenses.

In 1972 Senator Mc Govern did not get reimburced for his campaign expenses, neither did Richard Nixon, yet we feel that he should have been. In our opinion there should be no advance payments made by the people to candidates seeking public office. There are none made at present, but the same methods used now to acquire funds to run for public office could continue to be used. The funds for a candidates campaign could be borrowed, raised, given, or self financed. This would prevent everybody in a major county from running for mayor of the city. The losing candidate would continue to take a tax deduction for his or her personal losces.

We are furnishing people with the names and addresses of the politicians who represent them in their particular area at all levels of government. We are urging them to write to their congressmen and apply public pressure to get the Internal Revenue Service to medify their laws. This will close some of the loopholes that are designed for use by big business. We are urging our congressmen to utilize

their skills and abilities, to draw up new anti-trust laws that will prevent large corporations from making windfall profits to be used to create monopolies. There use to be an old clicke, "you can't fight city hall," but now there is a new one which has become more popular, "we can't communicate with big business." Big business has taken control of the economy and the government in america. The only defense is public pressure on elected officials. We urge everyone to write to an elected official and express themselves.

The President. We believe the presidential election of 1972 will long be remembered as the biggest sell out. The purpose of cnabling candidates to pay their bills with cash instead of favors, is merely one reason we the people should pay for our elected officials campaign expenses. We are opposed to impeachment, but believe the presidents (Mr. Nixon's) mistakes are as much the fault of the people as his own. After all we did elect him, and most of us realize that running for dog catcher is to expensive for any one of us to afford. If a candidate did not receive funds from big business, where else could be get the money needed for campaign expenses? With this system, we force many honest politicians to obligate themselves to the greedy and become totally uncommitted to the needy. Although, we are opposed to the impeachment of the president, we feel that if congress is compelled, why not proceed in a more efficient manner. Perhaps the president could do a better job without the added pressures of possible impeachment. Regardless to what is said or done, there are two things the american people can be grateful to Mr. Nixon for, one is he opened the eyes of many middle class whites, blacks,

comput from the top down. One of the most distributed things about this anakening, is that our nation being betted as world leaders in categories of intelligence and application, but to withstard such a mighty blow to accomplish this feat. This second calciment might a find humorous in contex, but definitely not so in fact. It was not only made possible, but made manufactory for every emerican to live in a nord expensive neighborhood without harden to rice. The new metter must be, you can improve living abandards by raising the cost of living.

The American People. We are noteriously becom for building a dem after a flood has destroyed our homes and belongings. We have witnessed the flood of corrupt politics. It is time up get or with he building. We can no longer afford to turn our beads on national problems and hope they will disappear. We must remlies that and long as the government which represents the people is controlled by manapolized business, there will continue to be evisor. Learning how not looperest a mistake by making another, is they it is important. to up date our pelitical system, and modify our Informal Revenue Corvice, and anti-treat laws. Wheatherin feet or Company, the charieum poople have made adjustment after edjustment, is one evines offer another, from the war to a shortage of tollet paper. We be-Is we thin is the right point in time to tighter the reles or hig furthess. In all economic crives the poor always cuffer the most. Now we are at the stage where the middle class citizens feel the bite, not just a pinch. If the large corporations would pay their fair share of the taxes, the fax burdens wouldn't be so heavy on the

Consumers. Big business is happy to have so many eyes focused on Contermate, that way no one will see them laughing all the way to The World Bank in Switzerland with record breaking profits.

Energy. We do not believe the energy crises in this country is as serious as the giant oil companies say. Yo investigated the beef shortage last summer, and found it to be false. We investigated the increased prices of dairy products and found that fifty per cent of the increase charged to consumers could not be justified as an increase in operating cost. The energy crises serves many purposes for big business. One, it tightens the control on the american people by taking away some of our long cherished priviledges. Traveling and sports are especially effected. Two, by staging a shortage of fuel, most small gas and oil dealers have been forced to close their doors. This helps the large companies create a monopoly faster and cation.

A few decades ago, food, clething, and shelter were the most vital accessities of life. Now that we have become an industrialize mation, energy has taken over the number one spot. We need energy to cultivate the soil, to harvest the produce, and to transport it to and around the cities. This is why there should be more government control over the petroleum industry. Contact has been made with several major oil companies, in an effort to determine how long we can expect the energy shortage to threaten us. Our findings so far have been, they don't know, or they are not telling. This lesson of doing what is right and fair, and what is wrong and dishenest has one thing in common. They are both habit forming. If monopolies in business continue to dominate government, by 1076 we will not be sur-

prised to see Mr. Ford running for president, with Mr. General Mote for vice president on the republican ticket, and Mr. Exxon for president, with Mr. Standard for vice president on the democratic ticket In essence this situation already exist.

Europe. We have learned through our curopean media exchange, the warm and friendly welcome americans once received from curopeans is something of the pass. Many curopeans feel that the latest crisc in the middle east which provoked the oil embargo by the arab nation was willfully instigated by the americans, in an effort to strengthe the dollar on the foreign market. They say america was effected by the arab oil embargo, but not nearly as much as the europeans. Wheather their accusations are correct or not, the last confrontation

between israel and egypt cost america more friends in curopa than of gained in the middle east.

PROPOSAL OF CONCERNED CITIZENS FOR SOCIAL DEVELOPMENT

A. Objectives

- The general purpose and powers of this corporation is to exercise all rights and powers conferred on nonprofit corporations under the laws of the State of California and the Federal Government.
- Concerned Citizens for Social Development (C.C.S.D.) has been formed to educate poor people as to what can be done to better our own lot. We are striving to encourage people through knowledge, to come with us to the political areas, rather than go to the callous world of rioting and looting. We plan to inform the people in the ghatto of the their political reprecentatives are in their particular districts, and to provide them with the necessary information and knowledge for corresponding purposes, at mational, state, and local levels. Our purpose is to further educate poor minerities on how notitions should be filed, and the procedures for getting proposition., that best benefit the poor placed on the voting ballet. We wish to teach other proverty strickened people how certain proposed propositions, amendments, and laws will effect when as poor people. We encourage other poor people to Lacome actively involved in all forms of government. From the P.T.A. meetings, to the presidential election. We encourage voting by all on all issues. We educate people of the possible consequences harsh drugs can bring, and discourage their whole.
- 3. Poor people are involved in the planning of the project by selecting board members to represent them in their particular district. Other poor people are involved in the implementing of the project through open mentings, held weekly in a cross section of eight poverty stricken communities. We listen to the needs and griveness of the people. We then endeaver to explain the most tranquil way to remote our problems.
- 4. We are not a denominated, religious, militant, political, or racist group. We are a group of people with combined efforts to make this world a better place to live in. The staff is responsible for gathering and presenting factual needs and grievences of poor people to the board of directors. The directors are responsible for planning the best morns of solving the grievences and meeting each particular need.

B. Budget

1. Monies raised through fund raising drives, and all donations will be used to provide jobs for the poor by the screening committee. High priority will be given to ambitious persons living in poverty and enrolled in some farm of training or educational program. More than 65% of funds received will be used to benefit poor people.

Summary:

Surprisingly as it may seem, we find at meetings as well as from experiences in the field, there are numerous people who do not know their congressman's name not to mention how one should go about corresponding with him or her.

We conducted a recent survey of four major cities, of which rioting and violence occurred in the gletto areas, and found that eighty-five per centof those arrested were eighteen years of age or older. The vast majority were young chults (voting age) who can participate in policy making decisions and aren't techniques as the news media might lead many to believe. We interviewed frustrated young adults, with problems they are unable to find any solution to. Perhaps, these frustrations energy of header more apparent when people around them suddenly and unavarising seem to be in the spotlight of success, and the poor receive cone of the things they want or need to fulfill their lives.

We hold meetings in various proverty strickered communities throughout California. We speak at various churches of all faiths that will allow us to do so. We are dealing primarily with propeople. Therefore, all donations will be appreciated. To join the organization, we ask a fee of \$2.00 annually per person. We plan to narrow the social gap between the extremely poor and the rest of our society. We wish to make a giant step in the right direction to help bring enlightment to as many poor and underpriviledged as possible.

DEAR MR. REASONER:

PATRICA HEARST IS SAFE AND IN GOOD HEALTH, HOWEVER THE S.L.A. SENT THE ATTACHED MESSAGE TO THE PEOPLE TO MR. HEARST AND ASKED THET HE PRINT IT. that we were taking no action that might in any way jeopardize the victim's life, and that this was standard procedure in any kidnapping case.

Later that evening I received a call from one of the newsmen in town saying that the AP had taken some of my quotes out of context and had related them to the HEARST case. I called the AP and told them that they were taking it out of context and they asked me to tell them in detail what my comments related to. I did this. They then said they would put out a correction. As everyone knows, a correction never catches up with the original erroneous story.

I am in complete accord with the Director's "open stance" policy with the news media and am absolutely convinced that this will benefit the Bureau and its relations with all of the news media as well as the general public. However, we must all accept the fact that in such a policy with the media, there will be occasions when Bureau representatives will be misquoted or their quotes taken out of context. I do not feel that this is a basis for changing our position but it is merely a fact of life with which we have to live.

By and large, I feel that the coverage in the MEARST case has been good. I think the FBI has benefited. We have not revealed the investigative techniques, we have not disclosed the identities of persons interviewed, and we have been guided by the Department's instructions when dealing with the news media. When this case is finally successfully concluded, I would like to discuss in detail some of the problems which exist with the press in such a case. This case is particularly unique because a member of the press is directly involved.

In this case and in other major cases, hundreds of media representatives are conducting their own investigation. There is no reason to believe that they can't find out information as well as the FBI; in some ways, it is easier for them. As far as the strain on the office itself, it would be much easier to take a completely no comment stand but here again I do not believe this is proper. We have had a number of instances in this case where media representatives from all over the country have called and furnished us information, saying they did not intend to print it but they wanted to be helpful to us. This information has been taken and has been run out and, as of the present, nothing of pertinence has developed.

SF 7-855 CWB/cmp

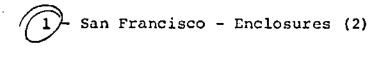

I appreciate the Bureau's reply to am only furnishing the above as further background which might be of assistance in the future.

I received your note of February 14th, with enclosure, and want you to know I sincerely appreciate your personal interest in the Eureau's investigation in the Patricia Hearst kidnaping.

Based on your previous experience in major cases, you can well understand that this particular case is a most difficult and complex assignment, which Charlie Mates is handling in excellent fashion. As you are aware, since taking over as Director I have adopted an "open stance" with the news media. This includes affording much wider latitude to our Special Agents in Charge in connection with press relations along with the very grave responsibilities which they shoulder. This does, in fact, present added burdens for them, but I am convinced the policy is paying dividends and will be of great benefit to the Bureau in the long run.

In the Hearst case, Charlie Bates has an unusual situation inaseach as the victim is not only a member of a very prominent family but of a family which is very prominent in the newspaper business. Also, in this case, the organization claiming responsibility for the kidnaping obviously is seeking all possible publicity and notoriety. Even in view of all these circumstances, we at FBI Headquarters and Charlie Bates in San Francisco have been maintaining, and asserting publicly, our paramount concern for the welfare and safety of the victim.

SEARCHED INDEXED SERIALIZED FILED MAR 4 1974

Mr. Ian D. MacLennan

I hope that these observations on my part will in some way clarify the very difficult position in which Charlie finds himself at the present time.

Please be assured that all of our efforts are being expended to assure the safety of the victim, to solve this case, to abide by our responsibilities to the public and to the news media, and to uphold the outstanding reputation of the Bureau.

With every best wish always,

Sincerely,

Mr. C. M. Kelley Director FBI Washington D. c. 20535

Dear Clarence,

Note the enclosed clipping from the Pittsburgh paper.

Isn't it about time you told Charlie Bates and his associates to keep their mouths shut. This has been going on since the case broke. I am embarrassed for the Bureau here.

Even if you agree with Charlie's opinion and I am not sure I disagree it is one thing to have a private opinion and quite another to broadcast it for all the world and possibly jeopardize the life of a kidnap victim.

Sincerely,

Kidnap Demands Stump Hearst, But He's Trying

BERKELEY, Calif. (AP) — Newspaper magnate Randolph licarst yesterday said he could not possibly meet the demand of his daughter's kidnapers for a multimillion-dollar food giveaway.

But he sought to assure his daughter and her abductors by vowing to do "everything in my power" to set up some kind of food distribution program. To 19-year-old Patricia Hearst, he said, "Hang in there, honey!"

Later. Charles Bates, the FBI archt in charge of the kidnapping case, said he had "never seen anything good come out of compromising with a bunch of hoods." Bates said he had no disagreement with the position of the Hearst family in seeking to meet the kidnapers' demands.

However, Bates who called this the first political kidnaping he knew of in the United States, said he doubted granting the kidnapers' demands would gain Miss Hearst's freedom. He said, "I think the chances are good that one demand would follow another forever."

Hearst first told reporters that it was impossible to meet the kidnapers' demand — estimated by state officials to cost as much as \$400 million — and said

(Cont'd on Page 6, Column 1)

Impossible, Hearst Says Of Demands

(Continued from Page 1)

he would make a counterproposal within two days. Later, however, he appeared again outside his Hillsborough home to say that he would try to meet their demands—but on a modified scale.

"I believe the important thing for them to know is that I am going to do everything I can to comply with their demand, and if that's not enough, I can't help it. I've done everything I can do," he said.

"Obviously. I don't see how I can meet a \$400-million program, but I just went these people to know . . . I'm coing to do everything in my power to set up the type of program they're talking about."

HEARST SAID it was too soon to say how much a distribution system would be set up. He said work was being done on the project but declined to discuss details.

The Symbionese Liberation Army, which claims responsibility for the Feb. 4 kidnapping, demanded that Hearst supply \$70 worth of free food for every elderly and needy person in California. State officials said the tab could run anywhere from \$103 million to as high as \$400 million.

The SLA said Hearst's free food was the price for negotiating his daughter's release. It warned that failure to most demand could cost her her life.

Immediately after the demand was made, Hearst said he would make every effort to comply — but it appeared the cost was just too steep.

Nonetheless, he asked his daughter to tell her kidnapers "not to worry, no one is going to bust in on them or start a shootout."

The FBI yesterday said there were no new leads to the whereabouts of the herress and vowed again not to jeopardize her safety. John Kelly, assistant a gent in charge of the case, said, "The demands are very, very high—in the realm of unreasonableness."

NEWSPAPERS, RADIO and television stations throughout California were fleeded with phone calls from eligible persons who said they wanted no part of any feed that was "blood money" for negotiating the release of the coed.

"I wouldn't feed my four children under the circumstances," said Dolores Garcia of Daly City, a welfare mether, "I am on Social Security and I do not want any benerit at the price Patricia Hearst is "paying," wired Ina R. Nelson of Long Beach.

ENCLOSURE

March ... 1974 In connecti with the Hearst kidnapin case, you will recall the proposal that the FBI participate in a meeting with California Attorney General Younger, members of California law enforcement agencies and the Rand Corporation. Younger had requested Rand Corporation to do a study of this case and we had previously advised Younger that the FBI would not participate in such meetings. Attached advises that Robert A. Houghton, Director of Law Enforcement, California Department of Justice, advised SAC, San Francisco that his (Houghton's) office even without FBI participation was going ahead with this project and furnish Rand Corporation public source and other material available. Corporation has indicated Rand Corporation will not get involved without participation of both FBI and California Attorney General's office. SAC, San Francisco recommends that he reiterate to Houghton that FBI will not partici pate in meetings tentatively scheduled with Rand Corporation on 3/19-20/74, Los Angeles and that FBI feels any leak regarding this project would cause harm to the victim and/or the investigation and that we feel such meeting should not be held. General Investigative Division concurs with SAC, San Francisco's recommendation. JKH:dka

He says in short that the primary problem evidenced by the communication patterns of Cinque centers around difficulties with will and decision. He is tentative and uncertain, introspective and insecure. He expects to fail. The victim is viewed by Cinque as innocent and an individual. All of his references to Hearst as a person used the title "Mr." and Hearst should continue to emphasize his personal role as a father and as a person rather than his corporate connections. There is a conflict between the "even," the just, and the "odd," the enemy. All references to the "Hearst empire" and to assets always used the odd number values while all references to the people and the extortion demands are even in number. Based on analysis, it is his opinion that Cinque would not be capable of the decisiveness of a cold-blooded execution of Patricia He is convinced that any group who would use Cinque as its spokesman must have characteristics similar to his. I am particularly sensitive to the problems you must daily face from well intentioned "civilians" who may make your task more difficult. Because of that sensitivity, I was reluctant to send my analyses without first checking with you. It would be inappropriate for me to attempt to establish my credentials to you, but I should indicate that in past work for another government agency, the methodology employed in reaching the conclusions which the enclosed report summarize has been tested and found to have some utility.

Analyses of the text of the most recent taped communication from the SLA on the part of its spokesman, Field Marshall Cinque, indicates the following general conclusions: The primary problem evidenced by the communication patterns of Cinque centers around difficulties with will and decision. Cinque manifests unconscious needs for significance, power and acceptance. His communication patterns, however, are in the nature of requests. He is tentative and uncertain, introspective and insecure. He expects to fail. He is guilt ridden and finds security in his organization displacing responsibility to the "oppressors" or "The Court" and "his people". He sees himself as worthless and seeks to expiate his sin through acceptance from the powerful or by the dillution of rationalization and projected guilt. He is deferential and self-deprecating. All of Cinque's references to Hearst as a person use the title Mr. By contrast, all references to Hearst as the enemy use symbolic abstractions such as Empire or Foundation. This dichotomy suggests that Hearst continue to emphasize his personal roles as a father and as a person rather than his corporate connections. Cinque seeks to mitigate the personal nature of his criminal act by rationalizing his behavior as directed against an impersonal corporate enemy. Personalization of that enemy will add to his guilt and prevent him from carrying out his threats. References to his captive speak of her needs and wishes. She is veiwed by Cinque as an innocent and an individual. Such reactions are very encouraging, for according to my analysis, her individuality as a loved daughter is her protection from harm. The key to at least Cinque's motivations is an appeal to the over-developed conscience of Cinque and the Hearst's personal plight which is not unlike the repressions Cinque himself feels. As a romantic, Cinque is particularly vulnerable to idealized pleas for sympathy and understanding.

- 7-15 200 - 1087

Cinque either has children of his own or is close to someone who does. He is clearly black in his middle to late twenties. He has probably spent time in jail or been involved with the Courts and the law as evidenced by his identification with the aggressor - the Courts. He is poor and is probably not part of any University radical group. He is distinctly middle-class in outlook and has an overly highly developed sense of morality and conscience. He respects the powerful, family and the successful, above all else he seeks absolution for his acts, understanding of his struggle with himself and help in knowing who he is. He is painfully incapable of decisive action, easily lead and docile. The oppression against which he chafes is the oppressiveness of his own guilt feelings, his inability to assert himself against the demands of others and what he feels to be his lack of personal control over his own life.

He and his group are pseudo-innocents in the sense of using idealistic, unrealistic conceptions of the cosmos. The term "people" ranks among the highest occurring words in his rambling diatribe. It is used projectively to rationalize and displace his own personal failings onto others. However, like the syntactical function words (e.g., the, that, etc.) among which it ranks, this defense mechanism has lost most of its effectiveness and meaning. The defense could be utterly shattered if his projections were to be disavowed by one of those onto whom he seeks to displace his guilt.

There is an underlying strain of magic in the communique in the form of misapprehensions of what is real, the nature of power and particularly in the form of a numerological occultism. There is a conflict between the "even", the just, and the "odd", the enemy. All references to the "Hearst Empire" and its assets always use odd numbered values, while on the other

number. This unexpected finding suggests that communications with the SLA with regard to any negotiations employ even numbered values. Such unconscious occultism is characteristic of those who seek to displace responsibility for their hostility and violence onto forces outside of their control. It is, however, the reaction of one for whom the superego is overly developed. Cinque is the opposite of the psychopath, far from lacking conscience, all of his behavior is directed toward an unsuccessful attempt to silence his conscience. It is this characteristic thich makes him vulnerable to effective management and should assure his captive's safety. Based upon my analyses, in my opinion, Cinque would not be capable of the decisiveness of a cold-blooded execution of Patricia Hearst. At the most he could only tolerate her death by means outside of his control and given his dominant superego that is extremely unlikely. I am convinced that any group who would use Cinque as its spokesman must have characteristics which are similar to his; that he represents their combined alter-egos. As such I cannot reconcile the Oakland murder with the personality characteristics of the group holding Patricia Hearst. Nor do these characteristics match those of the actions of the more recent kidnapping of the so-called East Symbionese Liberation Army.

RE: CORRESPONDENCE DATED MARCH 10, 1974, WHEREIN

VOICES ON TAPES MIGHT HAVE BEEN COPIED THROUGH THE OUTPUT FROM A RADIO RECEIVER:

FBI LAB, AS WELL AS PERSONNEL OF THE SAN FRANCISCO OFFICE FAMILIAR WITH SUCH MATTERS, HAVE UNCOVERED NO EVIDENCE TO INDICATED THAT ANY OF THE TAPES RECEIVED TO DATE WERE MADE FROM A PADIO RECEIVER. IT SHOULD BE NOTED THAT IF SUCH WAS THE CASE, THE PROBLEM OF LOCATING A TRANSMITTING ANTENNA IN URBAN OR. REMOTE AREAS WITHIN A 200 MILE RADIUS OF SAN FRANCISCO WOULD BE MONUMENTAL. SUCH ANTENNAS COULD BE CONCEALED AND EVEN WITH THE ASSISTANCE OF THE FCC IN MONITORING DIFFERENT RADIO.

FREQUENCIES WITH THE PURPOSE OF LOCATING A SIGNAL SOURCE, WE HAVE DETERMINED FROM REPRESENTATIVES OF THE FCC LOCALLY THAT SUCH A TASK WOULD BE PRACTICALLY IMPOSSIBLE, THAT THERE WOULD BE NO INDICATION OF THE TIME TRANSMITTED, FREQUENCY, OF TRANSMISSION OUTPUT.

RE: GRID SEARCHES IN EFFORT TO LOCATE SITE WHERE VICTIM MAY BE HELD:

7-855

IT SHOULD BE NOTED THAT TO DATE, BASED UPON THE FRE-QUENCY OF SLA COMMUNICATIONS AND SPECIFICALLY, THE MARCH 10, 1974 COMMUNICATION. IT APPEARS THAT VICTIM IS BEING HELD IN THE BAY AREA OF SAN FRANCISCO. COMMUNIQUES THUS FAR HAVE BEEN ADDRESSED TO LOCAL RADIO STATIONS HAVING LIMITED BROAD-CAST RADIUS AND COMMUNIQUES SEEM TO INDICATE THAT VICTIM'S CAPTORS ARE LISTENING TO THESE PARTICULAR STATIONS. THIS THEORY APPEARS TO BE SOMEWHAT SUBSTANTIATED BY THE RECEIPT OF THE MARCH 9. 1974 TAPE. WHICH WAS OF EXTREMELY POOR QUALITY AND DIFFICULT TO UNDERSTAND. THE FACT THAT SUCH WAS THE CASE WAS BROADCAST OVER THE LOCAL MEDIA DURING LATE EVENING OF MARCH 9. 1974 AND WE HAVE DETERMINED THROUGH INVESTIGATION THAT A CLEARER TAPE CONTAINING THE VOICE OF THE FEMALE FROM INTELLIGENCE UNIT FOUR WAS PLACED IN THE METRO I THEATER. INION STREET, SAN FRANCISCO, DURING THE EARLY AFTERNOON OF MARCH 10. 1974.

RE: NANCY LING PERRY POSSIBLY DRIVING GREEN DATSUN PICK-UP ON FEBRUARY 15, 1974 NEAR DANVILLE, CALIFORNIA:

If the fingerprints are not identified, then the handwritten signature, address and card license, (bus station), should be compared with signatures on the fingerprint cards of these individuals.

Upon completion of the examination the cards should be returned to Sacramento.

the Redding Lodge Motel, 1135 Market Street, Redding, California, advised SA that when guests register, they usually fill in the name, address and license number blanks on the registration cards in their own handwriting. All other notations on registration cards are made by motel employees.

RE: RANDOLPH A. HEARST, VICTIM'S FATHER:

RE SAN FRANCISCO SUMMARY DATED MARCH 18, 1974, PAGE 14, POINTING OUT THAT RANDOLPH HEARST HAD ADVISED SAC THAT BY THE END OF THE WEEK ALL MONEY FOR FOOD PROGRAM WOULD HAVE BEEN SPENT AND HE BELIEVED HE WOULD HAVE TO MAKE A STATEMENT AT THAT TIME SAYING HE HAD DONE ALL HE COULD AND COULD DO NO MORE AND ASK FOR HIS DAUGHTER'S RELEASE.

SAC HAS IN THE PAST ON NUMEROUS OCCASIONS DISCUSSED WITH HEARST THE PROBABILITY THAT HE WILL AT SOME POINT HAVE END PAGE EIGHTEEN

FOR THEIR OWN PURPOSES.

WHICH TIME HE WOULD MAKE A PLEA FOR HIS DAUGHTER'S RELEASE.

AGAIN ON THE EVENING OF MARCH 19, 1974, SAC DISCUSSED THIS

WITH HEARST. THE FINAL FOOD DISTRIBUTION WILL BE EITHER

FRIDAY, MARCH 22, 1974, OR MONDAY, MARCH 25, 1974. WHILE

HEARST DOES NOT AGREE WITH THE JUDGE'S RULING, HE ACCEPTS THE

FACT THAT REMIRO AND LITTLE WILL NOT BE PERMITTED TO GO ON

NATIONAL TELEVISION; THEREFORE, THAT SPECIFIC DEMAND OF THE

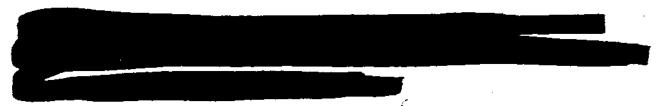

SLA CANNOT BE MET. HIS DEALINGS WITH RADICAL AND LEFT WING

GROUPS HAS PRODUCED NOTHING SPECIFIC. HE COMMENTED THAT

OBVIOUSLY THESE PEOPLE HAD NO CONTROL OVER KIDNAPERS OR NO

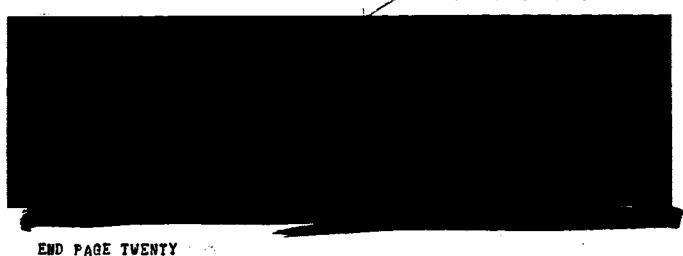

DIRECT CHANNEL TO KIDNAPERS, THAT THEY WERE MERELY USING HIM

HEARST SEEMS CONVINCED THAT HIS ONLY ALTERNATIVE IS
TO MAKE SUCH A STATEMENT AND APPEAL FOR HIS DAUGHTER'S RELEASE
BUT SO FAR HE HAS NOT DECIDED WHEN SUCH STATEMENT WILL BE MADE.
SAC WILL CONTINUE TO DISCUSS THIS MATTER WITH HEARST SO THAT HE
WILL MAKE THE DECISION AND STATEMENT SO THAT THERE WILL BE NO
QUESTION BUT WHAT IT IS HIS AND HIS ALONE.

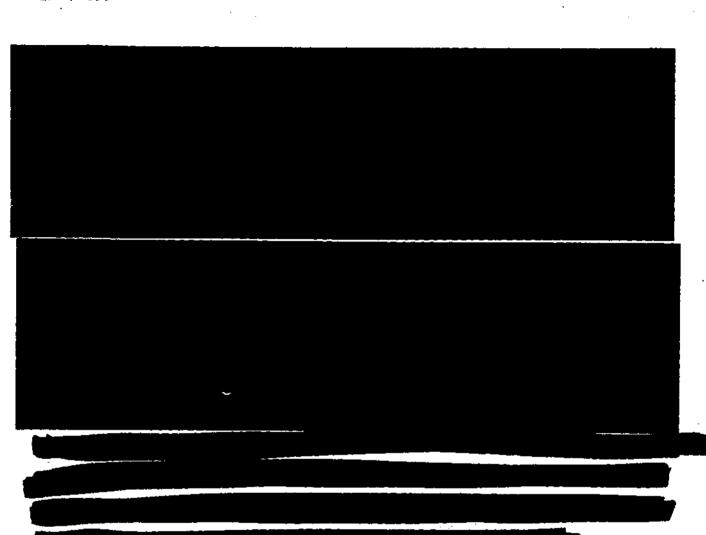

THE BUREAU WILL BE KEPT ADVISED.

HEARST, DURING PRESS CONFERENCE EARLY THIS AFTERNOON,
INDICATED THAT HE WAS STILL MAKING EVERY EFFORT TO AFFORD RUSSELL
LITTLE AND JOSEPH REMIRO NATIONAL NEWS CONFERENCE AS DEMANDED BY
SLA, THAT THE PEOPLE IN NEED (PIN) PROGRAM WAS BEING REVITALIZED
IN AN EFFORT TO COMPLY WITH SLA DEMANDS FOR BETTER QUALITY FOOD
AND DISTRIBUTION, AND THAT PRIOR DEFECTS IN THE PROGRAM WERE

THIS MATTER AND MANY OF THE INDIVIDUALS SO INTERVIEWED HAVE BEEN UNCOOPERATIVE. THEY HAVE EITHER FLATLY REFUSED TO BE INTERVIEWED OR INDICATED THAT THEY DESIRED INTERVIEW IN THE PRESENCE OF THEIR ATTORNEY, IN SUCH INSTANCES WE ACCOMMODATED THEM. SOME INDIVIDUALS HAVE BEEN OVERLY HOSTILE, HAVE SLAMMED THE DOOR IN FACE OF SPECIAL AGENTS, AND IT HAS BEEN OUR RECENT EXPERIENCE THAT THEY ARE RELYING ON A PAT STATEMENT TO THE EFFECT, "I HAVE NOTHING TO SAY. THE COLOR PICKED BY THE WITNESS WAS NOT AVAILABLE UNTIL AFTER THE SUMMER OF 1972 WHEN THERE WAS ALSO A MODEL CHANGE. IN REGARD TO THE MODEL WE ARE INTERESTED IN, THE DISTRIBUTOR ADVISES THAT APPROXIMATELY 300,000 OF THESE MODELS WERE DISTRIBUTED THROUGHOUT THE US FROM 1968 TO 1972. This morning,

Transportation Security, FAA, called Gallagher and stated he had furnished Gallagher's name to Dr. Murray Myron, a professor at Syracuse University. Dr. Myron is considered to be an expert on computer analysis. Stated that the doctor had done considerable work regarding suicide notes, threatening notes and letters in order to make a finding as to the violence potential regarding the writer of the particular communication and has had very good success. He advised that Dr. Myron has done work for FAA and has been under contract for CIA. He also thinks Dr. Myron did work for the Secret Service. Said FAA is seriously considering funding Dr. Myron.

of the 2/19/74 tape in the Patricia Hearst kidnaping and wanted to furnish it to someone at FBI Headquarters. furnished Gallagher's name to Dr. Myron.

University, Area Code and advised Gallagher had made a computer analysis of the 2/19/74 tape and if the FBI so desired he would mail his analysis. Dr. Myron was told that the FBI would be most interested in seeing his analysis. Dr. Myron stated that what he is trying to do is to resolve the methodology to a point where it can be of use to the investigator. It can't take the place of the investigator but he feels that in many cases it can be of help.

of help in any way he was available. He also stated that after reviewing his computer analysis and if the FBI felt it worth while he would like to make a computer analysis of the tape received this past weekend in order to endeavor to form a characteristic trait of the woman member of the Symbionese Liberation Army. He said he understood that this would have to be with the proviso that the tape were handled on a most confidential and secret basis.

On March 14, 1974, my associate, Mr. Edward S. Miller, discussed with you the matter regarding United States Attorney James Browning's request that California Attorney General Evelle Younger be furnished copies of our investigative reports in this case. Special Agent in Charge (SAC) Charles W. Rates of our San Francisco Office contacted Younger on March 15, 1974. Younger stated he knew absolutely nothing about this request and had certainly made no such request. Younger felt that Robert A. Houghton, Director of Law Enforcement, California Department of Justice, might have made such a request. Houghton also stated he had made no request for results of our investigation and he did not desire our reports.

SAC Bates has informed United States Attorney Browning of his discussions with Younger and Houghton and also has indicated to Browning that should he receive any future request for the results of our investigation that such request be contained in a letter to the FBI in Ean Prancisco with full justification and that the FBI will make a determination.

Notations

The typewriting differences observed in the comparison of the typewriting on Qul through Quu in the Hearnap case indicate that these specimens may not have been prepared on the same typewriter as Ql and Q2 (in the Symbionese Liberation Army; North New England Maritimes Action Group case of the Boston office).

From such limited comparison as could be made, nothing of particular significance was observed in comparing the handwriting on Q55 with the writing on items previously submitted in this (Hearnap) case, the SLA case or the ASGM case.

The SLA case referred to in these reports has Bufile #157-30832 and San Francisco file #152-9806. The ASGM case referred to has Bufile #157-30190 and San Francisco file #157-9412.

The questioned writing on Q24 and Q25, submitted by San Francisco and questioned writing on Q56 and Q57 reflect similar writing style, however, due to the presence of unexplained variations and the possible presence of distortion, a definite conclusion was not reached whether these items were or were not prepared by the same person. Nothing of particular significance was observed in comparing the writing on Q56 and Q57 with the other questioned writing on items submitted in this (Hearnap) case, the SLA case or the ASGM case.

Nothing of particular significance was observed in comparing the hand printing on Q65, Q67, Q69 and Q90 with the hand printing on items previously submitted in this (Hearnap) case and related cases.

Nothing of particular significance was observed in comparing the questioned writing on Q76, Q77 and Q78 with the available writing of NANCY LING PERRY, EMILY HARRIS or PATRICIA MICHELLE SOLTYSIK.

From such a limited comparison as could be made, nothing of particular significance was observed in comparing the writing of Kelly, with the questioned writing on items in this (Hearnap) case and related cases.

Significant handwriting similarities were observed in comparing the blue ink questioned writing on Q100, the questioned handwriting on the lower portion of Q42, submitted

in the SLA case, the handwriting on Q32 submitted in the SLA case and portions of the handwriting on Q40 submitted in the SLA case with the purported writing of DONALD DAVID DE FREEZE, Kcl2. If further examinations are requested regarding these items, it will be necessary to have additional voluminous known writing by DE FREEZE showing the same letters and letter combinations as the questioned writing. Also, if available, the original from which Qcl2 was made should be obtained and submitted.

KIDNAPING

Synopsis:

Crime scene search evidence, vicinity Apartment 4, 2603 Benvenue, Berkeley, California and related evidence examined by FBI Laboratory. Q1, Q2, Q8 through Q11, Q14, Q19, Q54 have marks which are of possible value for comparison and identification with suspect weapons. Typewriting in Boston case SLA; North New England Maritmes Action Group is same style as typewriting on items Old through Old in this case, but definite conclusion was not reached as to whether they were prepared on the same typewriter. Typewriting on Q62, Q72, Q73 is the same style type as Q52, previously submitted; however due to the somewhat indistinct nature of typewriting on photocopies and the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether items prepared on same typewriter. Some similarities were observed in comparing the hand printing on Q61 with the hand printing on the Q51 envelope, previously submitted. Investigation and results of FBI Laboratory examination on public library cassette to CECIL WILLIAMS, Gling Memorial Church 2/20/74 set out. "Open Letter to the People" 2/20/74 set out. FBI Latent Fingerprint Section identified two latent prints developed on one sheet of used Chiffon carbon paper, part of Q79 as impressions of the left thumb and left index finger of This evidence was result of search at 5329 Wentworth Street, Oakland, California. AND DANGEROUS.

Regult of examination:

The results of the requested latent fingerprint examinations are being reported separately.

The twenty-four cartridges in the Q1 box and the Q2 cartridge are 9mm Luger (9mm Parabellum) cartridges of Remington-

Poters manufacture which have been loaded with 115-grain, copper-jacketed, hollow-point bullets. A number of these cartridges bear mechanism marks which suggest they have been loaded and extracted from a weapon(s). These marks are of possib value for comparison and identification with suspect weapons. Cartridges of this type can be chambered and fired in semiautomat pistols and other automatic and semiautomatic weapons.

The hollow points of cartridges selected at random from Q1 along with Q2, were found to contain crystalline potassium cyanide scaled in the hollow points by a layer of paraffin.

The hollow points of these cartridges do not appear to have been substantially enlarged. However, the possibility exist that some of the hollow points were slightly enlarged using a drill of approximately 1/8 inch diameter.

It is noted that the Ql box bears an Interarms, Alexandria, Virginia label. The twenty-five cartridges found in this box were probably not purchased in this box, which would have originally contained 9mm Luger (9mm Parabellum) cartridges loaded with full copper-jacketed bullets. Cartridges marketed in this type of box usually bear a "VPT" headstamp, which indicat they were manufactured by the LAPUAN PATRUUMATRUDAS, Lapua, Finla Inked numbers and letters present on the bottom of this box are placed there by the manufacturer and have no significance to Interarms, who is the United States importer and distributor. Therefore, a trace of this ammunition based on these numbers does not appear to be feasible.

A microscopic comparison was made of the mechanism marks on the twenty-five cartridges, Q1 and Q2, with the mechanism marks present on the thirty test cartridges, K1 and K3, which were loaded into and extracted from the 9mm Luger (9mm Parabellum) J and R Engineering Company carbine, Model M-68, Serial Number 03304. Nothing was found to indicate the Q1 and Q2 cartridges were loaded into and extracted from this weapon.

It is noted that the mechanism markings present on these twenty-five cartridges are random in nature and are not typical of any particular make and model of weapon.

Specimen Q8 is a .30 caliber copper-jacketed bullet like that loaded into .30 Carbine caliber cartridges. This bullet was fired from a barrel rifled with four lands and grooves right twist, like that found on .30 Carbine caliber U. S. carbine M1 and M2. This bullet bears some individual nicroscopic marks of value for comparison purposes with suspect weapons.

Page 3 PC-K5225 PV JA PR

Specimens Q15 through Q18 are .30 Carbine caliber military cartridge cases which were identified as having been fired in one weapon. Specimens Q15 and Q17 bear a "LC 68" headstamp indicating manufacture by Lake City Ordnance Plant, Independence, Missouri. Specimens Q16 and Q18 bear a "PC 42" headstamp indicating Peters Cartridge Company, Kings Hill, Chio manufacture. The mechanism markings present on these four cartrid cases were compared to the markings present on the Q7 cartridge case from Siegle's Gun Shop, reportedly fired in a .30 caliber U. S. carbine, Ml, Serial Number 3801. Nothing was found to indicate the Q15 through Q18 cartridge cases were fired from the above-described weapon in its state of wear when the Q7 cartriège The mechanism markings present on the 015 through case was fired. Q18 cartriage cases are consistent with those produced by .30 Carbine calibor U. S. carbines, Ml apd M2, as well as possibly other weapons.

Specimens Q94 through Q99 are .30 Carbine caliber military cartridges which have been loaded with 110-grain, copper-jacketed bullets. The headstamp present on these cartridges is "LC 66" like that present on the Q15 and Q17 cartridge cases. It is noted that .30 Carbine caliber armunition bearing the "LC 68" headstamp is widely available commercially. Nothing was found to indicate that specimens Q94 through Q99 have been loaded into or extracted from a weapon.

Specimen O19 is a .380 Auto (9mm Short) cartridge case of Super Vel manufacture which bears marks of value for comparison and identification with suspect weapons. Nothing was found to indicate that this cartridge case was loaded into and extracted from the .380 Auto Walther pistol, Model PP, Serial Number 44435A represented by the twenty-five K2 test cartridges which were loaded into and extracted from this weapon. The mechanism marks on the Q19 cartridge case are typical of the type produced by a large number of .330 Auto caliber pistols. Accordingly, no list of weapons is being furnished.

The Q9 copper-jacketed bullet fragment and the Q10, Q11, Q14 and Q54 copper jacket fragments are too minute and mutilated to determine their caliber type. However, the land and groove widths present on several of these specimens are the same as those present on the Q8.30 caliber copper-jacketed bullet. This suggests these fragments may also be fragments of .30 caliber bullets. Although specimens Q8 through Q11, Q14 and Q54 bear some microscopic marks of possible value for identification purposes, no conclusion could be reached as to whether these specimens were fired from one barrel.

Page 4 PC-K5225 PV JA PR

9

(Over)

The mutilated lead fragments in specimens Q10 and Q12 bear no marks of value for identification purposes. Specimen Q13 consists of a metal fragment which does not appear to be part of a bullet.

No residues of cyanide were found on specimens Q8 through Q14.

Inasmuch as .380 Auto and 9mm cartridge nomenclature can be confusing, the following information is being furnished. The 9mm Luger (9mm Parabellum) cartridge cannot be fired in .380 Auto (9mm Short, 9mm Corto or 9mm Kurz) weapons inasmuch as the 9mm Luger cartridge is longer than the .330 Auto cartridge. Although the .380 Auto cartridge can be fired in some 9mm Luger caliber weapons, malfunctions often occur in that the automatic extraction of the fired cartridge case and chambering of a new cartridge is hampered by the lesser recoil energy of the .380 Auto cartridge.

Specimen Q4 consists of a segment of braided white nylon cord approximately 13/54" in diameter and with a crimped nylon core. On one end of Q4 is a loop lashed with brown marline twine and wrapped with 3/4" wide black plastic tape.

specimen Q3 consists of a segment of braided white nylon cord which is like the Q4 cord with respect to color, diameter, construction and composition and could have come from the same source as the Q4 cord. A loop also appears on one end of the Q3 length of cord which is constructed in the same fashion as the loop on Q4 and with the same type of marline twine. The torn end of the piece of black plastic tape on specimen Q4 matches the torn end of the piece of black plastic tape on Q3. Accordingly, the tape on Q3 was once attached to and torn from the tape on the particular segment of cord in specimen Q4.

The second segment of cord in specimen Q4 is 3/16" diameter braided white nylon cord with a 4-ply nylon core and is not like the Q3 cord. A loop on one end of this segment of cord is constructed in a similar fashion as the loop on specimen Q3; however, black marline twine is used rather than brown marline twine. The torn ends of the 3/4" wide black plastic tape do not match the ends of the tape on Q3 or the other cord in Q4...On the free end of this cord is a Stevedore's knot.

The use of marline twine as on specimens Q3 and Q4 and the manner in which the Stevedore's knot on one of the Q4 lengths of cord suggest the unknown subject(s) may have a background in or association with the maritime trade or industry.

Page 5 PC-K5225 PV JA PR 10

(Over!

Specimen Q5 consists of two strips of bed sheet, the torn ends of which can be matched. Specimen Q6 consists of a single strip of bed sheet of similar color, design and composition as specimen Q5. The Q6 piece of bed sheet has been folded and hand-sewn with red cotton sewing thread. Specimen Q6 was left intact and no attempt was made to match the torn edges of Q6 with the torn edges of Q5. The torn edges of Q5 and Q6 are suitable for matching purposes should you recover the remaining portion of bed sheet.

No hairs or foreign textile fibers were found on Q3 through Q6.

All the above-listed specimens are being temporarily retained in the Laboratory for future comparison purposes.

Q2 Carbon copy of typewritten letter beginning "Your newspaper has been...."

Result of examination:

Q1 and Q2 were not identified with with material maintained in the Anonymous Letter File. Copies have been added thereto.

The typewriting on Q1 and Q2 is the same style as the typewriting on items Q41 through Q44 previously submitted in the case captioned "HEARNAP", which was determined to correspond to Laboratory standards for a Setag or Tangens style of type spaced 250 mm per 100 characters and used on typewriters manufactured under brand names including Calanda, Hermes, Japy, Princess, Royal and ABC. Some typewriting differences were observed in comparing the typewriting on Q1 and Q2 with the typewriting on Q41 through Q44 in the Hearnap case; however, due to the lack of a sufficient number of identifying characteristics, a definite conclusion was not reached whether these specimens were or were not prepared on the same typewriter.

No other typewriting on items previously submitted in the Hearnap case or in the case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM" were determined to correspond to the above style of type.

WILLIAM RANDOLPH HEARST, III, 2015 Golden Gate Avenue. San Francisco, California, made available to seven-inch reel tape recording. This tape recording was received by HEARST from an unidentified employee of the Radio Station KPFA, Berkeley, California, February 15, 1974.

The tape recording contains the voice of a female who identifies herself as NANCY LING PERRY. The tape also contains what appears to be one or possibly two unidentified black male voices. The tape recording runs approximately 25 minutes in length. The individual identifying herself as NANCY LING PERRY explains the philosophy and ideology of the Symbionese Liberation Army.

This discussed contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contains we not to be distributed outside your agency.

The following are the results of voice examinations of male voices recorded on NANCY LING PERRY tape:

Tape identified as containing voice of NANCY LING PERRY also contains unknown male voices at beginning and at end of tape. Spectrographic analysis of these male voices indicates they could be the same speaker but comparable words are too few for more definitive conclusion.

Comparison of above male voices with male voices recorded on cassette tape received at Radio Station KPFA and with male voice on cassette tape received at Glide Memorial Methodist Church reveals few similarities. Male voices on PERRY tape do not appear to be identifiable with any of other male voices on tapes submitted previously.

Result of examination:

The typewriting on Q62, Q72 and Q73 is the same style of type as the typewriting on Q52, previously submitted; however, due to the somewhat indistinct nature of the typewriting on photocopies submitted and the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether these items were prepared by the same typewriter. Some hand printing similarities were observed in comparing the hand printing on Q61 with the hand printing on the Q51 envelope, previously submitted; however, due to the presence of unexplained variations and the lack of sufficiently

Male Voice:

"To those who would bear the hopes and future of our people, that the voice of their guns express the words of freedom. Greetings to the people, comrades, sisters, and brothers. General Field Marshal Cin speaking. The Symboniese War Council, a court of the people, has just finished hearing tapes and reading some of the news reports and statements made by the Hearst-family concerning the arrest of Patricia Campbell Hearst. In the court's second tape by Patricia it was stated that any good suggestic on the part of the Hearst empire would be hasically okay. We however, understand that Patricia wants to come home as soon as possible and that this statement have been misinterpreted as meaning that an untrue gesture of good faith and regret would be accepted by the people, and this is not the case. Therefore. at the end of that tape, statement by Patricia, I myself, by the direction of the court, stated the feelings of the court and thereby clarified the request of the people. That statement reads as follows: We wish to clarify what your daughter has said about our request for a good faith gesture on your part. The people are awaiting your gesture. You may rest assured that we are quite able to

ess the extent of your sincerity in this matter, and we will accept a sincere effort on your part. We are quite able and aware of the extent of your capabilities, as we are also aware of the needs of the people. The Hearst empire has attempted to mislead the people and to deceive them by claiming to put forth a good faith gesture of two million dollars. This amount is not at all a good faith gesture, but rather it is an act of throwing a few crumbs to the people, forcing them to fight over it amongst themselves. We have had a court hearing concerning both the actions of the enemy Hearst family and the Hearst empire as a whole and the media and the combined response of the gesture of good faith, we have chosen first to expose a sampling of the extent of the Hearst empire, which includes the Hearst Foundation, the Hearst corporation empire, and Mr. and Mrs. Mearst's personal assets. The assets of the Hearst wealth includes the following: A silver mine and thousands of acres of land in Mexico, land acreage in Hawaii, and 70,000 acres of timber land in Northern California, valued at millions of dollars, a cattle ranch near San Luis Obispo, orange groves in Florida, a duck club and rice paddies outside of "arysville, California, small land holdings and homes in Hillshorough, New York

San Picgo, each valued a well over one half million dollars. Two, personal stocks - large interests in IBM, Deatrice Foods (ph), Exon, the Sugar Bowl Corporation, and Safeway stores, United Airlines, and Hughes Airways, and huge holdings in drug companies, all his industries ... paper ... companies, lumber companies, and cattle ranches. Three, miscellaneous personal items - a collection of antique paintings, Chinese screens, and Greek vases, 24 vases, each valued at ten thousand dollars each, a collection of Oriental rugs given to him.by his personal friend; the Shah of Iran. The family has also received numerous gifts over the years. from other long time personal friends, such as Howard Hughes, The Hearst Foundation is a front for the Hearst fortune. The foundation serves the tax loophole for that The foundation conates an estimated three million dollars yearly to establish charity to maintain its legal status as a foundation. The one and one half million dollars proposed to be coming from the foundation is nothing more than a half of what that foundation is legally required to donate annually in order to maintain its foundation The assets of the Hearst Corporation have stated many times, however I will restate

them again in some specific factors. As we all know the Hearst Corporation is composed of a chain of magazines and newspapers. However, I wish to point out two specific ones, for example, Cosmopolitan Magazine profits reached of seventy eight million dollars per year; another is House Beautiful, which reached profits of three to four million dollars per The Mearst Corporation is also composed of, as mentioned before, a chain of TV stations and future film industries, also ownership of lumber companies and partnership in large stockholdings in General Motors as well as land holdings in each of the cities where his newspaper chains operate, for example, ownership of one square block in Downtown New York City, with the land alone Valued at hundreds of millions of dollars, as well as land and buildings in England, Australia and Europe. In total the Hearst empire, along with Mr. and Mrs. Hearst's personal wealth, does in fact run into the hundreds and hundreds of millions Even if Mr. Hearst was to give all of that to the people, with the personal friends left in Saudi, Iran, and Howard Hughes, he would suffer no losses, however, even if Mr. Hearst was to give all of that to the people, he could never pay the people back for the past losses

for their children and freedom, therefore the current suffering they are now under. We also wish to point out that when necessary, the enemy can adjust it laws to correspond to its interest at any given time. is in the direct interest of Mr. Hearst to comply with the demands for food, not because he minds it necessary to feed the people, but rather because he must secure and protect one of his possessions, his daughter Patricia, thus he finds a way to change the proposedly sensible laws which allows him to distribute charitable rather than ransom goods. In the same vein when the state and enemy corporations wish /aid, such countries as South Africa, the Philippines, South in securing little dictatorships Vietnam or Ireland which rob and murder the people, no existing laws are honored and notone responsible goes to prisons for the rest of their lives. This is exemplified in the Watergate scheme and the U.S. deliberate violation Offithe United Nations Sanction international embargo of Rhodesian goods. On the other hand any time the interes of the people are at hand there is an enemy law to counteract those interests and of course the people arc forced to abide by them. In understanding this we come to understand why the U.S. has more prisons and the largest numbers of laws to control the people that have ever been recorded in the history of

on this with. These laws are creded to imprison
the people and by that, protect the rich from the poor.
The plan proposed by Mr. Hearst is not at all acceptable
as a gesture of good faith in this present form. It
shall be acceptable only insofar as it totally
meets the specifications if it is the following:

- 1. That an additional four million dollars be added to the two million dollars already allotted, making a total of six million dollars to be used for the purchase of food. We recognize that at wholesale prices available to Mr. Hearst in his designated Pooples in Need charity organization, he will be able to feed all who come to receive food. We specify wholesale prices here because we do not intend for Safeway, or any other supermarket, to make a profit from feeding the poor, nor do we intend for this to be another program which subsidizes the food industry.
- 2. That this total six million dollar figure be disbursed to the Cities of San Francisco, Oakland and East Palo Alto. That an adequate number of distribution centers be made available to the various communities in these cities.

 San Francisco: Mission District, Chinatown, Hunters Point, the Western Addition. Oakland: East and West. Palo Alto:
 - 3. That all food distributed he of top quality and that all canned goods and dry goods, dry foods, he matched with

the equal amount of top quality fresh meats, dairy products and produce, and that no attempt be made to distribute garbage or crows or surplus store foods that govern commodities to the people. That \$70 be given over a one month period to each family coming to receive food, that is, by the end of one month time that a total of \$70 of food will have been given to each family. This is to be done during the first month of operation of the program. This means problems with food storage at the distribution centers, then it will be of necessity to have expansion of the number of centers, as well as the number of days and hours that the centers are open. It has always been the intentions of the SLA and the Court of the People that a substantial number of families in at least seven communities to be able to receive the amount of food during this one month period that would meet some of their needs, and in addition to show that the people get something more than a number of extended programs which could be abandoned by the Hearstat any time without the people having ever really received anything, for we have no basis on which to formulate a choice that an enemy of the people could truly extend a gesture for one year, or for any on-going process. Further, it is the decision of this court that six dollars per month for a year is of no

way as benicial as \$70 for one media.

- of identification or any addresses from any people who come to receive food. Any people who come to receive food and get it. There shall be absolutely no questionnaires, forms or any other type of program processing, which peoples coming to get food shall have to go through. And that no form of identification or verification of need, other than a simple verbal request for food shall be required.
- That members of the coalition and peoples community organization and groups he made up of not only the six exampled organizations named, but anypeoplesorganizations who wish to participate with San Francisco's Western Addition Project Area Committee, known as-WAPAC, acting as Chairman, if they so desire, and that this coalition act solely in the capacity of observers and coordinators and not negotiators between the SLA Combat Forces and MR. Hearst, to see to it that the aged and disabled receive their food, and ways to transport it, shop for it, and to see to it that no police agents in or out of uniform, are allowed to be in the areas of food distribution, or photograph or harrass the people, and that is to be the leadership of the coalition who shall see to it that the distribution centers are run in the true spirit of revolutionary correspondiives with re-libreaucratic

over so sof the hirelings in Se peoples distribution centers.

- 7. That we hereby request that the San Francisco Western Addition Project Area Committee, known as WAPAC, is hereby designated if they accept this request as Chairman of the coalition and thus hold full veto power in the actions and activities of the coalition. We request this and ask this because that organization's example in showing the people that they serve only the interests of the people and that they desire to feed the people by any means necesary, and that they did not compromise the needs of the people for the sake of the leadership positions or for the sake of their organization, rather without being requested, stepped forward to show themselves to be in the interest of the people.
- 8. That this tape and a transcript of it be published and printed in full, omiting nothing, tall forms of the media.
- 9. That the total amount of six million dollars be alloted to your designated peoples in need, or charity organization within 24 hours of receipt of this order, and that the food be available to the people within one week of receipt of this order. Should this order be rejected all further communications shall be suspended and the prisoner will be maintained according to the terms of the international codes of war concerning

prisoners of war, and will be maintained in that status until such time as the status of our captured soldiers is changed. Should any attempt be made to rescue the subject prisoner or to injure or capture our captive soldiers, Subject is to be executed immediately.

Once we see compliance of these specifications and the program well underway, then, as we have previously stated, we will begin negotiations for the release of your daughter. The Court of the People also wishes to state that we understand the position of different political organizations requested by the court to oversee the distribution of food: We understand that refusal to participate is partially due to the inherent dangers placed upon the leadership or the organization as a whole when affiliated with the SLA is stated. We also feel that it is partially due to a lack of understanding that the common enemy. well have a desire to accept reform or revisionism as which are pacifiers against true changing revolution, but for those who do see the necessity to participate in this action, and who do recognize the needs of the people, we again state that we are asking only that you function as coordinators and observers for the distribution of food, and that you are not to serve

unless clearly defined as such by writing or by
tape. In our previous communiques we called upon
all community groups, including certain specific
ones, to act as observers and coordinators.

There are basically three stances these groups can
show to the people: 1. Some stand with the people
and actively accept the responsibility of working and
fighting for the people. 2. Others don't stand at all.

3. Some stand and then slittle up next to the enemy's

power, serving the individual organization instead of ... the people. Through this we grow to understand that when an organization or groups of organizations is presented to the enemy as in this case, the enemy will attempt to only negotiate with the political leadership that is most willing to compromise the needs and interest of the people, and who have the most willingness to call for reform rather than freedom for all people. This is not to condemn these organizations or their leadership, but rather to suggest that the people work with the groups and organizations and educate them and their leaders to serve the interests of the people at all costs and at all times. We also wish to express to the people how important it is to recognize the meaning of the enemy strategy,

recognize the enemy propaganda and psycological warfare will be used throughout the struggle for freedom. You must combat enemy attempts to demoralize us for of the faith or the failure to achieve military solutions against the people's army, the enemy then has to step up its efforts in the propaganda war. Their aim is to 1. To prevent a liberation movement from getting underway.by destroying it and its source, that is, the undermining the will to fight, and 2. Where revolutionary warfare has actually begun, to conquer it by political means, that is to say by granting just asufficient political economic and social reform for the moment to encourage all but the so-called extremists to abandon the struggle and then kill off the leadership of the people, as in the period of King and Malcolm, and then reinstate as they did the oppression and murder of the then defenseless people. In studying these facts we wish to say that the collective leadership of the SLA will not, under any circumstances or any terms, compromise our position or that of the peoples! freedom, and no one should attempt to speak for us or assume that they, by word or action, can compromise any request made in behalf of the people by the SLA. On this point we wish to state that the organizations who wish to take part in feeding the people should also cry out for the thousands of children of all colors who have been murdered

Should cry out by the onemy state. They for the millions of children of all races that are starving and dying now and not just cry out for the safety of one human being who just happens to be the daughter of an enemy of the people. 'Fight and cry out in the defense of millions and save the children, and by this action you will save also the life of ones who have never seen the robbed, or knew that the riches are for life with the spoils of a robber and murderer. It is in the judgment of this court that the Hearst family and the Hearst Corporation scems to be more foolishly concerned with the identities of supposed SLA elements, rather than with admission to the people of the crimes committed against the people by the Hearst empire. an act of good faith and a true showing to the people, not to the SLA, the Hearst empire should demonstrate a change of interest, regret for its crimes against the people, and firm decision that they will no longer he a party to such actions in the future. They should also demonstrate that they are not only concerned with freeing and making a better life for Patricia, but also freeing and making a better life for all the people, however they have seemingly said by their actions that they know me, and therefore they do not have to repent for their crimes. However, to this I will say, yes, you do indeed know me, you have always known me, I'm that nigger you have hunted

and feared night and day. I'm that nigger you have killed hundreds of my people in a vain hope of finding. I'm that higger that is no longer just a hunted, robbed and murdered, I'm a nigger that hunts you now. Yes, you know me, you know us all, you know me, I'm the wetback, you know me, I'm the gook, the broad, the servant, the spick, yes indeed, you know us all, and we know you, the oppresser, murderer and robber, and you have hunted and robbed and exploited us all, now we are the hunters that will give you no rest and we'll not compromise the freedom of our children. Death to the Facist Insect that Preys Upon the Life of the People.

During the course of a telephone confirsation with Reverend CECIL WILLIAMS, Glide Memorial Church, at approximately 11:36 p.m., Reverend WILLIAMS advised that while dining at a restaurant in the Fillmore, he received a telephone call from an indivudal who declined to furnish his identity, who instructed him to go to the Public Library, where he would find a communique in the women's restroom. WILLIAMS opined that someone must have been surveilling him in order to know his whereabouts at that moment and to also know that a woman companion was with his party who would be able to enter a women's restroom. WILLIAMS advised that the above communique, which was subsequently found to be a message contained in a cassette form, was retrieved by his female companion.

WILLIAMS added that he felt that retrieval of the communiques is too risky, and he would not go out nor send any more of his people to recover them in the future.

WILLIAMS indicated that he would be available for detailed interview concerning the acquisition of the above taped communique in the early morning of February 21, 1974.

Special Agent was dispatched to the Glide Memorial Church, San Francisco, for the purpose of contacting Reverend CECIL WILLIAMS concerning the details regarding his acquisition of the taped communique from the SLA on February 20, 1974.

Upon contact, WILLIAMS advised he has been suddenly called away on business and was therefore unable to keep his appointment and interview was therefore not completed.

approximately 2 a.m. in an effort to obtain at least some of the details concerning the exact location from where the taped communication from the SLA was recovered by him on February 20, 1974.

WILLIAMS advised that the anonymous caller, who had contacted him at a local restaurant, indicated that the communication would be left in the San Francisco Public Library, Main Building, Larkin and Mc Allister Streets, and would be left in the women's restroom. WILLIAMS stated that he sent his secretary, JAN MERCANTANTE, into the women's restroom and then turned the telephone over to MERCANTANTE for further interview. Miss MERCANTANTE advised that she, on instructions from Reverend WILLIAMS, went into the women's restroom located on the Main Floor of the Main Public Library and found a package lodged under the wash basin. She stated there is only one wash basin in this restroom and added that the package was not secured by tape but was held in place by the existing hardware underneath the sink. She thereafter turned the package over to Reverend WILLIAMS.

The telephone was again turned over to WILLIAMS and he advised that in connection with the letter recovered by him at the ARCO Service Station at Castro and Market Streets,

Result of examination:

Q66, Q68 and Q70 are photocopies of the same original.

Q91 is a photocopy of Q92.

The conclusion was reached that the typewriter used to prepare Q92 was not used to prepare the typewriting on the original pages from which Q66, Q68 and Q70 were made, and was not used to prepare the questioned typewriting on other items previously submitted in this case, case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM" and the case captioned "AUGUST SEVENTH GUERILLA MOVEMENT (ASGM) EM." Also, the conclusion was reached that the typewriter or typewriters used to prepare the original pages from which Q66, Q68 and Q70 were made was not used to prepare the questioned typewriting on items previously submitted in this case, the SLA case or the ASGM case.

The typewriting on Q66, Q68 and Q70 most closely corresponds to Laboratory standards for a Ransmayer elite style of type, spaced twelve characters per horizontal inch and used on typewriters manufactured under brand names including Adler, Halda/Facit, Olympia, Royal, Triumph, R.C. Allen and Smith-Corona.

The typewriting on Q92 corresponds to Laboratory standards for a Ransmayer style of type spaced 210mm per one hundred characters and used on typewriters manufactured under brand names including Rooy, Patria, Torpedo and Remington.

A definite conclusion was not reached whether the hand printing on Q65, Q67, Q69 and Q90 was prepared by the same person or persons or was prepared by the writer or writers of the unidentified questioned hand printing on items submitted in this case, the SLA case or the ASGM case.

The cigarette butts in specimen Q71 consists of one Marlboro brand originally 85mm long and sold in a hard pack and one Kool brand originally 100mm long and sold in a soft pack.

was found in Q71; however, this hair is not suitable for comparison purposes.

The torn ends of the reinforced tape on specimens Q65, Q67, Q69 and Q90 may be of value for association with a suspect roll of tape.

Q92 bears the watermark "MILLER FALLS EZERASE COTTON CONTENT" which is registered to the Millers Falls Paper Company, Millers Falls, Massachusetts. No other watermarks, indented writing of significance or other characteristics to aid in definitely determining the source was located on other submitted items.

Open Letter to the People

We are ex-members of the Symbionese Federation. We resigned collectively from the Federation immediately after the assassination of Dr. Marcus Foster. We had intended simply to dissociate ourselves from the SLA in practice, by ceasing to work with them. Since the kidnapping of Patricia Hearst and the publication of the Declaration, however, we feel compelled to make a public statement concerning our criticisms of the SLA and our history with the Federation, because of their destructive misrepresentation of the revolutionary movement. The obvious first step is to deal with the SLA's tragic misuse of violence.

the opposite of what the SIA helicves, and practices, as recently, where they decided, separately from the rest of the Federation, to murder Foster. Violence alone cannot begin a revolutionary practice, but only the failure of that practice: useless self-sacrifice. Violence, when necessary, can support revolutionary strategy, but never originate or justify it.

By resorting to abstract violence, the SLA not only separated itself from the rest of the revolutionary movement, but became the example to avoid, the stereotype of the "mad terrorist" so indispensable to our oppressors to put us down even more with new laws and restrictions. The surest way to dictatorship is a revolutionary movement represented by provocateurs. However, we have not given and will not give information regarding our location of the location of the SLA to the authorities, for the following reasons:

- l) While we no longer consider the SLA to be a genuinely revolutionary organization, we are no friends of Randolph Hearst or the class to which he belongs, that is, the class which owns and controls the means of life -- the factories, land, schools, communications, and much of the housing -- in the United States, and throughout the world.
- 2) We are fully aware of the biased and politically repressive nature of the "justice" system which would use our past connection with the SLA to frame us for the revolutionary movement and halt our activity.
- 3) We are in hiding since the split, expecting reprisals from the SLA.

We joined the SLA separately, not knowing each other at the time, but for similar reasons, as we later discovered, namely, that we could no longer tolerate the quality and conditions of our private and public lives repressive education that was no more than an assembly line for making obedient slaves, boring and humiliating jobs, declining "standards of living", and a polluted, ugly environment. And, as far as we could see, things were getting worse. All the reforms we fought for in the '60's had failed, or been taken back, and were inadequate to start with. All of us were frustrated with the divided factions of the so-called. revolutionary left. That movement was based on guilt, on always making the revolution for somebody else, in the name of somebody else's oppression, supposedly greater than our It was dominated by egotistical leader-bureaucrats and leader-stags who cared only about their "revolutionary" They led a mass of follower-lackeys who proved their own decrepitude by tolerating and in fact creating such The confusion of anti-war groups, sexual liberation leaders. groups and national liberation groups were all presenting the image of militant opposition, but-we wanted to do more than merely talk back to the TV screen. We were looking for brothers and sisters who felt as urgently as we did that the time to seize back our lives was now. The Symbionese people we contacted were self-disciplined, serious and efficient revolutionary cadres, willing to risk anything in order to gain everything. When we joined in the first founding conference of the Symbionese Federation last June, we thought we had found a place for ourselves in a revolutionary organization that was on its way beyond the Left, old and "néw". We joined in August.

During the early stage of the writing of the original Declaration of the Symbionese Federation -- not the same one that the SLA had published in the papers -- basic contradictions had already begun to emerge among the membership. Although some of the brothers and sisters asserted that to create a positive vision of a new society required serious thinking -- a clear and comprehensive theory and strategy -- others insisted that all that was necessary was to put yourself into situations where your ass would get kicked and armed bravery would do the rest. Some of the brothers and sisters were complaining about the lack of democracy within the organization. The justification for this was always that we were in a "state of war."

 $-\frac{d\sigma}{d\sigma}$ It increasingly became apparent to us that the 3 Symbionese Federation was not fundamentally opposed to the

errors of the Left we had known, but was rather the culmination of all its defects. The process of the organization was totally top-down. The War Council made decisions in secret and the members were expected to obey orders without question, just as in a capitalist army.

Serious conflict developed over the subordination of the support units, as of all non-military activities of the organization, to the combat units: that is, the "Army" came to be seen as the chief agent of the revolution. We began to suspect that the War Council was manipulated either by some local right-wing organization or the CIA itself. The secret decision to kill Marcus Foster, and its execution, confirmed our suspicions.

The kind of revolution we've come to see as necessary Mas nothing to do with an "Army" of the type the SLA worships. The world economy is entering a depression the like of which has not been seen before. People are finding out that Poppa the capitalist and Momma the State are not going to deliver the goods anymore; no meat, no gas, and maybe no bread. If the goods are going to get delivered, it has to be us, "ordinary" working people, who deliver them to us; who take over and run the closed-down farms, bakeries, and refineries, etc., and deliver the goods to ourselves. That is the real revolution: when we take over the economy, our communities, and all of society, and run them on our own behalf. If we only look for another Mommy or Daddy to do it for us — a Fascist Party, a "Communist" Party, an SLA — we will just put ourselves back where we started, only worse off off — living under a total police state.

The irony of the SLA kidnapping is this: that the life of yet one more human being is traded for the barest necessities of survival. Patricia Hearst is being exchanged for what amounts to a temporary raise in state food stamp allotments. As revolutionaries, we are not interested in just an extension of the welfare system, whether "radically" administered or otherwise. But it is not a desire for mere revenge that led our brothers and sisters into the course of action they have chosen. Every day, all of us experience the dehumanization of being kidnapped: of having to sell our labor power -- our very life blood -- up for ransom, to a boss, in order to pay for our survival, in order to be able to work again the next day. This should dissolve once and for all the naive assumptions about human conditions, specifically with regard to who is really proletarian: should reveal the missionary nature of the SLA's slogan "our interest is to serve and defend the people". The "people"

(i.e., the proletariat) is anyone who has no power over their activities and the uses to which they are put, because they must sell them to somehody else. This does not refer to those benevolent "servants of the people" whose real wish is not the power of the proletariat but their power over the proletariat, whether they be white, black, brown, yellow or red bureaucrats. Just look at China, Russia, and Cuba. In this respect, life there is the same as here: you take orders; you work for somehody else. These countries are still capitalist, only there, the state is the capitalist!!

Once we are running things for ourselves, instead of following orders from the people who extort our time -producing what they tell us, how they tell us -- we can start to remake the world in the way we want it to be. The SLA idea of "separate, sovereign nations" is backward and bourgeois. We will have to plant production on a world-wide scale to get what we want; what people all over the world use every day already comes from all parts of the world, not justtheir own part. But it is vital that we keep control over what is planned and what is produced, and not give up this power to some new-bureaucracy. This means that we will have to organize on the basis of councils -- assemblies of all the people concerned in communities, factories, offices, farms, etc., which make all decisions which concern themselves alone, and coordinate larger decisions by sending deputies to citywide and regional councils, and finally to a world council. These deputies must not be representatives, elected on the basis of personality, to make decisions for us, but should be selected to carry decisions already made by the workers' assemblies to the city, regional, and world coordinating councils. The assemblies must be able to recall the deputy right away if he or she deviates from those decisions.

In conclusion, we want to say that the revolution will not be made by an army, no matter how well-intentioned or well-organized, any more than by a "revolutionary party". The brothers and sisters of the SLA are on the wrong road, a road that leads to sacrifice and defeat. Political power does not come primarily out of the barrel of a gun, but out of control over the means of production and out of new social relationships.

The revolution must oppose all nationalism, because national "independence" in the modern world is a myth. Instead, we stand for the interdependence of working humanity, which is already a concrete fact. The freedom we will discover in overthrowing capitalism and in running society together goes far beyond any "national freedom".

Revolution is the consolidation and creation of new social relationships, new ways of producing and living socially. The SLA believes that kidnapping and assassinating individuals is "doing something", is "practical". To remove a person from his social relationships by assassination does not necessarily change those relationships: somebody else just steps in to fill his place. "The voice of guns" alone cannot substitute for the voices of the working people speaking "the words of freedom", nor for their hands and brains in acting upon those words.

These deputies must not be representatives, elected on the basis of personality, to make decisions for us, but should be selected to carry decisions already made by the workers' assemblies to the city, regional, and world coordinating councils. The assemblies must be able to recall the deputy right away if he or she deviates from those decisions.

In conclusion, we want to say that the revolution will not be made by an army, no matter how well-intentioned or well-organized, any more than by a "revolutionary party". The brothers and sisters of the SLA are on the wrong road, a road that leads to sacrifice and defeat. Political power does not come primarily out of the barrel of a gun, but out of control over the means of production and out of new social relationships.

The revolution must oppose all nationalism, because national "independence" in the modern world is a myth. Instead, we stand for the interdependence of working humanity, which is already a concrete fact. The freedom we will discover in overthrowing capitalism and in running society together goes far beyond any "national freedom".

Revolution is the consolidation and creation of new social relationships, new ways of producing and living socially. The SLA believes that kidnapping and assassinating individuals is "doing something", is "practical". To remove a person from his social relationships by assassination does not necessarily change those relationships: somebody else just steps in to fill his place. "The voice of guns" alone cannot substitute for the voices of the working people speaking "the words of freedom", nor for their hands and brains in acting upon those words.

Memorial Church, was telephonically contacted at his office,
telephone number 771-6380, and was notified that in connection with the investigation currently being conducted by
this office concerning the kidnaping of PATRICIA HEARST,
a letter was recovered by Agents in a San Francisco telephone
booth, addressed to Reverend CECIL WILLIAMS, Glide Memorial
Church. WILLIAMS requested that this letter be opened and
read to him; and during the reading of this letter, he
interrupted stating that during this same evening, he came
into possession of an identical letter which was recovered
by "his people" at a telephone booth located in the Arco
Gas Station at Castro and Market Streets, San Francisco.

WILLIAMS suggested that an Agent be dispatched to his church, at which place he would surrender his letter.

Open Letter to the People

We are ex-members of the Symbionese Federation. We resigned collectively from the Federation immediately after the assassination of Dr. Marcus Foster. We had intended simply to dissociate ourselves from the SLA in practice, by ceasing to work with them. Since the kidnapping of Patricia Hearst and the publication of the Declaration, however, we feel compelled to make a public statement concerning our criticisms of the SLA and our history with the Federation, because of their destructive misrepresentation of the revolutionary movement. The obvious first step is to deal with the SLA's tragic misuse of violence.

the opposite of what the SIA helieves, and practices, as recently, where they decided, separately from the rest of the Federation, to murder Foster. Violence alone cannot hegin a revolutionary practice, but only the failure of that practice: useless self-sacrifice. Violence, when necessary, can support revolutionary strategy, but never originate or justify it.

By resorting to abstract violence, the SLA not only separated itself from the rest of the revolutionary movement, but became the example to avoid, the stereotype of the "mad terrorist" so indispensable to our oppressors to put us down even more with new laws and restrictions. The surest way to dictatorship is a revolutionary movement represented by provocateurs. However, we have not given and will not give information regarding our location or the location of the SLA to the authorities, for the following reasons:

- 1) While we no longer consider the SLA to be a genuinely revolutionary organization, we are no friends of Randolph Hearst or the class to which he belongs, that is, the class which owns and controls the means of life -- the factories, land, schools, communications, and much of the housing -- in the United States, and throughout the world.
- 2) We are fully aware of the biased and politically repressive nature of the "justice" system which would use our past connection with the SIA to frame us for the revolutionary movement and halt our activity.
- 3) We are in hiding since the split, expecting reprisals from the SLA.

We joined the SLA separately, not knowing each other at the time, but for similar reasons, as we later discovered, namely, that we could no longer tolerate the quality and conditions of our private and public lives -repressive education that was no more than an assembly line for making obedient slaves, boring and humiliating jobs, declining "standards of living", and a polluted, ugly environ-And, as far as we could see, things were getting worse. All the reforms we fought for in the '60's had failed, or been taken back, and were inadequate to start with. All of us were frustrated with the divided factions of the so-called revolutionary left. That movement was based on guilt, on always making the revolution for somebody else, in the name of somebody else's oppression, supposedly greater than our It was dominated by egotistical leader-bureaucrats and leader-stars who cared only about their "revolutionary" They led a mass of follower-lackeys who proved their own decrepitude by tolerating and in fact creating such leaders. The confusion of anti-war groups, sexual liberation groups and national liberation groups were all presenting the image of militant opposition, but we wanted to do more than merely talk back to the TV screen. We were looking for brothers and sisters who felt as urgently as we did that the time to seize back our lives was now. The Symbionese people we contacted were self-disciplined, serious and efficient revolutionary cadres, willing to risk anything in order to gain everything. When we joined in the first founding conference of the Symbionese Federation last June, we thought we had found a place for ourselves in a revolutionary organization that was on its way beyond the Left, old and "new". We joined in August.

During the early stage of the writing of the original Declaration of the Symbionese Federation -- not the same one that the SLA had published in the papers -- basic contradictions had already begun to emerge among the membership. Although some of the brothers and sisters asserted that to create a positive vision of a new society required serious thinking -- a clear and comprehensive theory and strategy -- others insisted that all that was necessary was to put yourself into situations where your ass would get kicked and armed bravery would do the rest. Some of the brothers and sisters were complaining about the lack of democracy within the organization. The justification for this was always that we were in a "state of war."

It increasingly became apparent to us that the Symbionese Federation was not fundamentally opposed to the

errors of the Left we had known, but was rather the culmination of all its defects. The process of the organization was totally top-down. The War Council made decisions in secret and the members were expected to obey orders without question, just as in a capitalist army.

Serious conflict developed over the subordination of the support units, as of all non-military activities of the organization, to the combat units: that is, the "Army" came to be seen as the chief agent of the revolution. We began to suspect that the War Council was manipulated either by some local right-wing organization or the CIA itself. The secret decision to kill Marcus Foster, and its execution, confirmed our suspicions.

necessary has nothing to do with an "Army" of the type the SLA worships. The world economy is entering a depression the like of which has not been seen before. People are finding out that Poppa the capitalist and Momma the State are not going to deliver the goods anymore: no meat, no gas, and maybe no bread. If the goods are going to get delivered, it has to be us, "ordinary" working people, who deliver them to us; who take over and run the closed-down farms, bakeries, and refineries, etc., and deliver the goods to ourselves. That is the real revolution: when we take over the economy, our communities, and all of society, and run them on our own behalf. If we only look for another Mommy or Daddy to do it for us -- a Fascist Party, a "Communist" Party, an SLA -- we will just put ourselves back where we started, only worse off off -- living under a total police state.

The irony of the SLA kidnapping is this: that the life of yet one more human being is traded for the barest necessities of survival. Patricia Hearst is being exchanged for what amounts to a temporary raise in state food stamp allotments. As revolutionaries, we are not interested in just an extension of the welfare system, whether "radically" administered or otherwise. But it is not a desire for mere revenge that led our brothers and sisters into the course of action they have chosen. Every day, all of us experience the dehumanization of being kidnapped: of having to sell our labor power -- our very life blood -- up for ransom, to a boss, in order to pay for our survival, in order to be able to work again the next day. This should dissolve once and for all the naive assumptions about human conditions, specifically with regard to who is really proletarian: should reveal the missionary nature of the SLA's slogan "our interest is to serve and defend the people". The "people"

(i.e., the proletariat) is anyone who has no power over their activities and the uses to which they are put, because they must sell them to somebody else. This does not refer to those benevolent "servants of the people" whose real wish is not the power of the proletariat but their power over the proletariat, whether they be white, black, brown, yellow or red bureaucrats. Just look at China, Russia, and Cuba. In this respect, life there is the same as here: you take orders; you work for somebody else. These countries are still capitalist, only there, the state is the capitalist!!

Once we are running things for ourselves, instead of following orders from the people who extort our time -producing what they tell us, how they tell us --- we can start to remake the world in the way we want it to be. idea of "separate, sovereign nations" is backward and bourgeois. We will have to plant production on a world-wide scale to get what we want; what people all over the world use every day already comes from all parts of the world, not just their own part. But it is vital that we keep control over 🔻 💆 what is planned and what is produced, and not give up this power to some new bureaucracy. This means that we will have to organize on the basis of councils -- assemblies of all the people concerned in communities, factories, offices, farms, etc., which make all decisions which concern themselves alone, and coordinate larger decisions by sending deputies to citywide and regional councils, and finally to a world council. These deputies must not be representatives, elected on the basis of personality, to make decisions for us, but should be selected to carry decisions already made by the workers' assemblies to the city, regional, and world coordinating councils. The assemblies must be able to recall the deputy right away if he or she deviates from those decisions.

In conclusion, we want to say that the revolution will not be made by an army, no matter how well-intentioned or well-organized, any more than by a "revolutionary party". The brothers and sisters of the SLA are on the wrong road, a road that leads to sacrifice and defeat. Political power does not come primarily out of the harrel of a gun, but out of control over the means of production and out of new social relationships.

The revolution must oppose all nationalism, because national "independence" in the modern world is a myth. The freedom we will discover in overthrowing capitalism and in running society together goes far beyond any "national freedom".

The press coverage of our OPEN LETTER TO THE PEON yesterday was, with a single exception, that of TV and Radio Station KQED, a total distortion of our message. It appears that it is necessary to kidnap a wealthy individual in order to get a fair hearing. The experience of the last day has taught us again with sharp new clarity the extent to which the American people are systematically mis-informed day in and day out by the ruling class-owned media. The established media seem to be truth-proof; they filter every item of news through their own ideology and a mis-guided sense of "newsworthiness", so that even our message, through selection, omission, and distortion (both intended and by habit), was made to represent us as pacifists, anarcho-syndicalists and/or anti-Marxists, and in general as anything but we are.

We are <u>not</u> pacifists, but we are not violentists either. We are <u>not</u> "anarchosyndicalists" or "anarchists" -- our theory originates in Marx (NOT in Lenin, Stalin,
Mao, etc.), and in the outbreaks of revolutionary practice by the proletariat
throughout the last one-hundred years, such as the Paris Commune of 1871, and the
Hungarian revolution of 1956, in all of which forms of workers' councils were created.

If the American and world public is ever to know what really happened and why it happened, concerning the Foster assassination and the Hearst kidnaping so that they can judge for themselves instead of receiving pre-digested messages, our original statement will have to be made public, both uncut and with the present addition included, by the following media that distorted it yesterday:

A cursory review of the interior of the house at this address indicated that some personal property, such as clothes, books and suitcases were still in rooms at this address. Located in the living room was a brown paper bag, grocery-store type, which was approximately half full of ashes charred from what appeared to be sheets of paper. Taken from this brown bag was two typed pages, which began "During the last 8 or 9 months many black activists have been arrested or murdered by Government agencies which have claimed they were fighting the Black Liberation Army (B.L.A.)---."

Located in the fireplace in the living room were two 8X11" lined white sheets of paper which were crumpled together and un-burned, which bears handwriting in blue ink.

Located in a pile of trash at the right side of the dining room, approximately 6'X 6' in area, were the following items:

- 1) An 8X11" white sheet of paper, lined, bearing names, addresses and telephone numbers, handwritten in blue ink, containing approximately 34 names and/or telephone numbers.

N.". On the back of this box was black notation of what appears to be Serial Number "B67827".

Observed in the closet of the front upstairs room was one empty box for shotgun shells labeled "Western Super X 00 Size Shot". On the floor of this closet was a gray metal file box containing 5X8" size white cards, lined, which were handwritten, and from a cursory review of these cards, it appears these cards are a file index relating to among other subject labels, "Community Control of Schools."

Observed in the loft area of the left side of the upstairs attic, was a suitcase labeled ALICIA ENGLANDER" full of paperback books; a cardboard carton, 24X24", full of "Venceremos" newspapers; cardboard carton approximately 24X24X12" full of what appeared to be college-type text books and typed note papers relating to college-type text.

At the rear of the house was a trash area with three 30 gallon garbage cans overflowing to about twice their capacity in a refuse pile.

SF 7-855 TVF/1b

Noted on the front door were two handwritten notes

which stated basically as follows:
TO ESTHER (LNU) & CHERR (LNU) FROM LINOA "To ESTHER (LNU) and CHERRY (LNU) from LINDA; setting out that she is available at telephone number 7108. A second note was to the occupant saying, "Thanks for letting me know that your phone is disconnected and of your new address. If you want to pay for the last three weeks, call me at 3504: Signed OHN (LNU) JOHN (LNU)"

The premises were left in a locked condition and vacated at 10:35 a.m. February 18, 1974.

The typewriting on Q80 and the typewriting on Qc12 and Qc15, previously submitted in case captioned "AUGUST SEVENTH GUERILLA MOVEMENT (ASCM) EM" is similar in style to Laboratory standards for a Setag or Ransmayer style of type spaced 260 millim per one hundred characters. However, due to the lack of sufficient individual identifying characteristics, a definite conclusion was not reached whether these items were prepared by the same typowriter. No typewriting on other items previously submitted in this case, the ASGM case or the case captioned "SYMBIONESE LIBERATION ARMY (SLA) EM" were found to correspond to this style of type.

082 and 083 were prepared using an offset printing process. The typewriting on the original documents from which 082 and 083 were made correspond to Laboratory standards for a Royal pica style of type spaced ten characters per homizontal inch. The typewriter used in preparing the originals from which 082 and 083 were prepared was not used to prepare the typewriting on other items submitted in this case, the ASGM case of the SLA case.

Due to the presence of unexplained variations and the lack of sufficiently comparable writing, a definite conclusion was not reached whether the writing on Q76, Q77 and Q78 was prepared by any of the writers of other items previously submitted in this case.

Cassette (DANNY BOY) Received by KPFA, 2/20/74 Q84, Q85

Pete February 20, 1974

At approximately 7:40 p.m., ANDOLPH HEARST on telephone number 343-0011. He stated he had a tape which KPFA had received in the mail. This tape was postmarked New York and the voice on it was a Negro male, possibly of Jamaican ancestry. Mr. HEARST thereafter requested that ACCOSEPHSON play the tape over the telephone so that he could listen to it. 365EPHSON played the tape and following is a partial excerption from the tape:

On February 16, 1974, an individual who identified himself as an assistant to Field Marshal CINQUE stated he had a communication and orders for Mr. HEARST. He stated Mr. HEARST should go to New York City by either United or Braniff Airlines and arrive there on February 27, 1974. Mr. HEARST was thereafte instructed to check into the Commodore Hotel in New York City. He was next instructed to go to a Radio Shack and purchase a Tumica (phonetic) FM transistor ban radio and set it on channel 146.41.

At 8:30 p.m. on February 27, 1974, Mr. HEARST was to go to a heliport in New York City and rent a helicopter and also a pilot. At exactly 8:45 p.m. he is to get into the helicopter with the pilot and no one else and fly toward Grand Ami (phonetic) and Prospect in Brooklyn. He was to them switch the radio on to 146.41 and use the code name "ROGUZ" and to call the ground station which would use the code name "DANNY BOY". Mr. HEARST is to call "ROGUE to DANNY BOY" two times and then expect an answer from the ground station. The ground station will direct the helicopter pilot to go towards his headquarters. The individual then stated this was the last warning Mr. HEARST would get and that if he did not obey the instructions, he would sent PATRICIA's body C.O.D. to him. He also stated the helicopter would land in a safe place and be inspects Symbionese Liberation Army (SLA) members. One of the SLA pilots would then fly Mr. HEARST to headquarters to see the SLA superiors.

> Oakland, California Public Library Chargeout Slips Q88, Q89

5y 7-855 GLP/sad

A review of property obtained by the Oakland, California, Police Department after issuance of a search warrant at 1560 Sutherland Court, Concord, California, (location of Symbionese Liberation Army Headquarters) reveals that contained therein were two publications entitled "California International Business Directory" and "Directory of American Firms Operating in Foreign Countries".

A review of these publications reveals that a study had been made of the names of individuals and companies appearing in these books and in the book entitled "California International Business Directory" prominent individuals names residing in California were underlined. No further action appeared to have been taken against these individuals by the Symbionese Liberation Army.

In the second publication entitled "Directory of American Firms Operating in Foreign Countries", it appears that the Symbionese Liberation Army was concerned with certain countries, such as South Africa, Portugal, Chile, Brazil, etc. and underlined names of companies having operations in existence in these particular countries. No additional notations were written beside these companies underlined and/or circled.

It should be noted that in connection with above-described books that these books are considered reference books by the Oakland Public Library and are appropriately marked "bibrary Reference Books - For Library Use Only". This statement indicates that these books are not books available for charge-out.

At 8:30 p.m. on February 8, 1974, an anonymous telephone call was received at the Berkeley, California, Resident Agency.

The person advised that there are two librarians at the Berkeley Library, 125 - 14th Street, Oakland, California, in the Reference Department who have information concerning this matter.

The unknown caller advised that two librarians had identified the Symbionese Liberation Army (SLA) members arrested in the murder of Dr. MARCUS FOSTER at Oakland, California, as identical with persons who checked out two books at the Berkeley Library. The names of the books are Directory of American Firms, Operating in Foreign Countries and The California International Business Directory.

These books were checked out on September 26, 1973, and attempts to retrieve them revealed that the information furnished by the borrowers was fictitious.

The caller advised that when the SLA members were arrested, their pictures appeared in the newspaper and the librarians identified the persons arrested as some of the people involved with borrowing these books.

The caller adviced that has the charge-out slips and these slips have the borrowers as:

NANCY LING PERRY, whose purported writing is described above, handwriting similarities were observed which indicate PERRY may have prepared the following described items:

The questioned writing on the manila envelopes designated Q45, Q48 and Q63 in the captioned kidnaping case.

Due to the lack of sufficiently comparable writing and the presence of unexplained variations, a definite conclusion was not reached whether the remaining unidentified questioned writing on items submitted in the Symbionese Liberation Army case and the captioned kidnaping case was prepared by PATRICIA MICHELLE SOLTYSIK, NANCY LING PERRY, or by EMILY HARRIS, whose purported writing is described as K8 in the kidnaping case.

The conclusion was reached that the typewriter used to prepare K9, described above, was not used to prepare any of the questioned typewriting on items submitted in the captioned cases.

REGARDING INTERVIEW OF WHO WERE
OBSERVED AT CAMILLA HALL'S OLD ADDRESS, 1353 FRANCISCO, THESE
INDIVIDUALS WERE REINTERVIEWED TODAY AND POSITIVELY IDENTIFIED
CAMILLA HALL AS THEIR FRIEND AND IDENTIFIED

AND
AS FRIENDS OF HALL. THEY ALSO CONFIRMED THAT
HALL LEFT HER RESIDENCE ON FRANCISCO STREET ON FEBRUARY 20,
1974 FOR THE PENINSULA AREA.

REGARDING THE CHECK OF THE MEDICAL RECORDS FOR CAMILLA

HE HAS BEEN LOCATED AND INTERVIEWED AND STATED THAT CAMILLA
HALL WAS UNDER HIS OBSERVATION DECEMBER 10 AND DECEMBER 24,
1973 FOR A URINARY TRACT INFECTION AND HE HAS NOT HEARD FROM
HER OR SEEN HER SINCE THAT TIME. SHOULD SHE RETURN, HE WILL
IMMEDIATELY ADVISE THIS OFFICE.

OUR BOSTON OFFICE TODAY INTERVIEWED A FORMER ASSOCIATE

PERTINENT INFORMATION. IT SHOULD BE NOTED THAT THESE INDIVIDUALS

ARE RESIDING IN AND CONSIDERATION WILL BE GIVEN TO

INTERVIEWING THEM AT A LATER DATE IF SUCH INTERVIEWS ARE DEEMED

ESSENTIAL.

A SURVEY IS PRESENTLY BEING CONDUCTED TO DETERMINE THE MOST LOGICAL WAY TO CONTACT PRESENTLY OPENED CAMP SITES FOR INFORMATION CONCERNING CAMILLA HALL AND HER BUG.

WE ARE ADVISED THAT IN THE 1974 EDITION WOODAL'S, WHICH LISTS CAMP SITES, REFLECTS THAT THERE ARE 1,018 CAMP SITES IN CALIFORNIA AND 561 CAMP SITES IN OREGON. AT THIS TIME, WE ARE UNAWARE WHETHER THIS IS A PARTIAL OR COMPLETE LISTING OF CAMP SITES AND WHETHER OR NOT THIS INCLUDES THE STATE DEPARTMENT OF PARKS AND NATIONAL PARKS, HOWEVER, WE ARE INVESTIGATING THIS MATTER AND WILL MAKE A DETERMINATION AS TO THE FEASIBILITY OF CONTACTING THESE CAMP SITES.
